PRODUCTION SHARING CONTRACT

between

THE REPUBLIC OF LIBERIA

and

THE NATIONAL OIL COMPANY OF LIBERIA

and

REGAL LIBERIA LIMITED

and

EUROPEAN HYDROCARBONS LIMITED

BLOCK 8
AN ACT RATIFYING THE PRODUCTION SHARING CONTRACT WITH ADDENDA FOR OFFSHORE LIBERIA BLOCKS LB- 8 & 9 SIGNED BETWEEN THE REPUBLIC OF LIBERIA REPRESENTED BY THE NATIONAL OIL COMPANY OF LIBERIA (NOCAL) AND REGAL LIBERIA LIMITED AND EUROPEAN HYDROCARBONS, LIMITED.

It is enacted by the Senate and House of Representatives of the Republic of Liberia in Legislature assembled:

SECTION I: That from and immediately after the passage of this Act, “AN ACT RATIFYING THE PRODUCTION SHARING CONTRACT WITH ADDENDA FOR OFFSHORE LIBERIA BLOCKS LB- 8 & 9 SIGNED BETWEEN THE REPUBLIC OF LIBERIA REPRESENTED BY THE NATIONAL OIL COMPANY OF LIBERIA (NOCAL) AND REGAL LIBERIA LIMITED AND EUROPEAN HYDROCARBONS, LIMITED”, as herein recited below word for word in the equally authentic English Version be, and the same is hereby ratified.

SECTION II: SHORT TITLE: This Act Ratifying the Production Sharing Contract with Addenda for Blocks LB- 8 & 9 signed between The Republic Of Liberia Represented By The National Oil Company Of Liberia (NOCAL) And Regal Liberia Limited And European Hydrocarbons, Limited may also be officially cited as the PRODUCTION SHARING CONTRACT ACT OF LIBERIA AND REGAL LIBERIA LIMITED AND EUROPEAN HYDROCARBONS, LIMITED.

SECTION III: That any and all obligations, covenants, terms and conditions as contained in the above mentioned Production Sharing Contract shall be carried to full completion unless otherwise modified, amended or repealed.

SECTION IV: This Act shall take effect immediately upon the publication into handbill.

ANY LAW TO THE CONTRARY NOTWITHSTANDING.
ATTESTATION TO:

"AN ACT RATIFYING THE PRODUCTION SHARING CONTRACT WITH ADDENDA FOR OFFSHORE LIBERIA BLOCKS LB-8 & 9 SIGNED BETWEEN THE REPUBLIC OF LIBERIA REPRESENTED BY THE NATIONAL OIL COMPANY OF LIBERIA (NOCAL) AND REGAL LIBERIA LIMITED."

VICE PRESIDENT OF THE REPUBLIC OF LIBERIA/ PRESIDENT OF THE SENATE

SECRETARY, LIBERIAN SENATE, R.L.

SPEAKER, HOUSE OF REPRESENTATIVES, R.L.

CHIEF CLERK, HOUSE OF REPRESENTATIVES, R.L.

PRODUCTION SHARING CONTRACT

BETWEEN

THE REPUBLIC OF LIBERIA, (hereinafter "STATE") represented for the purposes of this Contract by NOCAL (as hereinafter defined);

and

THE NATIONAL OIL COMPANY OF LIBERIA, (hereinafter "NOCAL"), a company incorporated under the Laws of Liberia;

and

REGAL LIBERIA LIMITED, a company incorporated under the laws of England and Wales (Company Number 5434246) having its registered office at 11 Berkeley Street, London W1J 8DS (hereinafter "RLL");

and

EUROPEAN HYDROCARBONS LIMITED, a company incorporated under the laws of England and Wales (Company Number 4819033) having its registered office at 11 Berkeley Street, London W1J 8DS (hereinafter "EHL")

RLL and EHL being hereinafter referred to collectively as "Contractor"

WHEREAS

- the discovery and exploitation of Petroleum are important for the interest and the economic development of the country and its people;
• NOCAL wishes to undertake operations for exploration, exploitation, transportation, storage, processing and marketing of Petroleum;

• NOCAL has the mining rights in respect of Petroleum exploration and exploitation over the entirety of available areas in Liberia including the Delimited Area defined hereinafter;

• NOCAL wishes to promote the development of the Delimited Area, and the Contractor wishes to cooperate with NOCAL by assisting it in the exploration for and production of the potential resources within the Delimited Area, and thereby encouraging the economic growth of the country;

• the Contractor represents that it has the financial resources, the technical competence and the organizational capacity necessary to carry out in the Delimited Area the Petroleum Operations specified hereinafter.

NOW, THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:
ARTICLE I
DEFINITIONS

The following terms used in this Contract shall have the following meaning:

1.1. AFFILIATED COMPANY means:

- a company or any other entity which directly or indirectly controls or is controlled by any entity constituting the Contractor; or

- a company or any other entity which directly or indirectly is controlled by a company or entity which itself directly or indirectly controls any entity constituting the Contractor.

Such "control" means direct or indirect ownership by a company or any other entity of more than fifty percent (50%) of the shares, conferring voting rights, forming the stock of another company.

1.2. ANNUAL WORK PROGRAM means the document describing, item by item, the Petroleum Operations to be carried out during a Calendar Year within the Delimited Area and in each Exploitation Perimeter, if any, established in accordance with the Contract.

1.3. APPRAISAL PERIMETER means any part of the Delimited Area where one or more Petroleum discoveries have been made, and in respect of which NOCAL has granted to the Contractor an exclusive appraisal authorization for the purpose of appraising the extent of said discoveries.

1.4. ASSOCIATED NATURAL GAS means Natural Gas which exists in a reservoir in solution with Crude Oil which is or could be produced in association with Crude Oil.

1.5. BARREL means U.S. barrel, i.e., 42 U.S. gallons measured at a temperature of 60°F and under an atmospheric pressure of 1.01325 bars.

1.6. BUDGET means the itemized cost estimates of the Petroleum Operations described in an Annual Work Program.

1.7. CALENDAR YEAR means a period of twelve (12) consecutive months beginning on January first (1st) and ending on the following December thirty-first (31st), according to the Gregorian Calendar.
1.8. CONTRACT means this production sharing contract and its appendices forming an integral part hereto, together with any extension, renewal, replacement or modification hereto which may be mutually agreed between the Parties.

1.9. CONTRACT YEAR means a period of twelve (12) consecutive months beginning on the Effective Date or on the anniversary thereof.

1.10. CONTRACTOR means, collectively, RLL and EHL or any of their successors or permitted assignees.

1.11. CRUDE OIL means crude mineral oil, asphalt, ozokerite, and all kinds of petroleum and bitumen, either solid or liquid in their natural condition or obtained from Natural Gas by condensation or extraction, including condensates and Natural Gas liquids.

1.12. DELIMITED AREA means the area in respect of which NOCAL under this Contract, grants to the Contractor an exclusive exploration right.

The areas surrendered by the Contractor in accordance with the provisions of Articles 3.5 and 3.6 shall be deemed as excluded from the Delimited Area which shall be reduced accordingly. Conversely, the Exploitation Perimeter(s) shall be an integral part of the Delimited Area during the term of the relevant exclusive exploitation authorization.

1.13. DELIVERY POINT means the F.O.B. point connecting the loading facilities to the vessel then loading Crude Oil in the Republic of Liberia or any other transfer point mutually agreed between the Parties.

1.15. EFFECTIVE DATE means the date on which this Contract comes into force and effect, as defined in Article 38.

1.16. EXPLOITATION PERIMETER means any part of the Delimited Area in respect of which NOCAL has granted to the Contractor an exclusive exploitation authorization.

1.17. FIELD means a commercial accumulation of Petroleum in one or several overlaying horizons, which has been appraised in accordance with the provisions of Article 11.

1.18. FISCAL YEAR means a period of twelve (12) consecutive months beginning on January first (1st) and ending on the following December thirty-first (31st).

1.19. GOVERNMENTAL AUTHORITY means the government of the Republic of Liberia and any political or other subdivision of the Republic of Liberia, including NOCAL, any national or local government, or other representative, agency or authority, which has the authority to govern, legislate, regulate, levy or collect taxes or duties, grant licenses and permits, approve or otherwise impact (whether financially or otherwise), directly or
indirectly, any of NOCAL’s and/or Contractor’s rights, obligations or activities under this Contract.

1.20. **NATURAL GAS** means methane, ethane, propane, butane and dry or wet gaseous hydrocarbons, whether or not associated with Crude Oil, as well as all gaseous products extracted in association with Petroleum, such as, without limitation, nitrogen, hydrogen sulfide, carbon dioxide, helium and water vapour.

1.21. **NON-ASSOCIATED NATURAL GAS** means Natural Gas other than Associated Natural Gas.

1.22. **PARTIES** means the STATE, NOCAL and the Contractor; and **PARTY** means either the STATE, NOCAL or the Contractor.

1.23. **PETROLEUM** means Crude Oil and Natural Gas.

1.24. **PETROLEUM COSTS** means all expenditures actually incurred and paid by the Contractor for the purposes of the Petroleum Operations under this Contract, and determined in accordance with the Accounting Procedure attached hereto as Appendix 2.

1.25. **PETROLEUM OPERATIONS** means all the Petroleum exploration, appraisal, development, production, transportation and marketing operations, and more generally, any other operations directly associated therewith, carried out under this Contract.

1.26. **THIRD PARTY** means a company or any other entity, other than the Contractor, which does not come within the foregoing definition.

1.27. **TOTAL PRODUCTION** means the total production of Crude Oil or the total production of Natural Gas obtained from the whole Delimited Area less the quantities used for the requirements of the Petroleum Operations and any unavoidable losses.
ARTICLE 2

SCOPE OF THE CONTRACT AND PARTICIPATING INTERESTS

2.1. This Contract is a Production Sharing Contract and includes all the provisions of the agreement between NOCAL and the Contractor.

2.2. NOCAL authorizes the Contractor to be the operator pursuant to the terms set forth herein and to carry out the necessary Petroleum Operations in and with respect to the Delimited Area, on an exclusive basis.

2.3. The Contractor undertakes, for all the work necessary for carrying out the Petroleum Operations provided for hereunder, to comply with good international petroleum industry practice and to be subject to the laws and regulations in force in Liberia unless otherwise provided under this Contract.

2.4. The Contractor shall supply all financial and technical means necessary for the proper performance of the Petroleum Operations.

2.5. The Contractor shall bear alone the financial risk associated with the performance of the Petroleum Operations. The Petroleum Costs related thereto shall be recoverable by the Contractor in accordance with the provisions of Article 16.2.

2.6. During the term hereof, in the event of production, the Total Production arising from the Petroleum Operations shall be shared between the Parties according to the terms set forth in Articles 16.2 and 16.3.

2.7. On the Effective Date, the Delimited Area shall be the area as defined in Appendix 1.

2.8. The Contractor shall furnish NOCAL with all reports, information and data referred to hereunder, including without limitation any agreement binding on the entities constituting the Contractor.

2.9. Subject to the provisions of Article 33, the rights and obligations under this Contract of the Contractor shall be held in the following respective percentage participating interests as of the date this Contract is executed:

| RLL | 25% |
| EHL | 75% |
ARTICLE 3

DURATION OF EXPLORATION PERIODS AND SURRENDERS

3.1. The exclusive exploration authorization is hereby granted to the Contractor for a first period of four (4) Contract Years in respect of the entire Delimited Area.

3.2. If during the first exploration period set forth above the Contractor has fulfilled the exploration work commitments defined in Article 4, as reasonably ascertained by NOCAL, the exclusive exploration authorization shall, at the Contractor’s request, be renewed for a second exploration period of three (3) Contract Years.

3.3. If, at the end of such second exploration period and provided that it has fulfilled its work commitments as set forth above, the Contractor so requests, a third exploration period shall be authorized for three (3) Contract Years.

3.4. The applications referred to in Articles 3.2 and 3.3 shall be made at least sixty (60) days prior to the expiration of the current exploration period.

3.5. The Contractor shall surrender at least the following surfaces:

(a) twenty-five percent (25%) of the initial surface of the Delimited Area at the expiration of the first exploration period.

(b) twenty-five percent (25%) of the initial surface of the Delimited Area at the expiration of the second exploration period.

Such surrenders shall be constituted of one block of a simple geometrical shape delimited by north-south, east-west lines or by natural boundaries of the area concerned.

For the purpose of computing the surface to be surrendered, the surface in respect of any Exploitation Perimeter shall be deducted from the initial surface of the Delimited Area.

The surfaces previously surrendered pursuant to the provisions of Article 3.6 shall be deducted from the surfaces to be surrendered.

Subject to its compliance with the above-mentioned requirements, the Contractor shall have the right to determine the area to be surrendered.

The Contractor undertakes to furnish NOCAL with a precise description and a map showing the details of the surrendered areas and those retained, together with a report.
specifying the work carried out in the surrendered areas from the Effective Date and the results obtained.

3.6. During any exploration period, the Contractor may, at any time, notify NOCAL that it surrenders the rights granted to it with respect to the whole or any part of the Delimited Area by giving sixty (60) days' notice to that effect.

No surrender during or at the expiration of any exploration period shall reduce the work commitments and the investment obligations set forth in Article 4 for the current exploration period.

In the event of surrender, the Contractor shall have the exclusive right to retain, for their respective term, the surfaces in respect of Appraisal Perimeters and Exploitation Perimeters which would have been granted and to carry out the Petroleum Operations therein.

3.7. At the expiration of the third exploration period set forth in Article 3.3, the Contractor shall surrender the whole remaining surface of the Delimited Area except as to any Appraisal Perimeters and Exploitation Perimeters which would have then been granted.

3.8. If at the expiration of all the exploration periods the Contractor has not obtained an exclusive appraisal authorization or an exclusive exploitation authorization, this Contract shall terminate.

3.9. The termination of this Contract, whatever the reason thereof, shall not relieve the Contractor of any obligations under this Contract incurred prior to, or arising from, said termination and which remain to be fulfilled.
ARTICLE 4

EXPLORATION WORK COMMITMENTS

4.1. The Contractor shall commence the geological and seismic work within three months from the Effective Date.

4.2. The Contractor, during the first exploration period defined in Article 3.1, shall carry out the following minimum work:

shoot, process and interpret one thousand five hundred (1500) square kilometers of seismic survey.

4.3. The Contractor, during the second exploration period defined in Article 3.2, shall carry out the following minimum work:

drill one (1) exploratory well.

4.4. The Contractor, during the third exploration period defined in Article 3.3, shall carry out the following minimum work:

drill one (1) exploratory well.

4.5. Each of the exploratory wells referred to above shall be drilled to a minimum depth of 1000 meters, after deduction of the water depth, or to a lesser depth if the continuation of drilling performed in accordance with good international petroleum industry practice is prevented for any of the following reasons:

(a) the basement is encountered at a lesser depth than the minimum contractual depth;

(b) continuation of drilling presents an obvious danger due to the existence of abnormal formation pressure;

(c) rock formations are encountered the hardness of which prevents, in practice, the continuation of drilling by the use of appropriate equipment;

(d) petroleum formations are encountered the crossing of which requires, for their protection, the laying of casings preventing the minimum contractual depth from being reached.

In the event that any of the above reasons occurs, the exploratory well shall be deemed to have been drilled to the minimum contractual depth.
Notwithstanding any provision in this Article to the contrary, NOCAL and the Contractor may, at any time, agree to abandon the drilling of a well at a lesser depth than the minimum contractual depth.

4.6. In order to carry out the exploration work defined in Articles 4.2 to 4.4 in the best technical conditions in accordance with good international petroleum industry practice, the Contractor undertakes to spend the following minimum amounts.

(a) Four million five hundred thousand Dollars ($4,500,000) during the first exploration period defined in Article 3.1;

(b) Fifteen million Dollars ($15,000,000) during the second exploration period defined in Article 3.2;

(c) Fifteen million Dollars ($15,000,000) during the third exploration period defined in Article 3.3.

If during the exploration period the Contractor has performed its work commitments for an amount lesser than the amount specified above, it shall be deemed to have fulfilled its investment obligations relating to that period. Conversely, the Contractor shall perform the entirety of its work commitments set forth in respect of an exploration period even if it results in exceeding the amount specified above for that period.

4.7. If at the expiration of any of the three (3) exploration periods defined in Articles 3.1, 3.2 and 3.3 or upon the date of surrender of the whole Delimited Area, or upon the date of termination of this Contract, the Contractor has not fulfilled its work commitments set forth in this Article, it shall pay as compensation to NOCAL, within thirty (30) days after that date of expiration, surrender or termination, the unspent balance of exploration work commitments above-defined for the current exploration period.
ARTICLE 5

ESTABLISHMENT AND APPROVAL OF
ANNUAL WORK PROGRAM AND BUDGETS

5.1. At least three (3) months before the beginning of each Calendar Year, or for the first year, within two (2) months from the Effective Date, the Contractor shall prepare and submit for approval to NOCAL an Annual Work Program together with the related Budget for the entire Delimited Area, specifying the Petroleum Operations that the Contractor proposes to perform during that Calendar Year and their cost.

5.2. If NOCAL wishes to propose any revisions or modifications to the Petroleum Operations specified in said Annual Work Program, it shall, within thirty (30) days after receipt of that Program, so notify the Contractor, presenting all justifications deemed useful. In that event, NOCAL and the Contractor shall meet as soon as possible to consider the proposed revisions or modifications and to mutually establish the Annual Work Program and the related Budget in its final form, in accordance with good international petroleum industry practice. However, during the Exploration Period, the Annual Work Program and the related Budget established by the Contractor after the above mentioned meeting shall be deemed to be approved provided that they comply with the obligations set forth in Article 4 and provided that any increase in expenditure is mutually agreed by NOCAL and the Contractor in the forum of a Joint Operations Committee according to the terms of Article 5.5.

Each part of the Annual Work Program and Budget in respect of which NOCAL has not proposed any revision or modification within the period of thirty (30) days above-mentioned, shall be carried out by the Contractor within the stated time.

Should NOCAL fail to notify the Contractor of its wish for revision or modification within the period of thirty (30) days above-mentioned, such Annual Work Program and the related Budget submitted by the Contractor shall be deemed to be approved by NOCAL.

5.3. It is agreed by NOCAL and the Contractor that the Contractor may acquire knowledge as and when the work is implemented, or certain events may justify changes to the details of the Annual Work Program. In that event, after notification to NOCAL, the Contractor may make such changes provided that the basic objectives of said Annual Work Program are not modified.

5.4. Notwithstanding any provision of this Contract to the contrary, in the case of an accident or other emergency (or anticipated emergency), Contractor shall take all measures reasonably considered necessary by Contractor for the protection of life, health, the environment and property, following which a report of such accident or other emergency (or anticipated emergency) shall be submitted to NOCAL. The costs of taking such measures shall be reviewed by NOCAL in accordance with Article 5.5 and subject to NOCAL’s approval, shall be included as an approved addition to the then
current Budget and shall be deemed to be Petroleum Costs subject to cost recovery under this Contract.

5.5. Whenever NOCAL is required to exercise its discretion or its approval is required under this Contract, it shall exercise its discretion or grant its approval on the basis of the efficient and economic conduct of Petroleum Operations in respect of the Delimited Area and in accordance with good international industry practice.

5.6 At the commencement of the first exploration period, NOCAL and the Contractor shall form a joint operations committee (hereinafter “JOC”) comprising not more that three (3) members appointed by NOCAL and not more than three (3) members appointed by the Contractor. The purpose of the JOC will be to review present and future Petroleum Operations and report jointly to NOCAL and the Contractor.

The JOC shall meet twice every calendar year or otherwise, as the members shall agree. No meeting of the JOC shall be held unless two (2) members appointed by each of the Contractor and NOCAL are present.

The Contractor shall appoint the first chairman of the JOC who shall hold office until the second anniversary of the Effective Date. Thereafter, NOCAL and the Contractor shall have an alternating right to appoint the chairman of the JOC, who shall hold office for two (2) years.

All costs of the meeting of the JOC outside Liberia shall be borne by the Contractor. Members of the JOC shall be entitled to attendance fees (payable by the Contractor) in an amount to be approved by NOCAL and the Contractor for attendance in person at meetings of the JOC. All such costs and attendance fees shall be recoverable as Petroleum Costs.
ARTICLE 6

CONTRACTOR’S OBLIGATIONS IN RESPECT OF THE EXPLORATION PERIODS

6.1. The Contractor shall provide all the necessary funds and purchase or hire all the equipment, facilities and materials required to carry out the Petroleum Operations.

6.2. The Contractor shall provide all technical assistance, including the personnel required to carry out the Petroleum Operations.

6.3. The Contractor shall be responsible for the preparation and performance of the Annual Work Programs which shall be carried out in the most appropriate manner in observance of good international petroleum industry practice.

6.4. The Contractor undertakes to take all the reasonable and practical steps to:

(a) ensure the protection of water-bearing strata encountered during its work;

(b) carry out the tests necessary for determining the value of any show encountered during drilling and the exploitability of any possible Petroleum discoveries;

(c) avoid losses and discharges of Petroleum produced as well as losses and discharges of mud or any other product used in the Petroleum Operations;

(d) submit to NOCAL an Environmental Impact Statement (EIS) prior to the commencement of Petroleum Operations;

(e) take reasonable preventative and restorative measures to protect from pollution contamination or damage resulting from Petroleum Operations, and that any pollution, contamination and damage of such water bodies and land surface hereunder be rectified provided that Contractor shall not be responsible and shall bear no cost, expense or liability for claims, damages or losses arising out of or related to any environmental pollution or other environmental damage, condition or problems which it did not cause, including but not limited to those in existence prior to the Effective Date and NOCAL shall indemnify and hold harmless Contractor, its contractors, agents and subcontractors and its and their consultants, agents, employees, officers and directors from any and all costs, expenses and liabilities relating thereto.

6.5. All works and facilities erected by the Contractor hereunder shall, according to their nature and to the circumstances, be built, placed, signalled, marked, fitted and preserved so as to allow at any time and in safety free passage to navigation within the Delimited Area, and without prejudice to the foregoing, the Contractor shall, in order to
facilitate navigation, install the sound and optical devices approved or required by the competent authorities and maintain them in a manner satisfactory to said authorities.

6.6. In the exercise of its rights to build, carry out work and maintain all facilities necessary for the purposes hereof, the Contractor shall not disturb any existing graveyard or building used for religious purposes, nor cause a nuisance to any government or public building, except with the prior consent of NOCAL, and shall make good the damage caused by it in that event.

6.7. In its conduct of Petroleum Operations, the Contractor undertakes to take all necessary precautions to prevent marine pollution.
In order to prevent pollution, NOCAL and Contractor agree that the Contractor shall observe all existing international environmental protocols, regulations and rules as may be applicable to prevent pollution and preserve the environment. NOCAL and the Contractor shall meet and consider any measure which may be necessary to preserve the environment.

6.8. The Contractor and its subcontractors shall be obligated to give preference to enterprises and goods from Liberia, if conditions of price, quality, delivery time and terms of payment are similar.
ARTICLE 7

CONTRACTOR'S RIGHTS IN RESPECT OF THE EXPLORATION PERIODS

7.1. Without prejudice to the provisions hereof, the Contractor shall have the exclusive right to carry out the Petroleum Operations within the Delimited Area. Such right includes, inter alia;

(a) full responsibility for, management of and control over all the Petroleum Operations;

(b) authority to exercise any of the rights conferred hereby through Affiliated Companies, agents and independent contractors, and to pay accordingly any of their expenses and costs in the place and in the currency chosen by the Contractor.

7.2. The Contractor shall have the right to clear the ground, dig, perforate, drill, build, erect, place, supply, operate, manage and maintain ditches, pools, wells, trenches, excavations, dams, canals, water conduits, plants, tanks, basins, maritime and other storage facilities, primary distillation units, first-extraction gasoline separator units, sulfur plants, and other facilities for Petroleum production, together with the pipelines, pumping stations, generator units, power plants, high voltage lines, telephone, telegraph, radio and other communication facilities, factories, warehouses, offices, employees' housing, hospitals, premises, ports, docks, harbors, dikes, jetties, dredges, sea walls, under water piers and other facilities, ships, vehicles, railways, warehouses, workshops, foundries, repair shops and all the auxiliary services which are necessary for or useful to the Petroleum Operations or in connection therewith; and all additional facilities which are or may become necessary for or reasonably subsidiary to the carrying out of the Petroleum Operations.

7.3. The agents, employees and representatives of the Contractor or its subcontractors shall have the right, for the purposes of the Petroleum Operations to enter into or leave the Delimited Area and shall have free access to all the facilities set up by the Contractor.

7.4. The Contractor shall have the right, subject to the payment of fees applicable in Liberia, to remove and use the surface soil, mature timber, clay, sand, limestone, gypsum, stones and other similar materials which may be necessary for the performance of the Petroleum Operations.
With the consent of the competent administrative services, the Contractor may make reasonable use of such materials for the performance of the Petroleum Operations, subject to payment of fees applicable in Liberia, when they are located on land owned by the STATE and placed in the vicinity of the land where said Petroleum Operations are taking place.

The Contractor may take or use the water necessary for the Petroleum Operations, provided that existing irrigation or navigation are not impaired and that land, houses or watering places for livestock are not deprived of a reasonable quantity of water.
ARTICLE 8

ACTIVITY REPORTS DURING THE EXPLORATION PERIODS AND SUPERVISION OF PETROLEUM OPERATIONS

8.1. NOCAL shall own and may freely use all the original data and documents relating to the Petroleum Operations such as, but without limitation, records, samples, geological, geophysical, petrophysical, drilling and operating reports.

8.2. The Contractor undertakes to furnish NOCAL with the following periodic reports:

(a) daily reports on drilling operations;

(b) weekly reports on seismic operations;

(c) within thirty (30) days after each Calendar quarter, a report on the Petroleum Operations carried out together with a detailed statement on Petroleum Costs in respect of the preceding quarter;

(d) prior to the end of February of each Calendar Year, an annual report on the Petroleum Operations carried out together with a detailed statement on Petroleum Costs in respect of the preceding Calendar Year.

8.3. In addition, the following reports or documents shall be furnished to NOCAL as soon as they are prepared or obtained:

(a) a copy of all geological surveys and syntheses together with the related maps;

(b) a copy of all geophysical surveys, measurement and interpretation reports, map profiles, sections or other documents related thereto, as well as, at NOCAL’s request, the originals of all recorded seismic magnetic tapes;

(c) a copy of the drilling location and completion report for each well together with a complete set of recorded logs;

(d) a copy of all drill tests or production tests together with any study relating to the flow or production of a well;

(e) a copy of all reports relating to core analyses.
All maps, sections, profiles, logs and all other geological or geophysical documents shall be supplied on an appropriate transparent support in view of subsequent reproduction.

A representative portion of the cores and cuttings removed from each well, as well as samples of fluids produced during drill tests or production tests shall also be supplied to NOCAL within a reasonable period.

Upon expiration or in the event of surrender or termination of this Contract, the original documents and samples relating to the Petroleum Operations shall be provided to NOCAL.

8.4. The Contractor shall keep NOCAL informed of its activities through the duly designated representative of the latter. In particular, the Contractor shall notify NOCAL as soon as possible and in any event at least fifteen (15) days in advance of all projected Petroleum Operations, such as any geological surveys, seismic surveys, commencement of drilling and installation of a platform.

In the event the Contractor decides to abandon drilling it shall notify NOCAL thereof within at least seventy-two (72) hours prior to such abandonment unless operational safety demands a faster response.
ARTICLE 9

OCCUPATION OF LAND

9.1. The STATE shall make available to the Contractor, and only for the purposes of the Petroleum Operations, any land which it owns and which is necessary for said operations. The Contractor shall have the right to build and the obligation to maintain, above and below the ground, the facilities necessary for the Petroleum Operations.

The Contractor shall indemnify the STATE for any damage caused to the land by the construction, use and maintenance of its facilities on such land.

The STATE shall authorize the Contractor to build, use and maintain telephone, telegraph and piping systems above and below the ground and along the land not belonging to the STATE, provided that the Contractor pays to the land-owners, a reasonable compensation mutually agreed upon.

9.2. The rights on land owned by private persons, which would be necessary for the carrying out of the Petroleum Operations, shall be acquired by direct agreement between the Contractor and the private person concerned.

In the event of disagreement, the Contractor shall notify the STATE thereof, and the latter shall proceed to expropriation for a public purpose, at Contractor's expense. When determining the value of those property rights, no consideration shall be given to the Contractor's purpose for acquiring them and the STATE agrees that no law or procedure for said acquisition shall have the effect of giving them an excessive value or a confiscation value. Those rights acquired by the STATE shall be registered in its name, but the Contractor shall be entitled to benefit therefrom for the purposes of the Petroleum Operations. During the entire term of this Contract, the STATE guarantees that the Contractor shall be protected in the use and occupation of such land just as if it owns the property rights thereto.
ARTICLE 10

USE OF FACILITIES

10.1. For the purposes of the Petroleum Operations, the Contractor shall have the right to use, in accordance with the applicable laws, any railroad, tramway, road, airport, landing strip, canal, river, bridge, waterway and any telephone or telegraph network in Liberia whether owned by the STATE or by any private enterprise, subject to the payment of fees then in effect or mutually agreed upon which will not be in excess of the prices and tariffs charged to Third Parties for similar services.

The Contractor shall also have the right to use for the purposes of the Petroleum Operations any land, sea or air transportation means for the transportation of its employees or equipment, subject to compliance with the laws and regulations which generally govern the use of such means of transportation.

10.2. The STATE shall have the right to use for exceptional matters any transportation and communication facility installed by the Contractor, subject to a fair compensation mutually agreed upon which will not be in excess of the prices and tariffs charged to Third Parties for similar services.

10.3. Nothing in this Contract shall limit the STATE’s right to build, operate and maintain on, under and along the land made available to the Contractor for the purposes of the Petroleum Operations, roads, railroads, airports, landing strips, canals, bridges, pipelines, useful telephone and telegraph lines, provided that such right is not exercised in a manner which restricts or hinders the Contractor’s rights hereunder, or the Petroleum Operations.
ARTICLE 11

APRAISAL OF A PETROLEUM DISCOVERY

11.1. In the event the Contractor discovers Petroleum, it shall, as promptly as possible, notify NOCAL thereof and submit to it, within thirty (30) days after the date of the temporary plugging or abandonment of the discovery well, a report including all relevant information relating to said discovery.

11.2. If the Contractor wishes to undertake appraisal work relating to the above-mentioned Petroleum discovery, it shall submit for approval to NOCAL, within six (6) months after the date of notification of said discovery, the appraisal work program and the estimate of the related Budget.

The provisions of Article 5 shall be applicable, mutatis mutandis, to said program as regards its approval and performance, it being understood that the submitted program shall comply with good international petroleum industry practice.

11.3. If the Contractor meets the conditions referred to in Article 11.2 and on request to NOCAL, the latter shall grant to it an exclusive appraisal authorization for a duration of two (2) years from the date of approval of the appraisal work program and the related Budget, in respect of the Appraisal Perimeter specified in said program. Except otherwise provided by this Article, the Contractor shall, during the term of said exclusive appraisal authorization, be subject to the same regime as that applicable to the exclusive exploration authorization.

11.3.1 The Contractor shall then diligently carry out the appraisal work program for the discovery in question; in particular it shall drill the appraisal wells and carry out the production tests specified in said program.

At the Contractor's request, notified at least thirty (30) days prior to the expiration of the appraisal period above-defined, the duration of said period may be extended by a maximum of six (6) months, provided that such extension is justified by the continuation of the drilling and production tests specified in the appraisal program.

Further extensions of the appraisal period may be requested by the Contractor and granted by NOCAL in the event that further geological, geophysical, subsurface facilities or commercial work is considered justified by the Contractor in order to establish whether the field corresponding to the Petroleum discovery is commercial.

11.3.2 Within three (3) months after the completion of appraisal work, and no later than thirty (30) days prior to the expiration of the appraisal period, the
Contractor shall provide NOCAL with a detailed report giving all the information relating to the discovery and the appraisal thereof.

11.3.3 If, after having carried out the appraisal work, the Contractor considers that the Field corresponding to the Petroleum discovery is commercial, it shall submit to NOCAL, together with the previous report, an application for an exclusive exploitation authorization accompanied by a detailed development and production plan for said Field, specifying inter alia:

(a) the planned delimitation of the Exploitation Perimeter applied for by the Contractor, so that it covers the area defined by the seismic closure of the Field concerned, together with all the technical justifications with respect to the extent of said Field;

(b) an estimate of the reserves in place; the proven and probable recoverable reserves and the corresponding annual productions, together with a study on the methods of recovery and the possible valorization of the products associated with Crude Oil, such as any Associated Natural Gas;

(c) item by item, the description of equipment and work necessary for production, such as the number of development wells, the number of platforms, pipelines, production, processing, storage and loading facilities together with their specifications;

(d) the estimated schedule for its implementation and the projected date of production start-up;

(e) the estimates of investments and exploitation costs together with an economic evaluation demonstrating the commercial nature of the discovery in question.

11.3.4 The commercial nature of one or more Petroleum Fields shall be determined by the Contractor, provided that it shall, at the end of appraisal work, submit to NOCAL the economic study referred to in Article 11.3.3(e) demonstrating the commercial nature of said Field or Fields.

A Field may be declared commercial by the Contractor if, after taking into account the provisions of this Contract and the submitted development and production plan, the projected income and expenses determined in accordance with good international petroleum industry practice confirm the commercial nature of said Field.

11.3.5 For the purposes of evaluating the commercial nature of said Field or Fields, NOCAL and the Contractor shall meet within thirty (30) days after the submission of the development and production plan accompanied by the economic evaluation.
11.3.6 The development and production plan submitted by the Contractor shall be subject to the approval of NOCAL. Within ninety (90) days after the submission of said plan, NOCAL may propose revisions or modifications hereof by notifying the Contractor thereof with all the useful justifications. In that event, the Parties shall meet as soon as possible in order to consider the proposed revisions or modifications and establish by mutual agreement the plan in its final form; the plan shall be deemed to be approved by NOCAL upon the date of such agreement.

Should NOCAL fail to notify the Contractor of its wish for revision or modification within the above-mentioned ninety (90) day period, the plan submitted by the Contractor shall be deemed to be approved by NOCAL at the expiration of said period.

11.4. If for reasons not technically justified, the Contractor, within twelve (12) months after notification to NOCAL of a Petroleum discovery, has not applied for an exclusive appraisal authorization or if, after its granting, it has not commenced the appraisal work in respect of said discovery, or if the Contractor, within eighteen (18) months after completion of the appraisal work, does not declare the discovery as commercial, NOCAL may require that the Contractor surrenders all its rights in respect of the area deemed to encompass said discovery without any compensation for the Contractor. If, within sixty (60) days after NOCAL’s request, the Contractor has not notified its decision, it shall surrender said area and will forfeit all its rights on Petroleum which could be produced from said discovery, and any area so surrendered shall be deducted from the surfaces to be surrendered under Article 3.5.
ARTICLE 12

GRANT OF AN EXCLUSIVE EXPLOITATION AUTHORIZATION IN RESPECT OF COMMERCIAL DISCOVERY

12.1. A commercial Petroleum discovery shall entitle the Contractor to an exclusive right, if it so requests pursuant to the conditions set forth in Article 11.3.3., to obtain, in respect of the Field concerned, an exclusive exploitation authorization covering the related Exploitation Perimeter. Said authorization shall be granted by NOCAL as soon as possible.

12.2. If the Contractor makes several commercial discoveries in the Delimited Area, each such discovery shall, in accordance with the provisions of Article 12.1 give rise to an exclusive exploitation authorization each corresponding to an Exploitation Perimeter. The number of exclusive exploitation authorizations and related Exploitation Perimeters within the Delimited Area shall not be limited.

12.3. If in the course of work carried out after the grant of an exclusive exploitation authorization, it appears that the area defined by the seismic closure of the Field concerned is larger than originally estimated pursuant to Article 11.3.3., NOCAL shall grant to the Contractor, as part of the exclusive exploitation authorization already granted, an additional area so that the entirety of said Field is included in the Exploitation Perimeter, provided, however, that the Contractor supplies NOCAL, together with its application with the technical evidence of the extension so required and provided, further, that the above mentioned extension is an integral part of the Delimited Area as defined at the time of said application.

12.4. Where a Field extends beyond the boundaries of the Delimited Area, NOCAL may require the Contractor to exploit said Field in association with the right holder of the adjacent area under the provisions of a unitization agreement.

Within six (6) months after NOCAL has notified its request, the Contractor shall submit for NOCAL’s approval the development and production plan of the Field concerned which shall be prepared in agreement with the right holder of the adjacent area.
ARTICLE 13

DURATION OF THE EXPLOITATION PERIOD

13.1. The duration of an exclusive exploitation authorization during which the Contractor is authorized to carry out the exploitation of a Field declared commercial is set at twenty-five (25) years from its date of issue.

If upon expiration of the exploitation period of twenty-five (25) years above-defined, a commercial exploitation of a Field remains possible NOCAL may authorize the Contractor, at the latter's request submitted at least twelve (12) months prior to said expiration, to continue under this Contract the exploitation of said Field during an additional period of no more than ten (10) years, provided that the Contractor has fulfilled all its obligations during the current exploitation period.

If, upon expiration of that additional exploitation period, a commercial exploitation of said Field remains possible, the Contractor may request NOCAL, at least twelve (12) months prior to said expiration that it be authorized to continue the exploitation of said Field under this Contract, during an additional period to be agreed upon.

13.2. The Contractor may, at any time, fully or partially surrender any exclusive exploitation authorization by giving at least twelve (12) months' prior notice which may be reduced with NOCAL’s consent. That notice shall be accompanied by the list of steps which the surrendering Contractor undertakes to take, in accordance with good international petroleum industry practice arising out of its surrender.

13.3. Subject to the provisions of Article 32, interruption of development work or production of a Field declared commercial, for a consecutive period of at least six (6) months, decided by the Contractor without NOCAL’s consent, or abandonment of the exploitation of a Field, may give rise to the withdrawal of the exclusive exploitation authorization concerned together with the termination of this Contract. In the event of any disagreement between NOCAL and Contractor regarding the circumstances of any interruption the JOC shall meet as soon as reasonably practicable and attempt to resolve such disagreement.

13.4. Upon expiration surrender or withdrawal of the last exclusive exploitation authorization granted to the Contractor, this Contract shall terminate.

13.5. The termination of this Contract, whatever the reason thereof, shall not relieve the Contractor of any obligations incurred prior to, or arising from, said expiration or termination and which remain to be fulfilled.
ARTICLE 14

EXPLOITATION OBLIGATION

14.1. For any Field in respect of which an exclusive exploitation authorization has been granted, the Contractor undertakes to perform, at its sole cost and its own financial risk, all the Petroleum Operations useful and necessary for the exploitation of said Field.

14.2. However, if the Contractor can provide accounting evidence, during either the development period or the production period, that the exploitation of a Field cannot be commercially profitable, notwithstanding that an exclusive exploitation authorization has been granted in accordance with the provisions of Article 12.1, NOCAL agrees not to force the Contractor to continue the exploitation of such Field.

In that event, NOCAL, in its discretion, may withdraw the exclusive exploitation authorization concerned from the Contractor without any compensation for the latter, by giving sixty (60) days' prior notice.
ARTICLE 15

CONTRACTOR’S OBLIGATIONS AND RIGHTS-IN RESPECT OF EXCLUSIVE EXPLOITATION AUTHORIZATIONS

15.1. The Contractor shall commence development work not later than six (6) months after, approval of the development and production plan referred to in Article 11.3.6 and shall continue it with the maximum diligence.

15.2. The provisions of Articles 5, 6, 7, 8, 9 and 10 are also applicable, mutatis mutandis, in respect of any exclusive exploitation authorization.

15.3. The Contractor shall have the right to build, use, operate and maintain all the Petroleum storage and transportation facilities which are necessary for the production transportation and sale of Petroleum produced, pursuant to the conditions specified in this Contract.

The Contractor may determine the route and location of any pipeline inside Liberia which is necessary for the Petroleum Operations, provided that it shall submit plans to NOCAL for approval prior to the commencement of work; any pipeline crossing or running alongside roads or passageways (other than those used exclusively by the Contractor) shall be built so as not to hinder the passage on those roads or passageways.

15.4. The Contractor may, to the extent and for the duration of the excess capacity of a pipeline or processing, transportation or storage facility built for the purposes of the Petroleum Operations, be obligated to accept the flow of Petroleum coming from exploitations other than that of the Contractor, provided that such flow shall not cause prejudice to the Petroleum Operations, and provided, further, that a reasonable tariff covering a normal remuneration for capital invested in respect of the pipeline or facility concerned shall be paid by the user.

15.5. Following the grant of an exclusive exploitation authorization, the Contractor undertakes to proceed diligently with the carrying out of development wells, spacing them in a manner so as to ensure, in accordance with good international petroleum industry practice, the maximum economic recovery of the Petroleum contained in the Field in question.

15.6. The Contractor shall, in the conduct of development and production operations, comply with all good international petroleum industry practice which in particular ensures the good conservation of Fields and maximum economic recovery of Petroleum.

The Contractor shall, inter alia, carry out enhanced recovery studies and use such recovery processes if they may lead to an increase in Petroleum recovery rate under economic conditions.
15.7. The Contractor shall provide NOCAL with all the reports, studies, measurement results, tests and documents enabling the monitoring of the proper exploitation of each Field.

The Contractor shall, in particular, carry out the following measures on each producing well:

(a) monthly testing of production and gas/oil ratio;

(b) half-yearly measurement of the Field reservoirs pressure.

15.8. The Contractor undertakes to produce every year from each Field quantities of Petroleum in accordance with the provisions of Article 15.6.

The annual production rates of each Field shall be submitted by the Contractor together with the Annual Work Programs for the approval of NOCAL which shall not be withheld provided that the Contractor gives proper technical and economic grounds.

15.9. The Contractor shall measure, at a location mutually agreed between the Parties, all Petroleum produced and not used for the requirements of the Petroleum Operations, and excluding unavoidable losses, after extraction of water and sediments, by using the measurement appliances and procedures customarily used in the international petroleum industry.

The authorized NOCAL's representatives shall have the right to examine those measurements and inspect or cause to be inspected the appliances or procedures used.

If the Contractor wishes to change said measurement appliances or procedures, it shall obtain prior approval from NOCAL.

Where the appliances and procedures used therefor have caused an overstatement or understatement of measured quantities, the error shall be deemed to have existed since the date of the last calibration of the appliances, unless the contrary can be justified, and the proper adjustment shall be made for the period of existence of such error.
ARTICLE 16

RECOVERY OF PETROLEUM COSTS
AND PRODUCTION SHARING

16.1. From the commencement of regular production of Crude Oil, the Contractor shall market all the production of Crude Oil obtained from the Delimited Area, in accordance with the provisions hereinafter defined.

16.2. For the purposes of recovery of the Petroleum Costs, the Contractor may freely take each Calendar Year a portion of the production in no event greater than eighty percent (80%) of the Total Production of Crude Oil from the Delimited Area, or only any lesser percentage which would be necessary and sufficient.

The value of such portion of Total Production allocated to the recovery of the Petroleum Costs by the Contractor, as defined in the preceding paragraph, shall be calculated in accordance with the provisions of Article 18.

If during a Calendar Year the Petroleum Costs not yet recovered by the Contractor under the provisions of this Article 16.2 exceed the equivalent in value of eighty percent (80%) of the Total Production of Crude Oil from the Delimited Area, as calculated above, the balance of the Petroleum Costs which cannot be recovered in that Calendar Year shall be carried forward in the following Calendar Year or Years until full recovery of the Petroleum Costs or until the expiration of this Contract.

16.3. The quantity of Crude Oil from the Delimited Area remaining during each Calendar Year after the Contractor has taken from the Total Production the portion necessary for the recovery of the Petroleum Costs, hereinafter referred to as "Remaining Production," shall be shared between NOCAL and the Contractor as follows:

The Remaining Production shall be shared according to the daily Total Production from the Delimited Area:
<table>
<thead>
<tr>
<th>Increments of daily Total Production (in Barrels per day)</th>
<th>NOCAL's Share</th>
<th>Contractor's Share</th>
</tr>
</thead>
<tbody>
<tr>
<td>from 0 to 50,000</td>
<td>35%</td>
<td>65%</td>
</tr>
<tr>
<td>from 50,001 to 75,000</td>
<td>40%</td>
<td>60%</td>
</tr>
<tr>
<td>from 75,001 to 100,000</td>
<td>45%</td>
<td>55%</td>
</tr>
<tr>
<td>over 100,001</td>
<td>50%</td>
<td>50%</td>
</tr>
</tbody>
</table>

For the purpose of this Article, the daily Total Production shall be the average rate of Total Production during the calendar quarter in question.

For the purposes of the tax legislation of the Republic of Liberia, the quantity of Crude Oil that NOCAL will receive during each Calendar Year pursuant to this Article 16.3 shall include the portion necessary to pay any tax(es) of the Contractor in Liberia which will be assessed on its income. NOCAL agrees to pay from this portion any income tax on behalf and in the name of the Contractor and to deliver to the latter official receipts of such payments.

16.4. NOCAL may receive its share of production defined in Article 16.3 either in kind or in cash.

16.5. If NOCAL wishes to receive in kind all or part of its share of production defined in Article 16.3 it shall so notify in writing the Contractor at least ninety (90) days prior to the beginning of the calendar quarter concerned specifying the precise quantity that it wishes to receive in kind during said quarter.

16.6. If NOCAL wishes to receive in cash all or part of its share of production defined in Article 16.3 and if NOCAL has not notified the Contractor of its decision to receive its share of production in kind pursuant to Article 16.5, the Contractor shall market NOCAL's share of production to be taken in cash for the quarter concerned, lift said share during such quarter and pay to NOCAL within thirty (30) days following the date of each lifting, an amount equal to the quantity corresponding to NOCAL's share of production multiplied by the sale price defined in Article 18.

NOCAL may require payment, for sales of its share of production sold by the Contractor, in Dollars or in the foreign currency in which the sale has been made.
ARTICLE 17

TAXATION

17.1. Unless otherwise provided for in this Contract the Contractor shall, in respect of its
Petroleum Operations, be subject to the laws generally applicable and the regulations
in force in Liberia concerning taxes which are or may be levied on income, or
determined in relation thereto.

It is specifically acknowledged that the provisions of this Article shall apply individually
to any entity comprising the Contractor under this Contract.

The Contractor shall keep separate accounts for each Fiscal Year in respect of the
Petroleum Operations, in accordance with the regulations in force in Liberia, enabling
in particular the establishment of a profit and loss account as well as a balance sheet
showing both the results of said Petroleum Operations and the asset and liability items
allocated or related thereto.

17.2. For the purposes of Article 17.1 the Contractor shall in respect of its net profit arising
from Petroleum Operations, be liable to an income tax under the laws and regulations
in force in Liberia.

In accordance with the provisions of Article 16.3 under which NOCAL shall pay
Contractor's income tax from NOCAL’s share of Crude Oil, the Contractor shall not be
liable for any payment to the STATE with respect to said tax. As regards the tax
authorities of Liberia, the share of Remaining Production, which the Contractor is
entitled to receive under the provisions of Article 16.3 is considered as representing the
net profit obtained by the Contractor.

17.3. For the purposes of assessing the Contractor's taxable net income in respect of a
Fiscal Year, the profit and loss account shall, inter alia, be credited by the following:

(a) the Contractor’s annual gross income recorded in its accounting books, arising
from the marketing of the quantity of Crude Oil to which it is entitled under
Articles 16.2 and 16.3 and all other income or proceeds related to the
Petroleum Operations, including inter alia those arising from:

- the sale of related substances;
- processing, transportation or storage of products for Third Parties in the
  facilities dedicated to the Petroleum Operations.

17.4. Such profit and loss account shall be debited with all charges necessary for the
purposes of the Petroleum Operations in respect of the Fiscal Year concerned, which
may be deducted under the applicable laws of Liberia and the provisions of this Contract.

In particular the following items may be debited from the income of the Fiscal Year:

(a) In addition to the charges specifically set forth below in this Article 17.4, all other Petroleum Costs, including the costs of supplies, personnel and manpower expenses, costs of services provided to the Contractor in respect of the Petroleum Operations, provided, however, that costs of supplies, personnel and services rendered by Affiliated Companies shall be deductible provided that they do not exceed those which would be normally charged in arm's length transactions between independent buyer and seller for identical or similar supplies or services.

(b) Overhead costs relating to the Petroleum Operations performed under this Contract, including without limitation:
   - Rentals for movable and immovable properties as well as insurance premiums;
   - A reasonable portion, in light of the services rendered to the Petroleum Operations performed in Liberia, of wages and salaries paid to managers and employees residing abroad, and the general and administrative overhead costs of the central services of the Contractor and its Affiliated Companies working for its account, located abroad, and indirect costs incurred by said central services abroad for their account. Overhead costs paid abroad shall in no event be greater than the limits specified in the Accounting Procedure.

(c) Interest paid to creditors of the Contractor, for their actual amount, subject to the limits specified in the Accounting Procedure.

(d) Losses of materials or assets resulting from destruction or damage, assets which are renounced or abandoned during the year, bad debts, indemnities paid to Third Parties as compensation for damage.

(e) Reasonable and justified reserves made for clearly identified future losses or liabilities which current events render probable.

(f) Any other losses or charges directly related to the Petroleum Operations, including exchange losses realized in connection with the Petroleum Operations as well as bonuses and amounts paid during the Fiscal Year.

(g) Surface rentals as set out in Article 17.9.
(h) Any other expense or cost incurred by the Contractor and recorded in accordance with the Accounting Procedure.

17.5. The Contractor's taxable net profit shall be equal to the difference, if positive, between all the amounts credited and all the amounts debited in the profit and loss account. If this amount is negative, it shall constitute a loss.

17.6. Within three (3) months after the end of a Fiscal Year, each entity constituting the Contractor shall submit to the competent tax authorities its annual tax return together with financial statements, as required by applicable regulations.

NOCAL, shall, after submission of said annual tax return and acknowledgement of tax payment, furnish to the Contractor within a reasonable period the tax receipts evidencing the payment of Contractors Liberian income tax and all other documents certifying that the Contractor has, for the Fiscal Year in question, complied with all its tax obligations with respect to the income tax as defined in this Article.

17.7. Except for the income tax defined in this Article and the bonuses provided for in Article 19, the Contractor shall be exempt from all other levies, duties, taxes or contributions of any nature whatsoever arising from the Petroleum Operations and any revenues related thereto or, more generally, on Contractor's property, activities or actions, including its establishment and its operation hereunder.

In particular, the Contractor, its suppliers, subcontractors and Affiliated Companies shall be exempt from the taxes on turnover (value added taxes and taxes on services) which would be payable in connection with sales made by, work performed for and services rendered to the Contractor under this Contract.

17.8. Assignments of any kind between the companies signing this Contract and their Affiliated Companies as well as any assignment made in accordance with this Contract shall be exempt from any duties or taxes payable in such respect.

17.9. Surface rentals shall be payable to NOCAL per square kilometer of the area remaining at the beginning of each Calendar Year as part of the Delimited Area, in the amounts as set out below:

<table>
<thead>
<tr>
<th>Phase of Operation</th>
<th>Surface Rentals Per Annum</th>

ARTICLE 18

VALUATION OF PETROLEUM

18.1. For the purposes of this Contract, the Crude Oil price shall be the F.O.B. "Market Price" at the Delivery Point, expressed in Dollars per Barrel and payable within thirty (30) days after the date of the bill of lading, as determined hereinafter for each quarter.

A Market Price shall be determined for each type of Crude Oil or Crude Oil mix.

18.2. The Market Price applicable to liftings of Crude Oil made during a calendar quarter shall be calculated at the end of said quarter and shall be equal to the weighted average of the prices obtained for Crude Oil from the Delimited Area during said quarter by the Contractor and by NOCAL from independent purchasers, as adjusted to take into account the differences in quality and gravity as well as in F.O.B. delivery terms and payment conditions.

18.3. In the event such sales are not made, the Market Price shall be determined on the basis of the prices obtained on the international market during said quarter between independent buyers and sellers for sales of crude oils of quality similar to the Crude Oil from the Delimited Area in the same markets as those in which the Liberian Crude Oil would normally be sold, as adjusted to take into account the differences in quality, gravity, transportation as well as in sales and payment conditions.

18.4. The following transactions shall, inter alia, be excluded from the calculation of the Market Price of Crude Oil:

(a) sales in which the buyer is an Affiliated Company of the seller as well as sales between entities constituting the Contractor;

(b) sales in the Liberian domestic market;

(c) sales in exchange for other than payment in freely convertible currencies and sales fully or partially made for reasons other than the usual economic incentives involved in Crude Oil sales on the international market (such as exchange contracts, sales from government to government or to government agencies).

18.5. Within ten (10) days following the end of each quarter, the Parties shall advise each other of the prices obtained for their share of production of Crude Oil from the Delimited Area sold to independent purchasers during the quarter in question, indicating for each sale the identity of the purchaser, the quantities sold, the delivery and payment terms.
Within twenty (20) days following the end of each quarter, the Contractor shall determine in accordance with the provisions of Article 18.2 or Article 18.3, as the case may be, the Market Price applicable for the quarter concerned, and shall notify NOCAL of that Market Price, indicating the method of calculation and all data used in the calculation of that market Price.

Within thirty (30) days following receipt of the notice referred to in the preceding paragraph, NOCAL shall verify that the calculation of Market Price complies with the provisions hereof and shall notify the Contractor of its acceptance or objections. Failing notification from NOCAL within that thirty (30) day period the Market Price provided for in the Contractor's notice referred to in the preceding paragraph shall be deemed to have been accepted by NOCAL.

In the event that NOCAL has notified objections to the Market Price, the Parties shall meet within fifteen (15) days following NOCAL's notification to mutually agree on the Market Price. If the Parties fail to agree on the Market Price applicable to a given quarter within seventy-five (75) days after the end of that quarter, NOCAL or the Contractor may immediately submit to an expert, appointed in accordance with the following paragraph, the determination of the Market Price (including the determination of reference crude oils if the Parties have not determined them). The expert shall determine the price within thirty (30) days after his appointment and his conclusions shall be final and binding on the Parties. The expert shall decide in accordance with the provisions of this Article.

The expert shall be selected by agreement between the Parties or, if no agreement is reached, by the International Center of Expertise of the International Chamber of Commerce in accordance with its rules on Technical Expertise, at the request of the most diligent Party. The expertise costs shall be charged to the Contractor and included in the Petroleum Costs.

18.6. In the event it would be necessary to calculate on a provisional basis during a quarter the Crude Oil price applicable to the liftings made during said quarter, that price shall be established as follows:

(a) For any sale to independent buyers, the price applicable to that sale shall be the price obtained for the Crude Oil for said sale, as adjusted to take into account the F.O.B. delivery terms and thirty (30) days payment terms.

(b) For any lifting other than those which are the subject of a sale to independent buyers, the price applicable to that lifting shall be the Market Price determined for the preceding quarter or, if that Market Price has not been determined, a price set up by agreement between the Parties or, failing agreement, the last known Market Price.

Once the Market Price for a quarter has been determined on a final basis, adjustments, if required, shall be made within thirty (30) days.
ARTICLE 19

BONUSES

19.1. The Contractor shall pay to NOCAL the following bonuses:

(a) two million Dollars ($2,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of thirty thousand (30,000) Barrels per day during a period of thirty (30) consecutive days.

(b) three million Dollars ($3,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of fifty thousand (50,000) Barrels per day during a period of thirty (30) consecutive days.

(c) five million Dollars ($5,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of one hundred thousand (100,000) Barrels per day during a period of thirty (30) consecutive days.

Each of the amounts referred to in (a), (b) and (c) above shall be paid within thirty (30) days following the expiration of the reference period of thirty (30) consecutive days.
ARTICLE 20

OWNERSHIP AND ABANDONMENT OF ASSETS

20.1. Upon expiration, surrender or termination of this Contract, whatever the reason thereof, in respect of all or part of the Delimited Area, or at the end of exploitation of a Field, the Contractor shall transfer at no cost to NOCAL the ownership of assets, movables and immovables, used for the requirements of the Petroleum Operations carried out in the area so surrendered, located whether inside or outside the Delimited Area, such as wells and their equipment, buildings, warehouses, docks, lands, offices, plants, machinery and equipment, bases, harbors, wharfs, jetties, buoys, platforms, pipelines, roads, bridges, railroads and other facilities.

In the event of such expiration, surrender or termination of this Contract, Contractor shall as soon as practicable procure the release of any security, mortgage or surety over such assets to be transferred to NOCAL.

However, the Contractor may continue to use those assets beyond the date referred to in the first paragraph, for the requirements of its petroleum operations in Liberia governed by other contracts.

20.2. If NOCAL decides not to accept, for all or part of the assets, the transfer of ownership provided for in Article 20.1, it may, not later than ninety (90) days following the date specified in said Article, require the Contractor, in accordance with good international petroleum industry practice, to perform abandonment operations and to remove, at the cost of the Contractor, the facilities relating to the surrendered area.
ARTICLE 21

NATURAL GAS

21.1. Non-Associated Natural Gas

21.1.1 In the event of a Non-Associated Natural Gas discovery, the Contractor shall engage in discussions with NOCAL with a view to determining whether the appraisal and exploitation of said discovery have a potentially commercial nature.

21.1.2 If the Contractor, after the above-mentioned discussions, considers that the appraisal of such Non-Associated Natural Gas discovery is justified, it shall undertake the appraisal work program for said discovery.

The Contractor shall have the right, for the purposes of evaluating the commerciality of the Non-Associated Natural Gas discovery, if it so requests at least thirty (30) days prior to the expiration of the third exploration period set forth in Article 3.3 to be granted an exclusive appraisal authorization concerning the Appraisal Perimeter of the above-mentioned discovery, for a term of two (2) years.

In addition, the Parties shall jointly evaluate the possible outlets for the Natural Gas, both on the local market and for export, together with the necessary means for its marketing, and they shall consider the possibility of a joint marketing of their shares of production in the event the Natural Gas discovery would not otherwise be commercially exploitable. For that purpose, a Consultative Committee for Natural Gas shall be established by the Parties to ensure the coordination of the upstream and downstream components of the Natural Gas project and facilitate its evaluation and implementation.

21.1.3 Following completion of appraisal work, in the event the Parties should jointly decide that the exploitation of that discovery is justified to supply the local market, or in the event the Contractor should undertake to develop and produce that Natural Gas for export, the Contractor shall submit prior to the expiration of the appraisal period an application for an exclusive exploitation authorization which NOCAL will grant under the terms provided by Article 12.1.

The Contractor shall then have the right and obligation to proceed with the development and production of that Natural Gas discovery in accordance with the approved development plan referred to in Article 11.3 and the provisions of this Contract applicable to Crude Oil shall apply, mutatis mutandis, to Natural Gas, unless otherwise specifically provided under Article 21.3.
21.1.4 If the Contractor considers that the appraisal of the Non-Associated Natural Gas discovery concerned is not justified, NOCAL may, by giving twelve (12) months prior notice which may be reduced either with Contractor's consent or automatically in the event the exclusive exploration authorization expires earlier, require the Contractor to surrender its rights in respect of the area encompassing said discovery provided that, for the avoidance of doubt, such surrender does not affect the Contractor's rights to any other discoveries in respect of the same area.

In the same manner, if the Contractor, after completion of appraisal works, considers that the Non-Associated Natural Gas discovery is not commercial, NOCAL may, by giving three (3) months prior notice, unless the exclusive exploration authorization expires earlier, require the Contractor to surrender its rights on the area encompassing said discovery.

In both cases, the Contractor shall forfeit its rights to all Non-Associated Natural Gas which could be produced from said discovery, and NOCAL may then carry out, or cause to be carried out, all the appraisal, development, production, processing, transportation and marketing work relating to that discovery, without any compensation for the Contractor.

21.1.5 Notwithstanding the terms of Article 21.1.4, if the Contractor is of the view that the Non-Associated Gas discovery in question is not economic as a stand alone development but can demonstrate that there is sufficient prospectivity in the region to support a combined development of current discovered reserves and future exploration prospects as a combined economic development, then NOCAL will provide the Contractor a period of thirty six (36) months before exercising its rights pursuant to Article 21.1.4.
21.2. Associated Natural Gas

21.2.1 In the event of a commercial discovery of Crude Oil, the Contractor shall state if it considers that the production of Associated Natural Gas is likely to exceed the quantities necessary for the requirements of the Petroleum Operations related to the production of Crude Oil (including re-injection operations), and if it considers that such excess is capable of being produced in commercial quantities. In the event the Contractor shall have informed NOCAL of such an excess, the Parties shall jointly evaluate the possible outlets for that excess of Natural Gas, both on the local market and for export (including the possibility of joint marketing of their shares of production of that excess of Natural Gas in the event such excess would not otherwise be commercially exploitable), together with the means necessary for its marketing.

In the event the Parties should decide that the development of the excess of Associated Natural Gas is justified, or in the event the Contractor would wish to develop and produce that excess for export, the Contractor shall indicate in the development and production program referred to in Article 11.3.3 the additional facilities necessary for the development and exploitation of that excess and its estimate of the costs related thereto.

The Contractor shall then have the right to proceed with the development and exploitation of that excess in accordance with the development and production program approved by NOCAL under the terms provided by Article 11.3.6., and the provisions of the Contract applicable to Crude Oil shall apply, mutatis mutandis, to the excess of Associated Natural Gas, unless otherwise specifically provided by Article 21.3.

A similar procedure shall be applicable if the sale or marketing of Associated Natural Gas is decided during the exploitation of a Field.

21.2.2 In the event the Contractor should not consider the exploitation of the excess of Associated Natural Gas as justified and if NOCAL, at any time, would wish to utilize it, NOCAL shall notify the Contractor thereof, in which event:

(a) the Contractor shall make available to NOCAL free of charge at the Crude Oil and Natural Gas separation facilities all or part of the excess that NOCAL wishes to lift;

(b) NOCAL shall be responsible for the gathering, processing, compressing and transporting of that excess from the above mentioned separation facilities, and shall bear any additional costs related thereto;

(c) the construction of the facilities necessary for the operations referred to in paragraph (b) above, together with the lifting of that excess by
NOCAL, shall be carried out in accordance with good international petroleum industry practice and in such a manner as not to hinder the production, lifting and transportation of Crude Oil by the Contractor.

21.2.3 Any excess of Associated Natural Gas which would not be utilized under Articles 21.2.1. and 21.2.2., shall be reinjected by the Contractor. However, the Contractor shall have the right to flare said gas in accordance with good international petroleum industry practice, provided that the Contractor furnishes NOCAL with a report demonstrating that said gas cannot be economically utilized to improve the rate of recovery of Crude Oil by means of reinjection pursuant to the provisions of Article 15.6., and provided, further, that NOCAL approves said flaring, which approval shall not be unreasonably withheld.
21.3. Provisions common to Associated and Non-Associated Gas

21.3.1 In order to encourage the exploitation of Natural Gas, NOCAL may grant to the Contractor specific benefits when they are duly justified concerning, inter alia, the recovery of the Petroleum Costs relating to Natural Gas.

21.3.2 The Contractor shall have the right to dispose of its share of production of Natural Gas, in accordance with the provisions of this Contract. It shall also have the right to proceed with the separation of liquids from all Natural Gas produced, and to transport, store as well as sell on the local market or for export its share of liquid Petroleum so separated which will be considered as Crude Oil for the purposes of their sharing between the Parties under Article 16.

21.3.3 For the purposes of this Contract, the Natural Gas price, expressed in Dollars per million BTU, shall be equal to:

(a) with respect to Natural Gas export sales to Third Parties, the price obtained from purchasers;

(b) with respect to sales on the local market of Natural Gas as a fuel, the equivalent of one hundred percent (100%) of the price of high sulfur heavy fuel oil (expressed in Dollars per million BTU) exported from or imported into Liberia, or such other price as NOCAL (or the national entity that the STATE would set up for the distribution of Natural Gas on the local market) and the Contractor would mutually agree upon.

The above-mentioned equivalent price for the utilization of Natural Gas as a fuel shall be determined on the basis of the same calorific value with respect to commercial gas delivered at the entry point of the main gas transportation network, if any, or otherwise where delivered to large consumers. In the event of transfer of the gas at a delivery point located upstream, the selling price shall be adjusted accordingly.
ARTICLE 22
FOREIGN EXCHANGE CONTROL

22.1. The Contractor shall comply with the foreign exchange control regulations, subject to the provisions of this Article.

22.2. The Contractor, its contractors, subcontractors and Affiliated Companies shall have the right to:

22.2.1 retain abroad all foreign currencies received and/or arising from (a) export sales of all Petroleum to which it is entitled under this Contract, (b) the assignment of any interest in this Contract, (c) the equity and share capital in any applicable entities, (d) the repayment of capital and interest on any loans made and more generally, all assets acquired abroad by it;

22.2.2 freely dispose of such foreign currencies or assets to the extent that they may exceed its requirements for its operations in Liberia;

22.2.3 open, maintain and operate foreign exchange bank accounts both inside and outside Liberia and local currency bank accounts inside Liberia;

22.2.4 be exempt from all legally required or mandatory conversions of foreign exchange into local or other currency;

22.2.5 without prejudice to the provisions of Article 17, pay in foreign exchange partly or wholly abroad the salaries, allowances and other benefits received by their expatriate employees working in Liberia on Petroleum Operations;

22.2.6 without prejudice to the provisions of Article 17, pay in foreign exchange the salaries, allowances and other benefits received by their Liberian employees working on Petroleum Operations;

22.2.7 without prejudice to the provisions of Article 17, pay directly abroad in foreign exchange their foreign subcontractors working on Petroleum Operations; and

22.2.8 purchase currencies of Liberia with foreign currencies, and freely exchange into foreign currencies of its election any funds held by it in Liberia in excess of its local requirements at exchange rates which shall not be less favorable than those generally applicable to any other buyer or seller of foreign currencies.

22.3. No restriction shall be exercised on importation by the Contractor of funds intended for the performance of the Petroleum Operations.
ARTICLE 23

APPLICABLE LAW

The laws and regulations in force in the Republic of Liberia and the provisions of international law as may be applicable to international oil and gas activities shall apply to the Contractor, to this Contract and to the Petroleum Operations which are the purpose thereof, unless otherwise provided by the Contract.
ARTICLE 24

MONETARY UNIT

24.1. The registers and accounting books relating to this Contract shall be maintained and recorded in Dollars. Said registers and accounting books shall be used to determine the Petroleum Costs, gross income, exploitation costs and net profits for the purpose of the preparation of the Contractor's tax return; they shall contain, inter alia, Contractor's accounts showing the sales of Petroleum under this Contract.

24.2. Whenever it is necessary to convert into Dollars expenses and income expressed in another currency, the exchange rates to be used shall be equal to the arithmetic average of the daily closing rates for the purchase and sale of said currency during the month when the expenses were paid and the income received.

24.3. The originals of the registers and accounting books referred to in Article 24.1 shall be kept in Liberia.

The registers and accounting books shall be supported by detailed documents with respect to receipts and Petroleum Costs.
ARTICLE 25
ACCOUNTING METHOD AND AUDITS

25.1 The Contractor shall maintain its accounts in accordance with the regulations in force and with the provisions of the Accounting Procedure set out in Appendix 2 attached hereto forming an integral part of this Contract.

25.2 After giving the Contractor notice thereof in writing, the STATE shall have the right to cause the registers and accounting books relating to the Petroleum Operations to be inspected and audited by its own agents or by experts of its election, and shall have a period of four (4) years following the end of each Calendar Year to carry out such inspections or audits relating to said Year and may submit its objections to the Contractor for any contradictions or errors found during such inspection or audits.

Should the STATE fail to make any claim within the above-mentioned period of four (4) years, no further objection or claim shall be made by the Liberian administration for the Calendar Year concerned.
ARTICLE 26
IMPORT AND EXPORT

26.1. (a) The Contractor shall have the right to import into Liberia, in its own name or on behalf of its agents, contractors and subcontractors, all the technical equipment, materials, machinery and tools, goods and supplies necessary in the Contractor's opinion for the proper conduct and achievements of the Petroleum Operations; such imports include but are not limited to, drilling, exploration, development, production, transportation, sales and marketing, equipment, pipelines, tanks, geological and geophysical tools, boats, ships, launches, drilling barges, ships and platforms, production platforms, civil engineering and telecommunication equipment, power plants and all related equipment, aircraft, automotive equipment and other vehicles, instruments, tools, spare parts, alloys and additives, camping equipment, protective clothing and equipment, medical, surgical and sanitary equipment, supplies and instruments necessary for the installation and operation of hospitals and dispensaries, documentation equipment, construction materials of all types, lumber, office furniture and equipment, automobiles, explosives, chemicals, fuels, ship supplies, pharmaceutical products, medicines.

(b) The Contractor shall have the right to import into Liberia, in its own name or on behalf of its agents, contractors or subcontractors, the furniture, clothing, household appliances, vehicles, spare parts, all foodstuff (subject to compliance with applicable regulations pertaining to the import of foodstuff) and all personal effects for all the foreign employees and their families assigned to work in Liberia for the Contractor, its agents contractors, or subcontractors.

(c) However, the Contractor, its agents, contractors and subcontractors undertake not to proceed with the imports mentioned in Article 26.1.(a) insofar as such items are available in Liberia under equivalent conditions of quantity, quality, price, delivery and terms of payment, unless specific requirements or technical emergencies are presented by the Contractor.

(d) The Contractor, its agents, contractors and subcontractors shall have the right to re-export from Liberia, free of all duties and taxes and at any time, all the items imported under Article 26.1.(a) and (b) which are no longer necessary for the Petroleum Operations except the items which have become the property of the State under the provisions of Article 20.
26.2. All the technical materials, machinery and tools, goods and supplies specified in Article 26.1 which the Contractor, its agents, contractors and subcontractors, their foreign employees and their families will have the right to import in one or more shipments to Liberia, shall be fully exempt of all duties and taxes payable as a result of the importation ("entry duties and taxes").

As the case may be, the applicable administrative formalities will be those of the following regimes:

(a) Exceptional temporary admission regime in full suspension of entry duties and taxes for equipment, materials, machinery and tools, goods and supplies necessary for the proper progress of the Petroleum Operations, for the entire duration of their use in Liberia including the continental shelf, it being understood that for the equipment, materials, machinery and tools, and goods and supplies consumed during the operations or left in place, the exceptional temporary admission discharge will be automatic by simple quarterly declaration and without payment of duties and taxes.

In the event of a duly justified emergency, the equipment, materials, tools and machinery, goods and supplies will be placed at the disposal of the users as soon as they arrive in Liberia and the administrative regularization relating to their admission will be made later and as soon as possible.

(b) Supply regime for consumable goods and foodstuffs, fuels and lubricants used at sea, in particular on all ships, aircraft and machinery used for petroleum exploration and exploitation.

(c) Exempt admission regime according to the regulations in force, for furniture, clothing, household appliances and personal effects.

26.3. The Contractor, its agents, contractors and subcontractors shall, provided that they inform the STATE in advance of their intent to sell and subject to the provisions of Article 20, have the right to sell in Liberia, all equipment, materials, machinery and tools, goods and supplies which they have imported when they are considered as surplus and no longer necessary for the Petroleum Operations. In that event, the seller shall be responsible for paying all duties and taxes applicable on the date of the transaction and for filing all the formalities prescribed by the regulations in force.

26.4. During the term of this Contract, the Contractor, its customers and their carriers shall have the right to export freely at the export point selected for that purpose, free of all duties and taxes and at any time, the portion of Petroleum to which the Contractor is entitled in accordance with the provisions of this Contract, after deduction of all deliveries made to the STATE and/or NOCAL.

26.5. Contractor and its agents, contractors and subcontractors shall also be exempt from the provisions of Liberian foreign trade regulations concerning the prohibition, limitation and restriction of import and export and country of origin of those items indicated in Article 26.1 and with respect to the Petroleum allocated to Contractor pursuant to this Contract.
26.6. NOCAL will, within the full limits of its authority, use its best endeavours, when requested to do so by Contractor, to ensure that the above mentioned exemptions are applied and expedite the movement through customs of any equipment or supplies of Contractor, its agents, contractors and subcontractors and all of their employees and family members.
ARTICLE 27

DISPOSAL OF PRODUCTION

27.1. Each Calendar Year, up to a total of ten percent (10%) of the share of Crude Oil production to which the Contractor is entitled, shall be sold to NOCAL by the Contractor for the purpose of satisfying the needs of the domestic market of Liberia. Such contribution of the Contractor shall be in proportion to its share of production, in the total Crude Oil production in Liberia.

The quantity of Crude Oil the Contractor shall be obligated to sell to NOCAL shall be notified to it by NOCAL at least three (3) months prior to the beginning of each calendar quarter.

27.2. The price of the Crude Oil sold to NOCAL under Article 27.1 for the needs of the domestic market shall be the Market Price defined in Article 18.

That Crude Oil price shall be payable to the Contractor in Dollars thirty (30) days after receipt of the invoice unless otherwise agreed between the Parties.

27.3. The transfer of title to, and risk of, the share of Petroleum production to which each Party is entitled shall be made at the Delivery Point, or at any other transfer point agreed between the Parties.

27.4. Each of the Parties shall have the right and obligation, to dispose of and lift the share of Petroleum to which it is entitled under this Contract.

Such share shall be lifted on as regular a basis as possible, it being understood that each of the Parties, within reasonable limits, will be authorized to lift more (overlift) or less (underlift) than its share of Petroleum produced and unlifted by the lifting day to the extent that such overlift or underlift does not infringe on the rights of the other Party and is compatible with the production rate and the storage capacity. In the establishment of the sequence of lifttings, priority will be given to the Party with the largest share of produced and unlifted quantity of Petroleum at a given time. The Parties shall periodically meet to establish a provisional lifting program on the basis of the principles above-described and taking into account the wishes of the Parties as regards the dates and quantities of their lifttings, provided that those wishes are compatible with said principles.
ARTICLE 28
PROTECTION OF RIGHTS

28.1. The Contractor shall take all necessary steps to achieve the objectives of this Contract in its conduct of Petroleum Operations.

28.2. NOCAL shall take all necessary steps to facilitate the implementation by the Contractor of the objectives of this Contract, and the STATE shall protect the property and operations of the Contractor, its employees, agents, contractors and subcontractors in the territory of Liberia.

28.3. At the request of the Contractor, the STATE shall prohibit the construction of dwelling or business buildings in the vicinity of installations which the Contractor may declare dangerous as a result of its operations. The STATE shall take all necessary precautions to prohibit anchoring in the vicinity of submerged pipelines at river passages, and to prohibit any hindrance to the use of any other installation necessary for the Petroleum Operations whether on land or offshore.

28.4. The Contractor shall have the freedom to self-insure and/or take out and cause to be taken out by its contractors and subcontractors, in respect of the Petroleum Operations, all insurances of the type and for such amounts customarily used in the international petroleum industry, including without limitation, third party liability insurance and insurances to cover damage to property, facilities, equipment and materials, without prejudice to such insurances which would be required under Liberian legislation. With respect to any self insurance, Contractor shall notify NOCAL of the extent and coverage applicable to such self insurance, as well as the premium to be associated therewith as provided under the Accounting Procedure.
ARTICLE 29
PERSONNEL AND TRAINING

29.1. The Contractor shall, for the purposes of the Petroleum Operations, employ Liberian personnel where, in the Contractor's sole opinion, such personnel are suitably qualified for the requirements of employment.

Managers, technicians, engineers, accountants, geologists, geophysicists, scientists, chemists, drillers, foremen, mechanics, skilled workers, secretaries and executive employees may be hired outside Liberia if similarly qualified specialists cannot be hired in Liberia.

29.2. Upon commencement of the Petroleum Operations, the Contractor shall provide funding for training programmes and for that purpose the Contractor shall devote an annual training Budget of:

(a) One hundred thousand Dollars ($100,000) during each year of the exploration periods;

(b) One hundred and fifty thousand Dollars ($150,000) during each year of the exploitation periods.

The training expenses borne by the Contractor shall be included in the recoverable Petroleum Costs.

NOCAL and the Contractor shall nominate, respectively, seventy percent (70%) and thirty percent (30%) of the candidates for the training program and all such candidates shall be Liberian nationals.

29.3 Upon commencement of the Petroleum Operations, the Contractor shall provide funding for social and welfare programs in Liberia and for that purpose the Contractor shall devote an annual social and welfare budget of:

(a) One hundred thousand Dollars ($100,000) during each year of the exploration period;

(b) Two hundred thousand Dollars ($200,000) during each year of the exploitation period.

An escrow account shall be established by the Parties for the purpose of receiving the funds and payment of the programs referred to herein. NOCAL and the Contractor shall both be signatories to the escrow account.
The social and welfare programs shall be developed and agreed by NOCAL and the Contractor and all costs referred to herein shall be recoverable as Petroleum Costs. The respective annual funding for such social and welfare programs shall be paid into the escrow account within thirty (30) days of the Effective Date and on each anniversary thereof.

29.4 The entry into Liberia of all foreign personnel shall be authorized and the STATE shall issue the documents necessary for that entry to all members of the foreign personnel, such as entry visas, working permits and exit visas, in compliance with the immigration regulations in force in Liberia.

At the request of the Contractor, the STATE shall facilitate any immigration formalities with the Immigration Bureau, at the points of entry into and exit from Liberia, in respect of the Contractor's employees, contractors, subcontractors and agents, and their families, all without undue delays.

29.5 All the employees required for the conduct of the Petroleum Operations shall be under the Contractor's authority or that of its contractors, subcontractors and agents, in their capacity as employers. Their work, number of working hours, salaries and any other matters relating to their employment conditions shall be determined by the Contractor or its contractors, subcontractors and agents.
ARTICLE 30

ACTIVITY REPORTS IN RESPECT OF EXCLUSIVE EXPLOITATION AUTHORIZATIONS

30.1. The provisions of Article 8 shall apply, mutatis mutandis, to any exclusive exploitation authorizations. In addition, the following periodic activity reports shall, inter alia, be furnished in respect of each Field:

(a) daily production reports;
(b) monthly reports stating the quantities of Petroleum produced and those sold during the previous month together with information on such sales.

Unless the Contractor gives its written consent, the information relating to a Field under exploitation, except statistical data about activity, shall be considered as confidential by the Parties during the term of this Contract.

30.2. The Contractor shall forthwith notify the STATE of any material damage whatsoever caused to the petroleum fields or facilities, and shall take all necessary steps to terminate it and carry out the necessary repairs.

30.3. From the year of granting an exclusive exploitation authorization, the annual report referred to in Article 8.2 shall also include the following:

(a) information on all development and production operations carried out during the previous Calendar Year, including the quantities of Petroleum produced and those sold, if any;

(b) information on all transportation and sales operations together with the location of the main facilities built by the Contractor, if any;

(c) a statement specifying the number of employees and workers, their qualification and their nationality, together with a report on the medical care and training provided to them.
ARTICLE 31

ARBITRATION

31.1. Save with respect to a dispute under Article 18.5, in the event of any dispute between
the STATE or NOCAL and the Contractor relating to, or arising out of, the interpretation
or execution of the provisions of this Contract, the Parties shall make their best efforts
to settle such dispute amicably.

If within two (2) months from the date of notice of such dispute by a Party to the
other(s), the Parties have not reached settlement, any Party may refer the dispute for
arbitration to the International Chamber of Commerce in accordance with its Rules of
Arbitration.

31.2. The arbitration shall be held in London, England. The language used during the
procedure shall be the English language. The arbitration shall be determined by three
(3) arbitrators. The arbitrators shall not have the same nationality as the Parties.

The arbitration tribunal’s award shall be final; it shall be binding on the Parties and shall
be enforceable in any court of appropriate jurisdiction.

31.3. The expenses of any arbitration shall be borne equally by the Parties to the dispute,
that is to say, each Party shall pay the expenses of its own arbitrator and the expenses
of the third arbitrator in equal shares, and any expenses imposed by the International
Chamber of Commerce shall be shared equally by the Parties.

The performance by the Parties of their obligations under this Contract shall not be
suspended during the course of the arbitration.

31.4 For purposes of allowing such arbitration, and enforcement and execution of any
arbitration decision, award, issuance of any attachment, provisional remedy or other
pre-award remedy, each Party waives any and all claims to immunity, including, but
not limited to, any claims to sovereign immunity.
ARTICLE 32

FORCE MAJEURE

32.1. No delay or default of a Party in performing any of the obligations resulting from this Contract shall be considered as a breach of this Contract if such delay or default is caused by a case of Force Majeure.

If in the event of Force Majeure the performance of any of the obligations under this Contract is delayed, that delay extended by the period of time required to repair the damage caused during such delay and to resume the Petroleum Operations, shall be added to the period provided by this Contract for the performance of said obligation, and the exclusive exploration or exploitation authorizations shall be extended by that period as regards the area concerned by Force Majeure.

32.2. Force Majeure means any event unforeseeable and beyond the control of a Party, such as: earthquake, flood, accident, strike, lockout, riot, delay in obtaining the rights-of-way (declared or undeclared), insurrection, civil disturbances or commotion, sabotage, acts of war or conditions attributable to war, or any other cause beyond its control, similar to or different from those already mentioned.

32.3. Where a Party considers it is prevented from performing any of its obligations by the occurrence of Force Majeure, it shall forthwith notify the other Parties thereof by specifying the grounds for establishing Force Majeure, and take all necessary steps to ensure the normal resumption of the performance of the concerned obligations upon termination of the event constituting the Force Majeure.

Obligations other than those affected by Force Majeure shall continue to be performed in accordance with the provisions of this Contract.
ARTICLE 33

JOINT AND SEVERAL OBLIGATIONS
AND GUARANTEES

33.1. All the clauses, conditions and provisions of this Contract shall be binding on the Parties and their respective successors and assignees. This Contract constitutes the only agreement between the Parties and no previous communication, promise or agreement, whether oral or written, between the Parties, related to the purpose of this Contract may be asserted to amend the clauses hereof.

The STATE certifies and guarantees that there is no other applicable agreement with respect to the petroleum rights within the Delimited Area, that it will perform its obligation in fairness and good faith and that this Contract will not be cancelled, amended or modified except by agreement between the Parties.

The STATE hereby guarantees:

(a) those rights granted or to be granted by NOCAL or any Governmental Authority to the Contractor under this Contract;

(b) those obligations undertaken or to be undertaken by NOCAL or any Governmental Authority under this Contract;

(c) that none of the Contractor's rights, interests or property shall be expropriated, nationalised or otherwise taken by reason of any act of any authority of the Republic of Liberia. In the event, however, that any such expropriation, nationalisation or other taking of any of the Contractor's rights, interests or property (including undeveloped reserves) occurs, the STATE shall provide full and prompt compensation.

The STATE agrees and undertakes that such legislative measures will be taken forthwith to enact this Contract into law so as to ensure that all rights, privileges and exemptions granted under this Contract to the Contractor, its Affiliated Companies, agents and subcontractors have full legal force and effect, and in particular to ensure that, upon approval by the Parliament of the Republic of Liberia of this Contract, this Contract shall constitute a law of the Republic of Liberia and shall take precedence over any law (or part thereof) of the Republic of Liberia which is inconsistent with or conflicts with any of the provisions of this Contract.

The privatisation, insolvency, liquidation, reorganisation or any other change in the structure or legal existence of NOCAL shall not affect the obligations of the STATE hereunder. The STATE shall, throughout the entire duration of this Contract, ensure that the rights and obligations of NOCAL under this Contract are always vested in and undertaken by an entity authorised to and capable of performing such obligations, failing
which the STATE itself shall perform directly all such obligations of NOCAL under this Contract.

33.2. Where the Contractor is constituted by several entities, the obligations and liabilities of those entities under this Contract shall be joint and several.
ARTICLE 34

RIGHTS OF ASSIGNMENT

34.1. All or part of the rights and obligations arising from this Contract may be assigned by any of the entities constituting the Contractor to Third Parties whose technical and financial reputation is well established; the assignees with the other entities constituting the Contractor shall thereafter be jointly and severally liable for the obligations arising from this Contract.

Any assignment shall be subject to the prior approval of NOCAL, which approval shall not be unreasonably withheld.

If within thirty (30) days following notification to NOCAL of a proposed assignment accompanied by all the related information and the draft assignment deed, NOCAL has not given its decision, that assignment shall be deemed to be approved by NOCAL.

From the date of approval of an assignment, the assignee shall comply with the terms and conditions of this Contract.

34.2. All or part of the joint and several rights and obligations arising from this Contract may be freely assigned at any time by any of the entities constituting the Contractor to one or more Affiliated Companies or other entities constituting the Contractor.

34.3. Without prejudice to its obligations hereunder, the Contractor shall have the right to freely mortgage, pledge or otherwise encumber its interests in the Contract or any property in or outside the Republic of Liberia which is used for Petroleum Operations, provided that any such mortgage, pledge or other encumbrance shall be made expressly subject to the terms of this Contract and shall be subject to the prior approval of NOCAL, which approval shall not be unreasonably withheld.

34.4. NOCAL may freely assign its rights and obligations under this Contract upon thirty (30) days written notice to Contractor provided that such assignee shall be a competent body authorized by the STATE to undertake fully the rights and obligations of NOCAL assigned to it under this Agreement.
ARTICLE 35

STABILITY OF CONDITIONS

35.1. This Contract is executed between the Parties in accordance with the laws and regulations in force at the date of its signing and on the basis of the provisions of said laws and regulations, as regards, inter alia, the economic, fiscal and financial provisions of this Contract.

35.2 This Contract may not be amended or modified by virtue of the adoption or amendment of law, regulation, treaty, inter-governmental agreement, decree or administrative order by the Republic of Liberia after the Effective Date. This Contract may only be amended or modified by written agreement of all Parties.

In the event any new laws, regulations, treaties, inter-governmental agreements, decrees or administrative orders modify the provisions of the laws and regulations in force at the date of signing of this Contract and should those modifications bring about a material change in the respective economic situation of the Parties resulting from the original provisions of this Contract, the Parties shall in good faith enter into an agreement with a view to modifying those provisions in order to restore the economic balance of this Contract as intended at the signing hereof and if the rights or interests of Contractor have been adversely affected, then NOCAL shall indemnify the Contractor (and its assignees) for any disbenefit, deterioration in economic circumstance, loss or damages that ensue therefrom.

35.3 In the event of other changes in circumstances from those existing at the date of signing hereof that have a material effect on the terms of this Contract, either NOCAL or the Contractor shall request of the other to consult together. If it is established that such Profound Changes in Circumstances have occurred, then the Parties shall effect such changes in or clarifications to this Contract that they agree are necessary. The Parties shall meet in good faith to make the necessary revisions and adjustments to this Contract in order to maintain such expected economic benefits to each of the Parties, provided that the economic benefits to the Parties shall not be reduced as a result of exercising the terms of this Article. For the purposes of this Article, the term "Profound Changes in Circumstances" shall mean such changes in the economic conditions of the petroleum industry world-wide or in Liberia or such changes that result in such a material and fundamental alteration of the conditions and assumptions relied upon by the Parties at the date of signing hereof (or the time after any subsequent review under this Article) to the effect that the overall balance of equities and benefits reasonably anticipated by the Parties will no longer be achievable. It is understood that this Article 35.3 subjects the Parties to a simple obligation to consider in good faith the proposed modification of this Contract. This Contract shall remain unaltered and in force during any such period of consideration.
ARTICLE 36
CONFIDENTIALITY

36.1 (a) Subject to the provisions of this Contract, each Party agrees that all information and data of a technically, geologically or commercially sensitive nature acquired or obtained relating to Petroleum Operations and which on the Effective Date is not in the public domain or otherwise legally in the possession of such Party without restriction on disclosure shall be considered confidential and shall be kept confidential (subject to Contractor's right to trade in such data and information in accordance with Article 36.2) and not be disclosed to any person or entity not a Party to this Contract, except:

(1) To an Affiliated Company, provided such Affiliated Company maintains confidentiality as provided in this Contract;

(2) To a governmental agency or other entity when required by this Contract;

(3) To the extent such data and information is required to be furnished in compliance with any applicable laws or regulations, or pursuant to any legal proceedings or because of any order of any court binding upon a Party;

(4) To potential subcontractors, consultants and attorneys employed by any Contractor Party where disclosure of such data or information is essential to such sub contractor's, consultant's or attorney's work;

(5) To a bona fide prospective transferee of a Party's participating interest (including an entity with whom a Party is conducting bona fide negotiations directed toward a merger, consolidation or the sale of a majority of its or an Affiliated Company's shares);

(6) To a bank or other financial institution to the extent appropriate to a Party arranging for funding for its obligations under this Contract;

(7) To the extent such data and information must be disclosed pursuant to any rules or requirements of any government or stock exchange having jurisdiction over any Party, or its Affiliated Companies;

(8) Where any data or information which, through no fault of a Party, becomes a part of the public domain; and

(9) To the arbitrators in accordance with Article 31 or to any expert in accordance with Article 18.

(b) Each Party shall take customary precautions to ensure such data and information on Petroleum Operations is kept confidential by its respective employees;

(c) Any Contractor ceasing to own a participating interest in this Contract during the term of this Contract shall nonetheless remain bound by the obligations of confidentiality set forth above and any disputes shall be resolved in accordance with the arbitration
provisions hereof, and the confidentiality obligations of the Contractor as set forth herein shall survive a period of three (3) years from the termination of this Contract.

36.2 Notwithstanding the foregoing, Contractor shall have the free right to trade with Third Parties all data relating to the Delimited Area for other data relating to Liberia with the approval of NOCAL, such approval not to be unreasonably withheld.

36.3 Each Contractor, notwithstanding any other provisions in this Article 36, may make disclosures in annual reports, employee and shareholder newsletters, magazines and the like of summaries of a general nature relating to Petroleum Operations, which are customarily or routinely described or reported in such publications.
ARTICLE 37
IMPLEMENTATION OF THE CONTRACT

37.1. The Parties agree to cooperate in every possible manner to achieve the objectives of this Contract.

NOCAL shall facilitate the Contractor's performance of its activities by granting it any permits, licenses and access rights necessary for the performance of the Petroleum Operations and by making available to it any appropriate services and facilities, so that the Parties can obtain the best benefit from a sincere cooperation. However, the Contractor shall observe the applicable procedures and formalities, and shall apply to the competent Ministries and/or Agencies of the Administration.

37.2 Except as otherwise provided in this Contract any notice or other document to be given under this Contract shall be in writing and shall be deemed to be duly given if it (or the envelope containing it) identifies the Party to whom it is intended to be given as the addressee and it is:

37.2.1 delivered personally; or
37.2.1 sent by facsimile transmission

to the respective addresses shown below or to such other addresses and/or numbers as a Party may by notice to the other Parties expressly substitute therefor. The respective addresses for service are:

STATE: Executive Mansion, Capitol Hill, Monrovia, Liberia
Fax:
Attention:

NOCAL: Episcopal Church Plaza, 3rd Floor, Corner of Ashmun Street & Randall Street 1000, Monrovia 10, Liberia
Fax:
Attention: President and CEO

RLI: 11 Berkeley Street, London W1J 8DS
Fax: + 44 20 7408 9501
Attention: Company Secretary

EHL: 11 Berkeley Street, London W1J 8DS
Fax: + 44 20 7408 9535
Attention: Company Secretary

Any notice duly given shall be deemed to have been both given and received:

37.3.1 if it is delivered in accordance with Article 37.2.1, on such delivery;
37.3.2 If it is duly sent in accordance with Article 37.2.2 upon receipt by the sender of the correct transmission report.

37.3 If NOCAL considers that the Contractor has committed a breach in the performance of any of its obligations, it shall so notify the Contractor in writing and the Contractor shall have sixty (60) days to remedy the breach or refer the matter to arbitration in accordance with this Contract.

37.4 The terms and conditions of this Contract may be modified only in writing and by mutual agreement between the Parties.

37.5 Unless otherwise specified in writing, NOCAL shall represent the STATE under this Contract and is empowered to grant, in the name and on behalf of the STATE, any consent necessary or useful for the implementation of this Contract.

37.6 Headings in this Contract are inserted for purposes of convenience and reference and in no event shall define, restrict or describe the scope of object of the Contract or of any of its clauses.

37.7 Appendices 1 and 2 attached hereto shall form an integral part of this Contract.

37.8 Any waiver by the STATE or NOCAL concerning the performance of any obligation of the Contractor shall be in writing and signed by the representative of the STATE or NOCAL, and no waiver shall be implied if the STATE or NOCAL does not exercise any of its rights to which it is entitled under this Contract.
ARTICLE 38

EFFECTIVE DATE

Upon execution by the Parties and when promulgated as a law of the Republic of Liberia, this Contract shall become effective, such date of promulgation being referred to as the Effective Date, and said Contract shall become binding on the Parties.

IN WITNESS WHEREOF, the Parties have signed this Contract on the date as set forth below.

Executed on behalf of the Republic of Liberia on 2005 by

Minister of Justice

Chairman, National Transitional Government of Liberia

Executed on behalf of the National Oil Company of Liberia on 16th June, 2005 by

President

Chairman of the Board of Directors

Executed on behalf of Regal Liberia Limited on 16th June 2005 by

Director
Executed on behalf of European Hydrocarbons Limited on 2005 by

Director

Ratified by: National Transitional Legislative Assembly on 2005
APPENDIX 1

Attached to and made part of this Contract between the STATE, NOCAL and the Contractor.

DELIMITED AREA

On the Effective Date, the Delimited Area, designated as Block 8, is the area inside the perimeter constituted by the geographical co-ordinates set out below (with reference to the Greenwich meridian) and as separately identified on the map attached hereto.

<table>
<thead>
<tr>

Those co-ordinates are only given for purposes of this Contract and shall not be considered as the boundaries of the national jurisdiction of Liberia.

The surface of the Delimited Area above-defined is equal to approximately 3,621.29 sq. km.
APPENDIX 2

Attached to and made part of this Contract between the STATE, NOCAL and the Contractor.

ACCOUNTING PROCEDURE

Article I — General Provisions

I.1. Object

This Accounting Procedure shall be followed and observed in the performance of the obligations under the Contract to which this Appendix is attached.

I.2. Accounts and statements

The registers and accounting books of the Contractor shall be in conformity with accounting rules and regulations for business applicable in Liberia. However, the Contractor may apply the accounting rules and procedures customarily used in the petroleum industry, insofar as none of these are contrary to the rules and regulations referred to above.

In accordance with the provisions of Article 25 of the Contract, accounts, books and registers shall be maintained and recorded in Dollars. These accounts shall be used, inter alia, to determine the amount of Petroleum Costs, the recovery of said Costs, the production sharing, as well as for the purposes of Contractor's tax return.

The Contractor shall record all operations connected with the Petroleum Operations in accounts separate from those relating to any other activities which it may carry out in the Republic of Liberia.

All accounts, books, records and statements, together with documents supporting expenses incurred, such as invoices and service contracts, shall be kept in the Republic of Liberia in order to be provided at the request of the competent authorities of Liberia.

I.3. Interpretation

The definitions of the terms used in this Appendix 2 shall be the same as those of the same terms set forth in the Contract.

In the event of any conflict between the provisions of this Accounting Procedure and the Contract, the provisions of the Contract shall prevail.
I.4. Modifications

The provisions of this Accounting Procedure may be modified by mutual agreement between the Parties.

The Parties agree that if any provision of the Accounting Procedure proves inequitable to either Party, such provision shall be negotiated in good faith by the Parties and upon agreement modified.
Article II — Petroleum Costs

II.1. Petroleum Costs Account

The Contractor shall maintain a "Petroleum Costs Account" which will record in detail the expenses incurred by the Contractor directly relating to the Petroleum Operations carried out under this Contract, and which will be recoverable in accordance with the provisions of Article 16 of the Contract.

This Petroleum Costs Account shall, inter alia, record separately, by Appraisal Perimeter or Exploitation Perimeter if any, the following expenses:

(a) exploration expenditures;
(b) appraisal expenditures;
(c) development expenditures;
(d) exploitation expenses;
(e) financial costs;
(f) overhead costs in Liberia;
(g) overhead costs abroad.

The Petroleum Costs Account shall enable, inter alia, to identify at any time:

(a) the total amount of Petroleum Costs since the Effective Date;
(b) the total amount of Petroleum Costs recovered;
(c) the total amount credited to the Petroleum Costs Account pursuant to Article II.4. below;
(d) the total amount of Petroleum Costs which remain to be recovered.

For the purposes of Article 16 of the Contract, Petroleum Costs shall be recovered in the following sequence:

(a) exploitation expenses in respect of a Field incurred and paid from the date of commencement of regular production;
(b) financial costs;
(c) other Petroleum Costs.

In addition, within each of the foregoing categories, the costs shall be recovered in the sequence in which they are incurred.

Unless otherwise provided for in this Accounting Procedure the intent of the Parties is not to duplicate any item of the credit or debit of the accounts maintained under the Contract.

II.2. Items debited to the Petroleum Costs Account

The following expenses and costs shall be debited to the Petroleum Costs Account:

II.2.1. Personnel expenses

All payments in respect of the salaries and wages of the Contractor's employees directly assigned to the Petroleum Operations carried out under this Contract, in the Republic of Liberia, whether temporarily or permanently, including amounts imposed by the applicable laws and costs of employees' benefits and all additional charges or expenses in accordance with the individual or collective employment contracts or pursuant to the Contractor's personnel policies.

II.2.2 Overhead costs in Liberia

Wages and salaries of the Contractor's personnel directly engaged in the Petroleum Operations in the Republic of Liberia, whose work time is not directly allocated to the programs, as well as costs of maintaining and operating in Liberia a main and administrative office and sub-offices necessary for the Petroleum Operations.

II.2.3 Overhead costs abroad

The Contractor shall add a reasonable amount as overhead paid abroad, connected to the carrying out of the Petroleum Operations by the Contractor or its Affiliated Companies, such amounts representing the estimated cost of services directly rendered for the benefit of the said Petroleum Operations.

The amounts charged shall be provisional amounts established on the basis of the experience of the Contractor, and shall be annually adjusted according to the actual costs borne by the Contractor.
However, overhead costs paid abroad shall be charged only within the following limits:

(a) prior to the grant of an exclusive exploitation authorization ten percent (10%) of the expenses charged to the Petroleum Costs Account excluding overhead costs for the year in question;

(b) from the grant of the first exclusive exploitation authorization ten percent (10%) of expenses charged to the Petroleum Costs Account excluding overhead costs for the year in question.

II.2.4 Buildings

Construction, maintenance expenses, as well as rents paid for all offices, houses, warehouses and buildings of other types, including housing for employees, and cost of equipment, furniture, and fittings necessary for the operation of those buildings directly required for the performance of the Petroleum Operations.

II.2.5. Materials, equipment and rentals

Costs of equipment, materials, machinery, and facilities purchased or provided for use in the Petroleum Operations, as well as rentals or compensations paid or incurred for the use of any equipment or facilities required directly for the performance of the Petroleum Operations.

II.2.6. Services

Costs of services directly related to Petroleum Operations rendered by subcontractors and consultants, as well as any costs directly related to services rendered by the STATE or NOCAL or any other authorities of the Republic of Liberia.

Costs of services directly related to Petroleum Operations rendered by Affiliated Companies, provided that such costs shall not exceed those normally charged by independent companies for an identical or similar service.

II.2.7. Insurance Premiums and equivalent

Premiums paid for insurances customarily taken out for the Petroleum Operations to be carried out by the Contractor as well as the equivalent amount of premiums quoted by an independent underwriter for the risks that are self-insured by the Contractor. Such premiums in the latter case must be competitive and generally applicable in the petroleum industry.
II.2.8. Legal Expenses

All expenses of handling, investigation and settlement of litigation or claims directly arising from the Petroleum Operations.

II.2.9. Financial Costs

All interests paid by the Contractor in respect of the loans from Third Parties and advances obtained from Affiliated Companies, provided that those loans and advances shall be for the purpose of the financing of Petroleum Costs related only to the development of Petroleum Operations in respect of a Field. In the event such financing is provided by Affiliated Companies, the allowable interest rates shall not exceed the rates customarily used in the international financial markets for loans of a similar nature.

II.2.10. Other Expenses

Any other expenses incurred and paid by the Contractor for the purposes of the necessary and proper conduct of the Petroleum Operations under the approved Annual Work Programs and Budgets including all wages, salaries, expenses and costs incurred in complying with the obligations set out in Articles 8.2, 8.3, 8.4 and 30, other than the expenses covered and dealt with by the foregoing provisions of this Article and other than the expenses excluded from the Petroleum Costs.

II.3. Expenses not chargeable to the Petroleum Costs Account

The expenses which are not directly necessary for the performance of the Petroleum Operations, and the expenses excluded by the provisions of this Contract or this Accounting Procedure as well as by the regulations in force in Liberia, are not chargeable to the Petroleum Costs Account and shall therefore not be recoverable.

Such expenses shall include, without limitation:

(a) expenses relating to the period before the Effective Date;

(b) any expenses relating to the operations carried out beyond the Delivery Point, such as transportation and marketing costs;

(c) exchange losses;

(d) bonuses as defined in Article 19 of the Contract.
ii.4. Items credited to the Petroleum Costs Account

The following income and proceeds shall, inter alia, be credited to the Petroleum Costs Account:

(a) the net proceeds of any successful insurance claim in connection with Petroleum Operations where the claim is with respect to operations or assets which were insured and where the insurance premium (or equivalent if self-insured) with respect thereto has been charged to the Petroleum Costs Account;

(b) any adjustments received by the Contractor from the suppliers/manufacturers (or their agents) in connection with defective material and equipment, the cost of which was previously charged by the Contractor to the Petroleum Costs Account;

(c) the net proceeds of sale on disposal of assets used in Petroleum Operations;

(d) any other income or proceeds related to the Petroleum Operations, specifically those arising from:

  - sales of related substances;

  - any services rendered to Third Parties using the facilities dedicated to the Petroleum Operations, including, but not limited to: processing, transportation and storage of products for Third Parties in those facilities.
Article III — Cost Evaluation Basis For Services, Materials and Equipment Used in the Petroleum Operations

III.1. Technical services

A reasonable rate shall be charged for the technical services rendered by the Contractor or its Affiliated Companies for the direct benefit of the Petroleum Operations carried out under the Contract, such as gas, water, core analyses and any other analyses and tests, provided that such charges shall not exceed those normally charged by independent technical service companies and laboratories for similar services.

III.2. Purchase of materials and equipment

Materials and equipment purchased from Third Parties and directly necessary for the performance of the Petroleum Operations carried out under the Contract shall be charged to the Petroleum Costs Account at "Net Cost" incurred by the Contractor.

"Net Cost" shall include such items as taxes, shipping agent fees, transportation, loading and unloading costs, license fees, related to the supply of materials and equipment, as well as transit losses not recovered through insurance.

III.3. Use of equipment and facilities owned exclusively by the Contractor

Equipment and facilities owned by the Contractor and used directly for the Petroleum Operations shall be charged to the Petroleum Costs Account at a rental rate which shall be sufficient to cover maintenance, repairs, depreciation and services required for the performance of the Petroleum Operations.

III.4. Valuation of materials

All materials transferred to Liberia from the Contractor’s warehouses, or from those of any entity constituting the Contractor or their Affiliated Companies, shall be valued as follows:

(a) New material

New material (condition "A") means new material which has never been used; one hundred percent (100%) of the current market price, which corresponds to the price normally charged for similar supplies in arm’s length transactions between buyer and seller.

Material in good condition (condition "B") means material in good condition which is still usable for its original purpose without repair, at a maximum of seventy-five percent (75%) of the price of new material.
(b) **Other used material**

Other used material (condition "C") means material still usable for its original purpose, but only after repairs and reconditioning: at a maximum of fifty percent (50%) of the price of new material.

(c) **Material in poor condition**

Material in poor condition (condition "D") means material no longer usable for its original purpose but still usable for other purposes: at a maximum of twenty-five percent (25%) of the price of new material.

(d) **Scrap material**

Scrap material (condition "E") means material beyond usage and repair: prevailing price of scrap material.

### III.5. Materials and equipment disposed of by the Contractor

Materials and equipment purchased by all the entities constituting the Contractor and then sold shall be valued in accordance with the principles defined in Article III.4 above.

Materials and equipment purchased by any entity constituting the Contractor or by Third Parties and then sold shall be valued at the received sale price, which shall in no event be less than the price determined in accordance with the principles defined in Article III.4 above.

The corresponding amounts shall be credited to the Petroleum Costs Account.
Article IV — Inventories

IV.1. Period

The Contractor shall keep a permanent inventory both in quantity and value of all normally controllable materials used for the Petroleum Operations and shall proceed at reasonable intervals with the physical inventories as required by the Parties.

IV.2. Notice

A written notice of intention to take an inventory shall be sent by the Contractor at least ninety (90) days prior to the commencement of said inventory so that NOCAL and the entities constituting the Contractor may be represented at their own expense during the inventory operations.

IV.3. Information

In the event NOCAL or any entity constituting the Contractor shall not be represented at an inventory, such Party or Parties shall be bound to accept the inventory taken by the Contractor which shall furnish to such Party or Parties a copy of said inventory.
Article V — Financial and Accounting Statements

The Contractor shall furnish the STATE and NOCAL with all the reports, records and statements provided by the provisions of the Contract and the applicable regulations and, inter alia, the following financial and accounting statements:

V.1. Statement of exploration work obligations

Such annual statement shall be submitted not later than three (3) months after the end of each Contractual Year in respect of the exploration periods.

It shall present with details the exploration work and expenditures carried out by the Contractor to fulfill its obligations set forth in Article 4 of the Contract, excluding specifically appraisal wells and related appraisal expenditures as well as development expenditures, exploitation expenses, overhead costs and bonuses.

V.2. Statement of recovery of Petroleum Costs

A quarterly statement shall be submitted not later than two (2) months after the end of each Calendar Quarter. It shall present the following items of the Petroleum Costs Account:

(a) the amount of Petroleum Costs which remain to be recovered at the beginning of the quarter;

(b) the amount of Petroleum Costs in respect of that quarter and recoverable under the provisions of the Contract;

(c) the quantity and the value of the production of Petroleum taken by the Contractor during the quarter for the purpose of recovery of the Petroleum Costs;

(d) the amount of income or proceeds credited for the purpose of Article II.4. above during the quarter;

(e) the amount of Petroleum Costs which remain to be recovered at the end of the quarter.

In addition, an annual statement of the recovery of Petroleum Costs shall be submitted prior to the end of February of each Calendar Year.

V.3. Statement of production

After commencement of production, such monthly statement shall be submitted not later than fifteen (15) days after the end of each month.
It shall present for each month the detailed production of each Exploitation Perimeter and, inter alia, the quantities of Petroleum:

(a) stored at the beginning of the month;
(b) lifted during the month;
(c) lost and used for the requirements of the Petroleum Operations;
(d) stored at the end of the month.
ADDENDUM TO PRODUCTION SHARING CONTRACT
BETWEEN THE NATIONAL OIL COMPANY OF LIBERIA
AND REGAL LIBERIA LIMITED AND EUROPEAN HYDROCARBONS
LIMITED, BLOCK LB-8

BETWEEN

The Republic of Liberia, represented for the purposes of this Addendum by the National Oil Company of Liberia NOCAL, a company duly organized, existing and doing business under the laws of Liberia; represented by its Chairman of the Board and President/CEO, hereinafter referred to as “NOCAL”;

AND

Regal Liberia Limited and European Hydrocarbons Limited, a company incorporated under the laws of England and Wales, hereinafter referred to collectively as “the Contractor”.

WITNESSETH:

WHEREAS, a Production Sharing Contract hereinafter, the “Contract” was entered into by and between NOCAL and the Contractor on June 16, 2005;

WHEREAS, the conditions of Article 38 of the Contract have not been satisfied up to and including the date hereof;

WHEREAS, pursuant to Article 33 of the Contract, the Parties have mutually agreed to amend the Contract on the terms and conditions set forth herein;

NOW THEREFORE, for and in consideration of the exchange of promises, the Parties hereto covenant and mutually agree to amend the articles and sub-articles to the Contract as follows:

ARTICLE 3

DURATION OF EXPLORATION PERIODS AND SURRENDERS

3.1 The exclusive exploration authorization is hereby granted to the Contractor for a period of eight (8) consecutive years defined by three (3) consecutive periods.

A first Exploration Period of four (4) Contract Years, a second Exploration Period of two (2) Contract Years and a third Exploration Period of two (2) Contract Years in respect of the entire Delimited Area.
3.2 If during the first exploration period set forth above the Contractor has fulfilled the exploration work commitments defined in Article 4, as ascertained by the Government, the exclusive exploration authorization shall, at the Contractor's request, be renewed for a second exploration period of two (2) Contract Years.

ARTICLE 4

EXPLORATION WORK COMMITMENTS

4.2 The Contractor, during the first exploration period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than eight (8) million Dollars which includes a 3D Seismic Survey of 1500 square Kms and the drilling of one (1) exploratory well.

Contingent on a successful 3D seismic acquisition program and subsequent interpretation of the data, the Contractor undertakes to make reasonable efforts to drill one (1) exploratory well in the first period, but in any event not later than the middle of the second exploratory period.

4.3 The Contractor, during the second exploratory period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than ten (10) million Dollars which includes the drilling of one (1) exploratory well.

4.4 The Contractor, during the third exploration period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than ten (10) million Dollars which includes the drilling of one (1) exploratory well.

4.5 Each of the exploratory wells shall be drilled to a minimum depth of two thousand (2000) meters, after deduction of the water depth, or to a lesser depth if the continuation of drilling performed in accordance with good international petroleum industry practice is prevented for any of the following reasons:

(a) The basement is encountered at a lesser depth than the minimum contractual depth;

(b) Continuation of drilling presents an obvious danger due to the existence of abnormal formation pressure;

(c) Rock formations are encountered the hardness of which prevents, in practice, the continuation of drilling by the use of appropriate equipment;

(d) Petroleum formations are encountered the crossing of which requires, for their protection, the laying of casings preventing the minimum contractual depth from being reached.
In the event that any of the above reasons occurs, the exploratory well shall be deemed to have been drilled to the minimum contractual depth.

In order to carry out the exploration drilling defined in Articles 4.2, 4.3 and 4.4 in the best technical conditions in accordance with good international petroleum industry practice, the Contractor undertakes to make the expenditure required to meet the objectives of the well work programme which will include drilling and, as appropriate, testing.

4.7 If at the expiration of any of the three (3) exploration periods defined in Articles 3.1, 3.2 and 3.3 or upon the date of surrender of the whole Delimited Area, or upon the date of termination of this Contract, the Contractor has not fulfilled its work commitments set forth in this Article, it shall pay a compensation to NOCAL, within thirty (30) days after the date of expiration, surrender or termination, the unspent balance of investment obligations above-defined for that current exploration period.

4.8 In a given exploration period, in the event where the Contractor drills, one or more additional exploration wells to those required under 4.2, 4.3 and 4.4 or exceeds its investment obligations relating to that period, then the excess well(s) or investment expenditure may be carried forward, into the next succeeding exploration period(s) and off-set against any other exploration well work commitments or investment obligations.

ARTICLE 6

CONTRACTOR'S OBLIGATIONS IN RESPECT OF THE EXPLORATION PERIODS AND ENVIRONMENTAL MANAGEMENT

6.5 The Contractor further undertakes to carry out all Petroleum Operations in accordance with the Environmental Protection and Management Laws of Liberia and all international environmental protocols. In this respect, the Contractor shall:

(a) Submit to the Government, through NOCAL, an Environmental Impact Statement (EIS) prior to the commencement of exploration and production.

(b) Take reasonable preventative, corrective and restorative measures to protect from pollution, contamination or damage resulting from Petroleum Operations to water bodies, land surfaces and the atmosphere, and that any pollution, contamination and damage of such water bodies, land surface and atmosphere hereunder be rectified.

Subject to the foregoing, and at the conclusion of Petroleum Operations in the Delimited Area, the Contractor will undertake reasonable efforts to restore the Delimited Area to the state in which it was before the Petroleum Operations. However, the Contractor shall have
no liability for any environmental damages caused after the transfer of such assets as per Article 20.1.

6.8 The Contractor and its subcontractors shall be obligated to give preference to enterprises and goods from Liberia, if conditions of proven experience, price, quality, delivery time and terms of payment are similar to those from other countries or from non-Liberian sources. If the above conditions are met, the Contractor commits itself to award to only Liberians, supply, construction or service contracts, the estimated value of which is under Two Hundred Thousand United States Dollars (US$200,000.00). Subject to the above conditions, in the event that the contract for supply, construction or service is above Two Hundred Thousand United States Dollars (US$200,000.00), and is awarded to a Non-Liberian contractor, then and in that event, such Non-Liberian contractor shall enter into a partnership arrangement with a Liberian company(ies).

ARTICLE 16

RECOVERY OF PETROLEUM COSTS AND PRODUCTION SHARING

16.2 For the purposes of recovery of the Petroleum Costs, the Contractor may freely take each Calendar Year a portion of the production in no event greater than seventy percent (70%) of the Total Production of Crude Oil or Gas from the Delimited Area, or only any lesser percentage which would be necessary and sufficient to recover remaining cost.

The value of such portion of Total Production allocated to the recovery of the Petroleum Costs by the Contractor, as defined in the preceding paragraph, shall be calculated in accordance with the provisions of Article 18.

If during a Calendar Year the Petroleum Costs not yet recovered by the Contractor under the provisions of this Article 16.2 exceed the equivalent in value of seventy percent (70%) of the Total Production of Crude Oil or Total Production of Gas from the Delimited Area, as calculated above, the balance of the Petroleum Costs which cannot be recovered in that Calendar Year shall be carried forward in the following Calendar Year or Years until full recovery of the Petroleum Costs or until the expiration of this Contract.

16.3 The quantity of Crude Oil from the Delimited Area remaining during each calendar year after the Contractor has taken from the Total Production the portion necessary for the recovery of the Petroleum Costs, hereinafter referred to as "Remaining Oil Production" shall be shared between NOCAL and the Contractor as follows:
In case of natural gas, NOCAL's share shall be 30% and the Contractor 70% of barrels of crude oil equivalent per day.

ARTICLE 17

TAXATION

17.1 Unless otherwise provided for in this Contract, the Contractor shall, in respect of its Petroleum Operations, be subject to the laws generally applicable and the regulations in force in Liberia concerning taxes which are or may be levied on incomes, or determined thereon.

It is specifically acknowledged that the provisions of this Article shall apply solely to the Contractor under the Contract.

The Contractor shall keep separate accounts for each Fiscal Year in respect of the Petroleum Operations, in accordance with the regulations in force in Liberia, enabling in particular the establishment of a profit and loss account as well as a balance sheet showing both the results of said Petroleum Operations and the asset and liability items allocated or related thereto.

17.2 For the purposes of Article 17.1 the Contractor shall in respect of its net profit arising from Petroleum Operations, be liable to corporate income tax under the laws and regulations in force in Liberia. Income tax rate applicable to Petroleum Operations carried out under this Contract shall be thirty (30%) percent, which shall be paid directly by the Contractor to the Government of Liberia.

Notwithstanding the above, as a further incentive to the Contractor, the Government of Liberia specifically grants to the Contractor a tax holiday (waiver) on its corporate income tax for ten (10) consecutive years from the day of the first commercial production from the Delimited Area. Thereafter, the provisions of Article 17.2.1 shall apply and shall take effect.

The last paragraph of Article 17.2 of the Contract is void and of no further force and effect.
Paragraph 17.6 is void and of no further force and effect.

Paragraph 17.7 insert the words "During the Exploration Period", before In Particular.

ARTICLE 19

BONUSES AND HYDROCARBON DEVELOPMENT FUND

19.1 The Contractor shall pay to NOCAL the following bonuses:

(a) Two (2) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of thirty thousand (30,000) Barrels per day during a period of thirty (30) consecutive days.

(b) Three (3) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of fifty thousand (50,000) Barrels per day during a period of thirty (30) consecutive days.

(c) Five (5) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of one hundred thousand (100,000) Barrels per day during a period of thirty (30) consecutive days.

Each of the amounts referred to in (a), (b) and (c) above shall be paid within thirty (30) days following the expiration of the reference period of thirty (30) consecutive days.

19.2 These bonuses shall not be recoverable and therefore shall not be treated as Petroleum Costs.

19.3 HYDROCARBON DEVELOPMENT FUND

19.3.1 To stimulate research in the field of hydrocarbon, most especially in continental areas, and to assist the Government in its overall goal of achieving energy sustainability, a Hydrocarbon Development Fund, to be managed by NOCAL, has been established.

Consequently, the Contractor shall make a contribution of Five Hundred Thousand US Dollars (US$500,000.00) to this fund. The aforementioned amount shall be contributed by the Contractor in four (4) equal installments of One Hundred and Twenty-five Thousand US Dollars (US$ 125,000.00) each, over the first exploration period, the first of which will be paid within thirty (30) days of the Effective Date of this Contract. Thereafter, installment payments shall be made within thirty (30) days of each subsequent anniversary of the first exploration period.
19.3.2 The contribution of the Hydrocarbon Development Fund referred to in Article 19.3.1 will be recoverable and therefore, shall be considered as Petroleum Costs.

19.3.3 The Parties agree that all payments made under this Contract shall be made in accordance with protocols laid down by the Extractive Industries Transparency Initiative (EITI).

ARTICLE 29
PERSONNEL AND TRAINING

29.2 Upon commencement of the Petroleum Operations, the Contractor shall provide funding for Training Programmes and for that purpose the Contractor shall devote an annual Training Budget of:

(a) One Hundred Thousand United States Dollars (US$100,000.00) during each year of the exploration period;

(b) Two Hundred Thousand United States Dollars (US$200,000.00) during each year of the exploration period.

Additionally, the Contractor shall make an annual contribution of Seventy-five Thousand United States Dollars (US$75,000.00) to the University of Liberia for the enhancement of programmes in Geology, Mining Engineering and Environmental Studies.

29.3 Upon commencement of the Petroleum Operations, the Contractor shall provide funding for Social and Welfare programmes in Liberia and for that purpose the Contractor shall devote an annual Social and Welfare Budget of:

(a) One Hundred Fifty Thousand United States Dollars (US$150,000.00) during each year of the exploration period;

(b) Two Hundred Fifty Thousand United States Dollars (US$250,000.00) during each year of the exploration period.

As provided in Article 19.3.3, all payments made under this Contract shall be made in accordance with protocols laid down by the Extractive Industries Transparency Initiative (EITI).

An escrow account shall be established by both Parties for the purposes of receiving money and paying for the programmes detailed in Articles 29.2 and 29.3 and they shall both be signatories to such account, except for the contribution to the University of Liberia which shall be paid by the Contractor through NOCAL to the institution.
The Training requirements shall be developed by both Parties with the understanding that NOCAL shall provide 70% of the training candidates and the Contractor shall provide 30% of the candidates.

The Training and Social and Welfare Programmes shall be mutually agreed by the Parties.

The Training and Social and Welfare expenses borne by the Contractor shall be included in recoverable Petroleum Costs. Funding for the Training and Social and Welfare Programmes shall be paid within thirty (30) days of the Effective Date of the Contract. Thereafter, payments shall be made within thirty (30) days of each subsequent anniversary of the Contract.

29.4 The entry into Liberia of all foreign personnel shall be authorized and the STATE shall issue the documents necessary for that entry to all members of the foreign personnel, such as entry visas, working permits and exit visas, in compliance with the immigration regulation in force in Liberia.

At the request of the Contractor, the STATE shall facilitate any immigration formalities with the Immigration Bureau, at the points of entry into and exit from Liberia, in respect of the Contract's employees, contractors, subcontractors and agents, and their families, all without undue delays.

29.5 All the employees required for the conduct of the Petroleum Operations shall be under the Contractor's authority or that of its contractors, subcontractors and agents, in their capacity as employers. Their work, number of working hours, salaries and any other matter relating to their employment conditions shall be determined by the Contractor or its contractors, subcontractors and agents.

**ARTICLE 32a**

**TERMINATION**

32a.1 Termination by the Contractor. During the Exploration and Exploitation Periods, the Contractor may surrender, by not less than sixty (60) days notice to NOCAL, all of its rights and obligations hereunder in respect of all or any part of the Delimited Area, and the operator shall be relieved of all obligations to NOCAL in respect of the area so surrendered except those obligations arising out of or related to the surrender.

32a.2 Termination by NOCAL. Subject to the provisions of Article 31, NOCAL shall have the right to terminate this Agreement if any of the following events (hereinafter called "Events of Default") shall occur and be continuing.
(a) Where the Contractor shall fail to make any of the payments described in this Contract on the due payment date, and such default is not cured within ninety (90) days after notice by NOCAL or within such longer periods as may be specified in said notice;

(b) Where the Contractor shall materially fail to comply with its work commitments and other conditions in this Contract and such failure is not cured within ninety (90) days after notice by NOCAL or within such longer period as may be specified in the notice.

(c) Where the Contractor shall (i) voluntarily dissolve, liquidate or wind up its affairs, or make an assignment of all or substantially all of its assets for the benefit of creditors other than an assignment made to secure indebtedness incurred in the ordinary course of business; (ii) file a petition or application to any tribunal for the appointment of a trustee or receiver for all or any substantial part of the Contractor's assets; (iii) commence any proceedings for its bankruptcy, reorganization, arrangement, insolvency or readjustment of debt under the laws of any jurisdiction, whether now or hereafter in effect, or if any such petition or application is filed, or any such proceedings are commenced against it, shall indicate its approval thereof, consent thereto or acquiescence therein, or (iv) if any order is entered appointing any such trustee or receiver, or adjudicating the Contractor bankrupt or insolvent, or approving the petition in any such proceedings, and provided that the Contractor shall fail to take corrective measure(s) to have such order removed or lifted within sixty (60) days;

(d) Where the Contractor shall fail to carry out Exploration as required by Article 4, or ceases Exploration for a period of twelve (12) consecutive months or cease Production with respect to all Production Areas for a period of twenty four (24) consecutive months, unless such failure or cessation is consented to by NOCAL or is caused by a state of force majeure.

32a.3 Opportunity to Cure. In the case of an alleged Event of Default described above, NOCAL, before taking any further action, shall provide Notice to the Contractor of the alleged occurrence of such Event of Default and of NOCAL's views in that regard and shall offer the Contractor a fair opportunity to consult with NOCAL to resolve the matter. If, after a reasonable period of time of consultation, NOCAL is of the reasonable opinion that the matter cannot be resolved by further consultation, NOCAL may then send to the Contractor Notice of NOCAL's intention to terminate this Contract. If the Event of Default is not cured within ninety (90) days after said Notice, or within such longer period as may be necessary to allow a reasonable period of time to effect such cure, then this Contract shall be terminated.
32a.4 Disputes Regarding Events of Default. Notwithstanding the provision of Articles 32.2, if the Contractor disputes whether there has been an Event of Default described above and, within ninety (90) days after receipt by the Contractor of NOCAL’s Notice of its intention to terminate this contract, refers such dispute to arbitration in accordance with Article 31, then the termination of this Contract shall not take effect until the finality of, and in accordance with, an arbitration award.

ARTICLE 35
STABILITY OF CONDITIONS

35.3 Periodic Review. In the event of changes in circumstances from those existing at the Effective Date, that have an adverse material effect on the terms of this Contract (Profound Changes in Circumstances), either NOCAL or the Contractor shall at the request of the other consult together. If it is established that such Profound Changes in Circumstances have occurred, then the Parties shall effect such changes in or clarifications to this Contract that they agree are necessary. The Parties shall meet in good faith to make the necessary revisions and adjustments to the Contract in order to maintain such expected economic benefits to each of the Parties, provided that the economic benefits to the Parties shall not be reduced as a result of exercising the terms of this Article. For purposes of this Contract, the term “Profound Changes and Circumstances” shall mean such changes in the economic conditions of the petroleum industry worldwide or in Liberia or such changes that result in such a material and fundamental alteration of the conditions and assumptions relied upon by the Parties at the Effective Date of this Contract (or the time after any subsequent review under this Article) to the effect that the overall balance of the equities and benefits reasonably anticipated by the Parties will no longer be achievable.

ARTICLE 38
EFFECTIVE DATE

The Effective Date of the Contract shall be the date on which all of the Parties have signed the Addendum and the Addendum is approved by the President of the Republic of Liberia, and notification thereof by the Contractor.

GENERAL PROVISIONS

1. Except as specifically amended herein, all the remaining terms and conditions of the Contract shall remain in full force and effect. In the event of inconsistency between the Contract and the Addendum, the Addendum shall apply.

2. Capitalized terms used in this Addendum that are defined in the Contract and not otherwise defined herein shall have the respective meanings ascribed to them in the Contract.
3. This Addendum modifies the Contract and shall have effect from the date of signing by all of the Parties.

IN WITNESS WHEREOF, the Parties have signed this Addendum to the Contract on the date as set forth below.

On Behalf of NOCAL:

Dr. Fodee Kromah  
President/CEO of NOCAL  
December 14, 2007  
Date

PRODUCTION SHARING CONTRACT

BETWEEN

THE REPUBLIC OF LIBERIA, (hereinafter "STATE") represented for the purposes of this Contract by NOCAL (as hereinafter defined);

and

THE NATIONAL OIL COMPANY OF LIBERIA, (hereinafter "NOCAL"), a company incorporated under the Laws of Liberia;

and

REGAL LIBERIA LIMITED, a company incorporated under the laws of England and Wales (Company Number 5434246) having its registered office at 11 Berkeley Street, London W1J 8DS (hereinafter "RLL");

and

EUROPEAN HYDROCARBONS LIMITED, a company incorporated under the laws of England and Wales (Company Number 4819033) having its registered office at 11 Berkeley Street, London W1J 8DS (hereinafter "EHL")

RLL and EHL being hereinafter referred to collectively as "Contractor"

WHEREAS

• the discovery and exploitation of Petroleum are important for the interest and the economic development of the country and its people;
• NOCAL wishes to undertake operations for exploration, exploitation, transportation, storage, processing and marketing of Petroleum;

• NOCAL has the mining rights in respect of Petroleum exploration and exploitation over the entirety of available areas in Liberia including the Delimited Area defined hereinafter;

• NOCAL wishes to promote the development of the Delimited Area, and the Contractor wishes to cooperate with NOCAL by assisting it in the exploration for and production of the potential resources within the Delimited Area, and thereby encouraging the economic growth of the country;

• the Contractor represents that it has the financial resources, the technical competence and the organizational capacity necessary to carry out in the Delimited Area the Petroleum Operations specified hereinafter.

NOW, THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:
ARTICLE I
DEFINITIONS

The following terms used in this Contract shall have the following meaning:

1.1. AFFILIATED COMPANY means:

- a company or any other entity which directly or indirectly controls or is controlled by any entity constituting the Contractor; or
- a company or any other entity which directly or indirectly is controlled by a company or entity which itself directly or indirectly controls any entity constituting the Contractor.

Such “control” means direct or indirect ownership by a company or any other entity of more than fifty percent (50%) of the shares, conferring voting rights, forming the stock of another company.

1.2. ANNUAL WORK PROGRAM means the document describing, item by item, the Petroleum Operations to be carried out during a Calendar Year within the Delimited Area and in each Exploitation Perimeter, if any, established in accordance with the Contract.

1.3. APPRAISAL PERIMETER means any part of the Delimited Area where one or more Petroleum discoveries have been made, and in respect of which NOCAL has granted to the Contractor an exclusive appraisal authorization for the purpose of appraising the extent of said discoveries.

1.4. ASSOCIATED NATURAL GAS means Natural Gas which exists in a reservoir in solution with Crude Oil which is or could be produced in association with Crude Oil.

1.5. BARREL means U.S. barrel, i.e., 42 U.S. gallons measured at a temperature of 60°F and under an atmospheric pressure of 1.01325 bars.

1.6. BUDGET means the itemized cost estimates of the Petroleum Operations described in an Annual Work Program.

1.7. CALENDAR YEAR means a period of twelve (12) consecutive months beginning on January first (1st) and ending on the following December thirty-first (31st), according to the Gregorian Calendar.
1.8. CONTRACT means this production sharing contract and its appendices forming an integral part hereof, together with any extension, renewal, replacement or modification hereof which may be mutually agreed between the Parties.

1.9. CONTRACT YEAR means a period of twelve (12) consecutive months beginning on the Effective Date or on the anniversary thereof.

1.10. CONTRACTOR means, collectively, RLL and EHL or any of their successors or permitted assignees.

1.11. CRUDE OIL means crude mineral oil, asphalt, ozokerite, and all kinds of petroleum and bitumen, either solid or liquid in their natural condition or obtained from Natural Gas by condensation or extraction, including condensates and Natural Gas liquids.

1.12. DELIMITED AREA means the area in respect of which NOCAL under this Contract, grants to the Contractor an exclusive exploration right.

The areas surrendered by the Contractor in accordance with the provisions of Articles 3.5 and 3.6 shall be deemed as excluded from the Delimited Area which shall be reduced accordingly. Conversely, the Exploitation Perimeter(s) shall be an integral part of the Delimited Area during the term of the relevant exclusive exploitation authorization.

1.13. DELIVERY POINT means the F.O.B. point connecting the loading facilities to the vessel then loading Crude Oil in the Republic of Liberia or any other transfer point mutually agreed between the Parties.

1.15. EFFECTIVE DATE means the date on which this Contract comes into force and effect, as defined in Article 38.

1.16. EXPLOITATION PERIMETER means any part of the Delimited Area in respect of which NOCAL has granted to the Contractor an exclusive exploitation authorization.

1.17. FIELD means a commercial accumulation of Petroleum in one or several overlying horizons, which has been appraised in accordance with the provisions of Article 11.

1.18. FISCAL YEAR means a period of twelve (12) consecutive months beginning on January first (1st) and ending on the following December thirty-first (31st).

1.19. GOVERNMENTAL AUTHORITY means the government of the Republic of Liberia and any political or other subdivision of the Republic of Liberia, including NOCAL, any national or local government, or other representative, agency or authority, which has the authority to govern, legislate, regulate, levy or collect taxes or duties, grant licenses and permits, approve or otherwise impact (whether financially or otherwise), directly or
indirectly, any of NOCAL’s and/or Contractor’s rights, obligations or activities under this Contract.

1.20. NATURAL GAS means methane, ethane, propane, butane and dry or wet gaseous hydrocarbons, whether or not associated with Crude Oil, as well as all gaseous products extracted in association with Petroleum, such as, without limitation, nitrogen, hydrogen sulfide, carbon dioxide, helium and water vapour.

1.21. NON-ASSOCIATED NATURAL GAS means Natural Gas other than Associated Natural Gas.

1.22. PARTIES means the STATE, NOCAL and the Contractor; and PARTY means either the STATE, NOCAL or the Contractor.

1.23. PETROLEUM means Crude Oil and Natural Gas.

1.24. PETROLEUM COSTS means all expenditures actually incurred and paid by the Contractor for the purposes of the Petroleum Operations under this Contract, and determined in accordance with the Accounting Procedure attached hereto as Appendix 2.

1.25. PETROLEUM OPERATIONS means all the Petroleum exploration, appraisal, development, production, transportation and marketing operations, and more generally, any other operations directly associated therewith, carried out under this Contract.

1.26. THIRD PARTY means a company or any other entity, other than the Contractor, which does not come within the foregoing definition.

1.27. TOTAL PRODUCTION means the total production of Crude Oil or the total production of Natural Gas obtained from the whole Delimited Area less the quantities used for the requirements of the Petroleum Operations and any unavoidable losses.
ARTICLE 2

SCOPE OF THE CONTRACT AND PARTICIPATING INTERESTS

2.1. This Contract is a Production Sharing Contract and includes all the provisions of the agreement between NOCAL and the Contractor.

2.2. NOCAL authorizes the Contractor to be the operator pursuant to the terms set forth herein and to carry out the necessary Petroleum Operations in and with respect to the Delimited Area, on an exclusive basis.

2.3. The Contractor undertakes, for all the work necessary for carrying out the Petroleum Operations provided for hereunder, to comply with good international petroleum industry practice and to be subject to the laws and regulations in force in Liberia unless otherwise provided under this Contract.

2.4. The Contractor shall supply all financial and technical means necessary for the proper performance of the Petroleum Operations.

2.5. The Contractor shall bear alone the financial risk associated with the performance of the Petroleum Operations. The Petroleum Costs related thereto shall be recoverable by the Contractor in accordance with the provisions of Article 16.2.

2.6. During the term hereof, in the event of production, the Total Production arising from the Petroleum Operations shall be shared between the Parties according to the terms set forth in Articles 16.2 and 16.3.

2.7. On the Effective Date, the Delimited Area shall be the area as defined in Appendix 1.

2.8. The Contractor shall furnish NOCAL with all reports, information and data referred to hereunder, including without limitation any agreement binding on the entities constituting the Contractor.

2.9. Subject to the provisions of Article 33, the rights and obligations under this Contract of the Contractor shall be held in the following respective percentage participating interests as of the date this Contract is executed:

ARTICLE 3

DURATION OF EXPLORATION PERIODS AND SURRENDERS

3.1. The exclusive exploration authorization is hereby granted to the Contractor for a first period of four (4) Contract Years in respect of the entire Delimited Area.

3.2. If during the first exploration period set forth above the Contractor has fulfilled the exploration work commitments defined in Article 4, as reasonably ascertained by NOCAL, the exclusive exploration authorization shall, at the Contractor's request, be renewed for a second exploration period of three (3) Contract Years.

3.3. If, at the end of such second exploration period and provided that it has fulfilled its work commitments as set forth above, the Contractor so requests, a third exploration period shall be authorized for three (3) Contract Years.

3.4. The applications referred to in Articles 3.2 and 3.3 shall be made at least sixty (60) days prior to the expiration of the current exploration period.

3.5. The Contractor shall surrender at least the following surfaces:

(a) twenty-five percent (25%) of the initial surface of the Delimited Area at the expiration of the first exploration period.

(b) twenty-five percent (25%) of the initial surface of the Delimited Area at the expiration of the second exploration period.

Such surrenders shall be constituted of one block of a simple geometrical shape delimited by north-south, east-west lines or by natural boundaries of the area concerned.

For the purpose of computing the surface to be surrendered, the surface in respect of any Exploitation Perimeter shall be deducted from the initial surface of the Delimited Area.

The surfaces previously surrendered pursuant to the provisions of Article 3.6 shall be deducted from the surfaces to be surrendered.

Subject to its compliance with the above-mentioned requirements, the Contractor shall have the right to determine the area to be surrendered.

The Contractor undertakes to furnish NOCAL with a precise description and a map showing the details of the surrendered areas and those retained, together with a report.
specifying the work carried out in the surrendered areas from the Effective Date and the results obtained.

3.6. During any exploration period, the Contractor may, at any time, notify NOCAL that it surrenders the rights granted to it with respect to the whole or any part of the Delimited Area by giving sixty (60) days' notice to that effect.

No surrender during or at the expiration of any exploration period shall reduce the work commitments and the investment obligations set forth in Article 4 for the current exploration period.

In the event of surrender, the Contractor shall have the exclusive right to retain, for their respective term, the surfaces in respect of Appraisal Perimeters and Exploitation Perimeters which would have been granted and to carry out the Petroleum Operations therein.

3.7. At the expiration of the third exploration period set forth in Article 3.3, the Contractor shall surrender the whole remaining surface of the Delimited Area except as to any Appraisal Perimeters and Exploitation Perimeters which would have then been granted.

3.8. If at the expiration of all the exploration periods the Contractor has not obtained an exclusive appraisal authorization or an exclusive exploitation authorization, this Contract shall terminate.

3.9. The termination of this Contract, whatever the reason thereof, shall not relieve the Contractor of any obligations under this Contract incurred prior to, or arising from, said termination and which remain to be fulfilled.
ARTICLE 4

EXPLORATION WORK COMMITMENTS

4.1. The Contractor shall commence the geological and seismic work within three months from the Effective Date.

4.2. The Contractor, during the first exploration period defined in Article 3.1, shall carry out the following minimum work:

shoot, process and interpret one thousand five hundred (1500) square kilometers of seismic survey.

4.3. The Contractor, during the second exploration period defined in Article 3.2, shall carry out the following minimum work:

drill one (1) exploratory well.

4.4. The Contractor, during the third exploration period defined in Article 3.3, shall carry out the following minimum work:

drill one (1) exploratory well.

4.5. Each of the exploratory wells referred to above shall be drilled to a minimum depth of 1000 meters, after deduction of the water depth, or to a lesser depth if the continuation of drilling performed in accordance with good international petroleum industry practice is prevented for any of the following reasons:

(a) the basement is encountered at a lesser depth than the minimum contractual depth;

(b) continuation of drilling presents an obvious danger due to the existence of abnormal formation pressure;

(c) rock formations are encountered the hardness of which prevents, in practice, the continuation of drilling by the use of appropriate equipment;

(d) petroleum formations are encountered the crossing of which requires, for their protection, the laying of casings preventing the minimum contractual depth from being reached.

In the event that any of the above reasons occurs, the exploratory well shall be deemed to have been drilled to the minimum contractual depth.
Notwithstanding any provision in this Article to the contrary, NOCAL and the Contractor may, at any time, agree to abandon the drilling of a well at a lesser depth than the minimum contractual depth.

4.6. In order to carry out the exploration work defined in Articles 4.2 to 4.4 in the best technical conditions in accordance with good international petroleum industry practice, the Contractor undertakes to spend the following minimum amounts.

(a) Four million Dollars ($4,000,000) during the first exploration period defined in Article 3.1;

(b) Fifteen million Dollars ($15,000,000) during the second exploration period defined in Article 3.2;

(c) Fifteen million Dollars ($15,000,000) during the third exploration period defined in Article 3.3.

If during the exploration period the Contractor has performed its work commitments for an amount lesser than the amount specified above, it shall be deemed to have fulfilled its investment obligations relating to that period. Conversely, the Contractor shall perform the entirety of its work commitments set forth in respect of an exploration period even if it results in exceeding the amount specified above for that period.

4.7. If at the expiration of any of the three (3) exploration periods defined in Articles 3.1, 3.2 and 3.3 or on the date of surrender of the whole Delimited Area, or upon the date of termination of this Contract, the Contractor has not fulfilled its work commitments set forth in this Article, it shall pay as compensation to NOCAL, within thirty (30) days after that date of expiration, surrender or termination, the unspent balance of exploration work commitments above-defined for the current exploration period.
ARTICLE 5

ESTABLISHMENT AND APPROVAL OF
ANNUAL WORK PROGRAM AND BUDGETS

5.1. At least three (3) months before the beginning of each Calendar Year, or for the first year, within two (2) months from the Effective Date, the Contractor shall prepare and submit for approval to NOCAL an Annual Work Program together with the related Budget for the entire Delimited Area, specifying the Petroleum Operations that the Contractor proposes to perform during that Calendar Year and their cost.

5.2. If NOCAL wishes to propose any revisions or modifications to the Petroleum Operations specified in said Annual Work Program, it shall, within thirty (30) days after receipt of that Program, so notify the Contractor, presenting all justifications deemed useful. In that event, NOCAL and the Contractor shall meet as soon as possible to consider the proposed revisions or modifications and to mutually establish the Annual Work Program and the related Budget in its final form, in accordance with good international petroleum industry practice. However, during the Exploration Period, the Annual Work Program and the related Budget established by the Contractor after the above mentioned meeting shall be deemed to be approved provided that they comply with the obligations set forth in Article 4 and provided that any increase in expenditure is mutually agreed by NOCAL and the Contractor in the forum of a Joint Operations Committee according to the terms of Article 5.5.

Each part of the Annual Work Program and Budget in respect of which NOCAL has not proposed any revision or modification within the period of thirty (30) days above-mentioned, shall be carried out by the Contractor within the stated time.

Should NOCAL fail to notify the Contractor of its wish for revision or modification within the period of thirty (30) days above-mentioned, such Annual Work Program and the related Budget submitted by the Contractor shall be deemed to be approved by NOCAL.

5.3. It is agreed by NOCAL and the Contractor that the Contractor may acquire knowledge as and when the work is implemented, or certain events may justify changes to the details of the Annual Work Program. In that event, after notification to NOCAL, the Contractor may make such changes provided that the basic objectives of said Annual Work Program are not modified.

5.4. Notwithstanding any provision of this Contract to the contrary, in the case of an accident or other emergency (or anticipated emergency), Contractor shall take all measures reasonably considered necessary by Contractor for the protection of life, health, the environment and property, following which a report of such accident or other emergency (or anticipated emergency) shall be submitted to NOCAL. The costs of taking such measures shall be reviewed by NOCAL in accordance with Article 5.5 and subject to NOCAL’s approval, shall be included as an approved addition to the then
current Budget and shall be deemed to be Petroleum Costs subject to cost recovery under this Contract.

5.5. Whenever NOCAL is required to exercise its discretion or its approval is required under this Contract, it shall exercise its discretion or grant its approval on the basis of the efficient and economic conduct of Petroleum Operations in respect of the Delimited Area and in accordance with good international industry practice.

5.6 At the commencement of the first exploration period, NOCAL and the Contractor shall form a joint operations committee (hereinafter "JOC") comprising not more than three (3) members appointed by NOCAL and not more than three (3) members appointed by the Contractor. The purpose of the JOC will be to review present and future Petroleum Operations and report jointly to NOCAL and the Contractor.

The JOC shall meet twice every calendar year or otherwise, as the members shall agree. No meeting of the JOC shall be held unless two (2) members appointed by each of the Contractor and NOCAL are present.

The Contractor shall appoint the first chairman of the JOC who shall hold office until the second anniversary of the Effective Date. Thereafter, NOCAL and the Contractor shall have an alternating right to appoint the chairman of the JOC, who shall hold office for two (2) years.

All costs of the meeting of the JOC outside Liberia shall be borne by the Contractor. Members of the JOC shall be entitled to attendance fees (payable by the Contractor) in an amount to be approved by NOCAL and the Contractor for attendance in person at meetings of the JOC. All such costs and attendance fees shall be recoverable as Petroleum Costs.
ARTICLE 6

CONTRACTOR'S OBLIGATIONS IN RESPECT OF THE EXPLORATION PERIODS

6.1. The Contractor shall provide all the necessary funds and purchase or hire all the equipment, facilities and materials required to carry out the Petroleum Operations.

6.2. The Contractor shall provide all technical assistance, including the personnel required to carry out the Petroleum Operations.

6.3. The Contractor shall be responsible for the preparation and performance of the Annual Work Programs which shall be carried out in the most appropriate manner in observance of good international petroleum industry practice.

6.4. The Contractor undertakes to take all the reasonable and practical steps to:

(a) ensure the protection of water-bearing strata encountered during its work;

(b) carry out the tests necessary for determining the value of any show encountered during drilling and the exploitability of any possible Petroleum discoveries;

(c) avoid losses and discharges of Petroleum produced as well as losses and discharges of mud or any other product used in the Petroleum Operations;

(d) submit to NOCAL an Environmental Impact Statement (EIS) prior to the commencement of Petroleum Operations;

(e) take reasonable preventative and restorative measures to protect from pollution contamination or damage resulting from Petroleum Operations, and that any pollution, contamination and damage of such water bodies and land, surface hereunder be rectified provided that Contractor shall not be responsible and shall bear no cost, expense or liability for claims, damages or losses arising out of or related to any environmental pollution or other environmental damage, condition or problems which it did not cause, including but not limited to those in existence prior to the Effective Date and NOCAL shall indemnify and hold harmless Contractor, its contractors, agents and subcontractors and its and their consultants, agents, employees, officers and directors from any and all costs, expenses and liabilities relating thereto.

6.5. All works and facilities erected by the Contractor hereunder shall, according to their nature and to the circumstances, be built, placed, signalled, marked, fitted and preserved so as to allow at any time and in safety free passage to navigation within the Delimited Area, and without prejudice to the foregoing, the Contractor shall, in order to
facilitate navigation, install the sound and optical devices approved or required by the
competent authorities and maintain them in a manner satisfactory to said authorities.

6.6. In the exercise of its rights to build, carry out work and maintain all facilities necessary
for the purposes hereof, the Contractor shall not disturb any existing graveyard or
building used for religious purposes, nor cause a nuisance to any government or public
building, except with the prior consent of NOCAL, and shall make good the damage
caused by it in that event.

6.7. In its conduct of Petroleum Operations, the Contractor undertakes to take all necessary
precautions to prevent marine pollution.
In order to prevent pollution, NOCAL and Contractor agree that the Contractor shall observe all existing international environmental protocols, regulations and rules as may be applicable to prevent pollution and preserve the environment. NOCAL and the Contractor shall meet and consider any measure which may be necessary to preserve the environment.

6.8. The Contractor and its subcontractors shall be obligated to give preference to enterprises and goods from Liberia, if conditions of price, quality, delivery time and terms of payment are similar.
ARTICLE 7

CONTRACTOR’S RIGHTS IN RESPECT OF THE EXPLORATION PERIODS

7.1. Without prejudice to the provisions hereof, the Contractor shall have the exclusive right to carry out the Petroleum Operations within the Delimited Area. Such right includes, inter alia;

(a) full responsibility for, management of and control over all the Petroleum Operations;
(b) authority to exercise any of the rights conferred hereby through Affiliated Companies, agents and independent contractors, and to pay accordingly any of their expenses and costs in the place and in the currency chosen by the Contractor.

7.2. The Contractor shall have the right to clear the ground, dig, perforate, drill, build, erect, place, supply, operate, manage and maintain ditches, pools, wells, trenches, excavations, dams, canals, water conduits, plants, tanks, basins, maritime and other storage facilities, primary distillation units, first-extraction gasoline separator units, sulfur plants, and other facilities for Petroleum production, together with the pipelines, pumping stations, generator units, power plants, high voltage lines, telephone, telegraph, radio and other communication facilities, factories, warehouses, offices, employees’ housing, hospitals, premises, ports, docks, harbors, dikes, jetties, dredges, sea walls, under water piers and other facilities, ships, vehicles, railways, warehouses, workshops, foundries, repair shops and all the auxiliary services which are necessary for or useful to the Petroleum Operations or in connection therewith; and all additional facilities which are or may become necessary for or reasonably subsidiary to the carrying out of the Petroleum Operations.

7.3. The agents, employees and representatives of the Contractor or its subcontractors shall have the right, for the purposes of the Petroleum Operations to enter into or leave the Delimited Area and shall have free access to all the facilities set up by the Contractor.

7.4. The Contractor shall have the right, subject to the payment of fees applicable in Liberia, to remove and use the surface soil, mature timber, clay, sand, limestone, gypsum, stones and other similar materials which may be necessary for the performance of the Petroleum Operations.
With the consent of the competent administrative services, the Contractor may make reasonable use of such materials for the performance of the Petroleum Operations, subject to payment of fees applicable in Liberia, when they are located on land owned by the STATE and placed in the vicinity of the land where said Petroleum Operations are taking place.

The Contractor may take or use the water necessary for the Petroleum Operations, provided that existing irrigation or navigation are not impaired and that land, houses or watering places for livestock are not deprived of a reasonable quantity of water.
ARTICLE 9

OCCUPATION OF LAND

9.1. The STATE shall make available to the Contractor, and only for the purposes of the Petroleum Operations, any land which it owns and which is necessary for said operations. The Contractor shall have the right to build and the obligation to maintain, above and below the ground, the facilities necessary for the Petroleum Operations.

The Contractor shall indemnify the STATE for any damage caused to the land by the construction, use and maintenance of its facilities on such land.

The STATE shall authorize the Contractor to build, use and maintain telephone, telegraph and piping systems above and below the ground and along the land not belonging to the STATE, provided that the Contractor pays to the land-owners, a reasonable compensation mutually agreed upon.

9.2. The rights on land owned by private persons, which would be necessary for the carrying out of the Petroleum Operations, shall be acquired by direct agreement between the Contractor and the private person concerned.

In the event of disagreement, the Contractor shall notify the STATE thereof, and the latter shall proceed to expropriation for a public purpose, at Contractor's expense. When determining the value of those property rights, no consideration shall be given to the Contractor's purpose for acquiring them and the STATE agrees that no law or procedure for said acquisition shall have the effect of giving them an excessive value or a confiscation value. Those rights acquired by the STATE shall be registered in its name, but the Contractor shall be entitled to benefit therefrom for the purposes of the Petroleum Operations. During the entire term of this Contract, the STATE guarantees that the Contractor shall be protected in the use and occupation of such land just as if it owns the property rights thereto.
ARTICLE 10

USE OF FACILITIES

10.1. For the purposes of the Petroleum Operations, the Contractor shall have the right to use, in accordance with the applicable laws, any railroad, tramway, road, airport, landing strip, canal, river, bridge, waterway and any telephone or telegraph network in Liberia whether owned by the STATE or by any private enterprise, subject to the payment of fees then in effect or mutually agreed upon which will not be in excess of the prices and tariffs charged to Third Parties for similar services.

The Contractor shall also have the right to use for the purposes of the Petroleum Operations any land, sea or air transportation means for the transportation of its employees or equipment, subject to compliance with the laws and regulations which generally govern the use of such means of transportation.

10.2. The STATE shall have the right to use for exceptional matters any transportation and communication facility installed by the Contractor, subject to a fair compensation mutually agreed upon which will not be in excess of the prices and tariffs charged to Third Parties for similar services.

10.3. Nothing in this Contract shall limit the STATE's right to build, operate and maintain on, under and along the land made available to the Contractor for the purposes of the Petroleum Operations, roads, railroads, airports, landing strips, canals, bridges, pipelines, useful telephone and telegraph lines, provided that such right is not exercised in a manner which restricts or hinders the Contractor's rights hereunder, or the Petroleum Operations.
ARTICLE 11

APPRAISAL OF A PETROLEUM DISCOVERY

11.1. In the event the Contractor discovers Petroleum, it shall, as promptly as possible, notify NOCAL thereof and submit to it, within thirty (30) days after the date of the temporary plugging or abandonment of the discovery well, a report including all relevant information relating to said discovery.

11.2. If the Contractor wishes to undertake appraisal work relating to the above-mentioned Petroleum discovery, it shall submit for approval to NOCAL, within six (6) months after the date of notification of said discovery, the appraisal work program and the estimate of the related Budget.

The provisions of Article 5 shall be applicable, mutatis mutandis, to said program as regards its approval and performance, it being understood that the submitted program shall comply with good international petroleum industry practice.

11.3. If the Contractor meets the conditions referred to in Article 11.2 and on request to NOCAL, the latter shall grant to it an exclusive appraisal authorization for a duration of two (2) years from the date of approval of the appraisal work program and the related Budget, in respect of the Appraisal Perimeter specified in said program. Except otherwise provided by this Article, the Contractor shall, during the term of said exclusive appraisal authorization, be subject to the same regime as that applicable to the exclusive exploration authorization.

11.3.1 The Contractor shall then diligently carry out the appraisal work program for the discovery in question; in particular it shall drill the appraisal wells and carry out the production tests specified in said program.

At the Contractor's request, notified at least thirty (30) days prior to the expiration of the appraisal period above-defined, the duration of said period may be extended by a maximum of six (6) months, provided that such extension is justified by the continuation of the drilling and production tests specified in the appraisal program.

Further extensions of the appraisal period may be requested by the Contractor and granted by NOCAL in the event that further geological, geophysical, subsurface facilities or commercial work is considered justified by the Contractor in order to establish whether the field corresponding to the Petroleum discovery is commercial.

11.3.2 Within three (3) months after the completion of appraisal work, and no later than thirty (30) days prior to the expiration of the appraisal period, the
Contractor shall provide NOCAL with a detailed report giving all the information relating to the discovery and the appraisal thereof.

11.3.3 If, after having carried out the appraisal work, the Contractor considers that the Field corresponding to the Petroleum discovery is commercial, it shall submit to NOCAL, together with the previous report, an application for an exclusive exploitation authorization accompanied by a detailed development and production plan for said Field, specifying inter alia:

(a) the planned delimitation of the Exploitation Perimeter applied for by the Contractor, so that it covers the area defined by the seismic closure of the Field concerned, together with all the technical justifications with respect to the extent of said Field;

(b) an estimate of the reserves in place; the proven and probable recoverable reserves and the corresponding annual productions, together with a study on the methods of recovery and the possible valorization of the products associated with Crude Oil, such as any Associated Natural Gas;

(c) item by item, the description of equipment and work necessary for production, such as the number of development wells, the number of platforms, pipelines, production, processing, storage and loading facilities together with their specifications;

(d) the estimated schedule for its implementation and the projected date of production start-up;

(e) the estimates of investments and exploitation costs together with an economic evaluation demonstrating the commercial nature of the discovery in question.

11.3.4 The commercial nature of one or more Petroleum Fields shall be determined by the Contractor, provided that it shall, at the end of appraisal work, submit to NOCAL the economic study referred to in Article 11.3.3(e) demonstrating the commercial nature of said Field or Fields.

A Field may be declared commercial by the Contractor if, after taking into account the provisions of this Contract and the submitted development and production plan, the projected income and expenses determined in accordance with good international petroleum industry practice confirm the commercial nature of said Field.

11.3.5 For the purposes of evaluating the commercial nature of said Field or Fields, NOCAL and the Contractor shall meet within thirty (30) days after the submission of the development and production plan accompanied by the economic evaluation.
11.3.6 The development and production plan submitted by the Contractor shall be subject to the approval of NOCAL. Within ninety (90) days after the submission of said plan, NOCAL may propose revisions or modifications hereto by notifying the Contractor thereof with all the useful justifications. In that event, the Parties shall meet as soon as possible in order to consider the proposed revisions or modifications and establish by mutual agreement the plan in its final form; the plan shall be deemed to be approved by NOCAL upon the date of such agreement.

Should NOCAL fail to notify the Contractor of its wish for revision or modification within the above-mentioned ninety (90) day period, the plan submitted by the Contractor shall be deemed to be approved by NOCAL at the expiration of said period.

11.4. If for reasons not technically justified, the Contractor, within twelve (12) months after notification to NOCAL of a Petroleum discovery, has not applied for an exclusive appraisal authorization or if, after its granting, it has not commenced the appraisal work in respect of said discovery, or if the Contractor, within eighteen (18) months after completion of the appraisal work, does not declare the discovery as commercial, NOCAL may require that the Contractor surrenders all its rights in respect of the area deemed to encompass said discovery without any compensation for the Contractor. If, within sixty (60) days after NOCAL’s request, the Contractor has not notified its decision, it shall surrender said area and will forfeit all its rights on Petroleum which could be produced from said discovery, and any area so surrendered shall be deducted from the surfaces to be surrendered under Article 3.5.
ARTICLE 12

GRANT OF AN EXCLUSIVE EXPLOITATION AUTHORIZATION IN RESPECT OF COMMERCIAL DISCOVERY

12.1. A commercial Petroleum discovery shall entitle the Contractor to an exclusive right, if it so requests pursuant to the conditions set forth in Article 11.3.3., to obtain, in respect of the Field concerned, an exclusive exploitation authorization covering the related Exploitation Perimeter. Said authorization shall be granted by NOCAL as soon as possible.

12.2. If the Contractor makes several commercial discoveries in the Delimited Area, each such discovery shall, in accordance with the provisions of Article 12.1 give rise to an exclusive exploitation authorization each corresponding to an Exploitation Perimeter. The number of exclusive exploitation authorizations and related Exploitation Perimeters within the Delimited Area shall not be limited.

12.3. If in the course of work carried out after the grant of an exclusive exploitation authorization, it appears that the area defined by the seismic closure of the Field concerned is larger than originally estimated pursuant to Article 11.3.3., NOCAL shall grant to the Contractor, as part of the exclusive exploitation authorization already granted, an additional area so that the entirety of said Field is included in the Exploitation Perimeter, provided, however, that the Contractor supplies NOCAL, together with its application with the technical evidence of the extension so required and provided, further, that the above mentioned extension is an integral part of the Delimited Area as defined at the time of said application.

12.4. Where a Field extends beyond the boundaries of the Delimited Area, NOCAL may require the Contractor to exploit said Field in association with the right holder of the adjacent area under the provisions of a unitization agreement.

Within six (6) months after NOCAL has notified its request, the Contractor shall submit for NOCAL's approval the development and production plan of the Field concerned which shall be prepared in agreement with the right holder of the adjacent area.
ARTICLE 13

DURATION OF THE EXPLOITATION PERIOD

13.1. The duration of an exclusive exploitation authorization during which the Contractor is authorized to carry out the exploitation of a Field declared commercial is set at twenty-five (25) years from its date of issue.

If upon expiration of the exploitation period of twenty-five (25) years above-defined, a commercial exploitation of a Field remains possible NOCAL may authorize the Contractor, at the latter's request submitted at least twelve (12) months prior to said expiration, to continue under this Contract the exploitation of said Field during an additional period of no more than ten (10) years, provided that the Contractor has fulfilled all its obligations during the current exploitation period.

If, upon expiration of that additional exploitation period, a commercial exploitation of said Field remains possible, the Contractor may request NOCAL, at least twelve (12) months prior to said expiration that it be authorized to continue the exploitation of said Field under this Contract, during an additional period to be agreed upon.

13.2. The Contractor may, at any time, fully or partially surrender any exclusive exploitation authorization by giving at least twelve (12) months' prior notice which may be reduced with NOCAL's consent. That notice shall be accompanied by the list of steps which the surrendering Contractor undertakes to take, in accordance with good international petroleum industry practice arising out of its surrender.

13.3. Subject to the provisions of Article 32, interruption of development work or production of a Field declared commercial, for a consecutive period of at least six (6) months, decided by the Contractor without NOCAL's consent, or abandonment of the exploitation of a Field, may give rise to the withdrawal of the exclusive exploitation authorization concerned together with the termination of this Contract. In the event of any disagreement between NOCAL and Contractor regarding the circumstances of any interruption the JOC shall meet as soon as reasonably practicable and attempt to resolve such disagreement.

13.4. Upon expiration surrender or withdrawal of the last exclusive exploitation authorization granted to the Contractor, this Contract shall terminate.

13.5. The termination of this Contract, whatever the reason thereof, shall not relieve the Contractor of any obligations incurred prior to, or arising from, said expiration or termination and which remain to be fulfilled.
ARTICLE 14

EXPLOITATION OBLIGATION

14.1. For any Field in respect of which an exclusive exploitation authorization has been granted, the Contractor undertakes to perform, at its sole cost and its own financial risk, all the Petroleum Operations useful and necessary for the exploitation of said Field.

14.2. However, if the Contractor can provide accounting evidence, during either the development period or the production period, that the exploitation of a Field cannot be commercially profitable, notwithstanding that an exclusive exploitation authorization has been granted in accordance with the provisions of Article 12.1, NOCAL agrees not to force the Contractor to continue the exploitation of such Field.

In that event, NOCAL, in its discretion, may withdraw the exclusive exploitation authorization concerned from the Contractor without any compensation for the latter, by giving sixty (60) days' prior notice.
ARTICLE 15

CONTRACTOR’S OBLIGATIONS AND RIGHTS IN RESPECT OF EXCLUSIVE EXPLOITATION AUTHORIZATIONS

15.1. The Contractor shall commence development work not later than six (6) months after approval of the development and production plan referred to in Article 11.3.6 and shall continue it with the maximum diligence.

15.2. The provisions of Articles 5, 6, 7, 8, 9 and 10 are also applicable, mutatis mutandis, in respect of any exclusive exploitation authorization.

15.3. The Contractor shall have the right to build, use, operate and maintain all the Petroleum storage and transportation facilities which are necessary for the production, transportation and sale of Petroleum produced, pursuant to the conditions specified in this Contract.

The Contractor may determine the route and location of any pipeline inside Liberia which is necessary for the Petroleum Operations, provided that it shall submit plans to NOCAL for approval prior to the commencement of work; any pipeline crossing or running alongside roads or passageways (other than those used exclusively by the Contractor) shall be built so as not to hinder the passage on those roads or passageways.

15.4. The Contractor may, to the extent and for the duration of the excess capacity of a pipeline or processing, transportation or storage facility built for the purposes of the Petroleum Operations, be obligated to accept the flow of Petroleum coming from exploitations other than that of the Contractor, provided that such flow shall not cause prejudice to the Petroleum Operations, and provided, further, that a reasonable tariff covering a normal remuneration for capital invested in respect of the pipeline or facility concerned shall be paid by the user.

15.5. Following the grant of an exclusive exploitation authorization, the Contractor undertakes to proceed diligently with the carrying out of development wells, spacing them in a manner so as to ensure, in accordance with good international petroleum industry practice, the maximum economic recovery of the Petroleum contained in the Field in question.

15.6. The Contractor shall, in the conduct of development and production operations, comply with all good international petroleum industry practice which in particular ensures the good conservation of Fields and maximum economic recovery of Petroleum.

The Contractor shall, inter alia, carry out enhanced recovery studies and use such recovery processes if they may lead to an increase in Petroleum recovery rate under economic conditions.
15.7. The Contractor shall provide NOCAL with all the reports, studies, measurement results, tests and documents enabling the monitoring of the proper exploitation of each Field.

The Contractor shall, in particular, carry out the following measures on each producing well:

(a) monthly testing of production and gas/oil ratio;

(b) half-yearly measurement of the Field reservoirs pressure.

15.8. The Contractor undertakes to produce every year from each Field quantities of Petroleum in accordance with the provisions of Article 15.6.

The annual production rates of each Field shall be submitted by the Contractor together with the Annual Work Programs for the approval of NOCAL which shall not be withheld provided that the Contractor gives proper technical and economic grounds.

15.9. The Contractor shall measure, at a location mutually agreed between the Parties, all Petroleum produced and not used for the requirements of the Petroleum Operations, and excluding unavoidable losses, after extraction of water and sediments, by using the measurement appliances and procedures customarily used in the international petroleum industry.

The authorized NOCAL's representatives shall have the right to examine those measurements and inspect or cause to be inspected the appliances or procedures used.

If the Contractor wishes to change said measurement appliances or procedures, it shall obtain prior approval from NOCAL.

Where the appliances and procedures used therefor have caused an overstatement or understatement of measured quantities, the error shall be deemed to have existed since the date of the last calibration of the appliances, unless the contrary can be justified, and the proper adjustment shall be made for the period of existence of such error.
16.1. From the commencement of regular production of Crude Oil, the Contractor shall market all the production of Crude Oil obtained from the Delimited Area, in accordance with the provisions hereinafter defined.

16.2. For the purposes of recovery of the Petroleum Costs, the Contractor may freely take each Calendar Year a portion of the production in no event greater than eighty percent (80%) of the Total Production of Crude Oil from the Delimited Area, or only any lesser percentage which would be necessary and sufficient.

The value of such portion of Total Production allocated to the recovery of the Petroleum Costs by the Contractor, as defined in the preceding paragraph, shall be calculated in accordance with the provisions of Article 18.

If during a Calendar Year the Petroleum Costs not yet recovered by the Contractor under the provisions of this Article 16.2 exceed the equivalent in value of eighty percent (80%) of the Total Production of Crude Oil from the Delimited Area, as calculated above, the balance of the Petroleum Costs which cannot be recovered in that Calendar Year shall be carried forward in the following Calendar Year or Years until full recovery of the Petroleum Costs or until the expiration of this Contract.

16.3. The quantity of Crude Oil from the Delimited Area remaining during each Calendar Year after the Contractor has taken from the Total Production the portion necessary for the recovery of the Petroleum Costs, hereinafter referred to as "Remaining Production," shall be shared between NOCAL and the Contractor as follows:

The Remaining Production shall be shared according to the daily Total Production from the Delimited Area:
<table>
<thead>
<tr>
<th>Total Production (In Barrels per day)</th>
<th>NOCAL’s Share</th>
<th>Contractor’s Share</th>
</tr>
</thead>
<tbody>
<tr>
<td>from 0 to 50,000</td>
<td>35%</td>
<td>65%</td>
</tr>
<tr>
<td>from 50,001 to 75,000</td>
<td>40%</td>
<td>60%</td>
</tr>
<tr>
<td>from 75,001 to 100,000</td>
<td>45%</td>
<td>55%</td>
</tr>
<tr>
<td>over 100,001</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

For the purpose of this Article, the daily Total Production shall be the average rate of Total Production during the calendar quarter in question.

For the purposes of the tax legislation of the Republic of Liberia, the quantity of Crude Oil that NOCAL will receive during each Calendar Year pursuant to this Article 16.3 shall include the portion necessary to pay any tax(es) of the Contractor in Liberia which will be assessed on its income. NOCAL agrees to pay from this portion any income tax on behalf and in the name of the Contractor and to deliver to the latter official receipts of such payments.

16.4. NOCAL may receive its share of production defined in Article 16.3 either in kind or in cash.

16.5. If NOCAL wishes to receive in kind all or part of its share of production defined in Article 16.3 it shall so notify in writing the Contractor at least ninety (90) days prior to the beginning of the calendar quarter concerned specifying the precise quantity that it wishes to receive in kind during said quarter.

16.6. If NOCAL wishes to receive in cash all or part of its share of production defined in Article 16.3 and if NOCAL has not notified the Contractor of its decision to receive its share of production in kind pursuant to Article 16.5, the Contractor shall market NOCAL’s share of production to be taken in cash for the quarter concerned, lift said share during such quarter and pay to NOCAL within thirty (30) days following the date of each lifting, an amount equal to the quantity corresponding to NOCAL’s share of production multiplied by the sale price defined in Article 18.

NOCAL may require payment, for sales of its share of production sold by the Contractor, in Dollars or in the foreign currency in which the sale has been made.
ARTICLE 17

TAXATION

17.1. Unless otherwise provided for in this Contract the Contractor shall, in respect of its Petroleum Operations, be subject to the laws generally applicable and the regulations in force in Liberia concerning taxes which are or may be levied on income, or determined in relation thereto.

It is specifically acknowledged that the provisions of this Article shall apply individually to any entity comprising the Contractor under this Contract.

The Contractor shall keep separate accounts for each Fiscal Year in respect of the Petroleum Operations, in accordance with the regulations in force in Liberia, enabling in particular the establishment of a profit and loss account as well as a balance sheet showing both the results of said Petroleum Operations and the asset and liability items allocated or related thereto.

17.2. For the purposes of Article 17.1 the Contractor shall in respect of its net profit arising from Petroleum Operations, be liable to an income tax under the laws and regulations in force in Liberia.

In accordance with the provisions of Article 16.3 under which NOCAL shall pay Contractor's income tax from NOCAL's share of Crude Oil, the Contractor shall not be liable for any payment to the STATE with respect to said tax. As regards the tax authorities of Liberia, the share of Remaining Production, which the Contractor is entitled to receive under the provisions of Article 16.3 is considered as representing the net profit obtained by the Contractor.

17.3. For the purposes of assessing the Contractor's taxable net income in respect of a Fiscal Year, the profit and loss account shall, inter alia, be credited by the following:

(a) the Contractor's annual gross income recorded in its accounting books, arising from the marketing of the quantity of Crude Oil to which it is entitled under Articles 16.2 and 16.3 and all other income or proceeds related to the Petroleum Operations, including inter alia those arising from:

* the sale of related substances;
* processing, transportation or storage of products for Third Parties in the facilities dedicated to the Petroleum Operations.

17.4. Such profit and loss account shall be debited with all charges necessary for the purposes of the Petroleum Operations in respect of the Fiscal Year concerned, which
may be deducted under the applicable laws of Liberia and the provisions of this Contract.

In particular the following items may be debited from the income of the Fiscal Year:

(a) In addition to the charges specifically set forth below in this Article 17.4, all other Petroleum Costs, including the costs of supplies, personnel and manpower expenses, costs of services provided to the Contractor in respect of the Petroleum Operations, provided, however, that costs of supplies, personnel and services rendered by Affiliated Companies shall be deductible provided that they do not exceed those which would be normally charged in arm's length transactions between independent buyer and seller for identical or similar supplies or services.

(b) Overhead costs relating to the Petroleum Operations performed under this Contract, including without limitation:

- Rentals for movable and immovable properties as well as insurance premiums;

- A reasonable portion, in light of the services rendered to the Petroleum Operations performed in Liberia, of wages and salaries paid to managers and employees residing abroad, and the general and administrative overhead costs of the central services of the Contractor and its Affiliated Companies working for its account, located abroad, and indirect costs incurred by said central services abroad for their account. Overhead costs paid abroad shall in no event be greater than the limits specified in the Accounting Procedure.

(c) Interest paid to creditors of the Contractor, for their actual amount, subject to the limits specified in the Accounting Procedure.

(d) Losses of materials or assets resulting from destruction or damage, assets which are renounced or abandoned during the year, bad debts, indemnities paid to Third Parties as compensation for damage.

(e) Reasonable and justified reserves made for clearly identified future losses or liabilities which current events render probable.

(f) Any other losses or charges directly related to the Petroleum Operations, including exchange losses realized in connection with the Petroleum Operations as well as bonuses and amounts paid during the Fiscal Year.

(g) Surface rentals as set out in Article 17.9.
Any other expense or cost incurred by the Contractor and recorded in accordance with the Accounting Procedure.

17.5. The Contractor’s taxable net profit shall be equal to the difference, if positive, between all the amounts credited and all the amounts debited in the profit and loss account. If this amount is negative, it shall constitute a loss.

17.6. Within three (3) months after the end of a Fiscal Year, each entity constituting the Contractor shall submit to the competent tax authorities its annual tax return together with financial statements, as required by applicable regulations.

NOCAL, shall, after submission of said annual tax return and acknowledgement of tax payment, furnish to the Contractor within a reasonable period the tax receipts evidencing, the payment of Contractors Liberian income tax and all other documents certifying that the Contractor has, for the Fiscal Year in question, complied with all its tax obligations with respect to the income tax as defined in this Article.

17.7. Except for the income tax defined in this Article and the bonuses provided for in Article 19, the Contractor shall be exempt from all other levies, duties, taxes or contributions of any nature whatsoever arising from the Petroleum Operations and any revenues related thereto or, more generally, on Contractor’s property, activities or actions, including its establishment and its operation hereunder.

In particular, the Contractor, its suppliers, subcontractors and Affiliated Companies shall be exempt from the taxes on turnover (value added taxes and taxes on services) which would be payable in connection with sales made by, work performed for and services rendered to the Contractor under this Contract.

17.8. Assignments of any kind between the companies signing this Contract and their Affiliated Companies as well as any assignment made in accordance with this Contract shall be exempt from any duties or taxes payable in such respect.

17.9. Surface rentals shall be payable to NOCAL per square kilometer of the area remaining at the beginning of each Calendar Year as part of the Delimited Area, in the amounts set out below:

<table>
<thead>
<tr>
<th>Phase of Operation</th>
<th>Surface Rentals Per Annum</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Exploration Period</td>
<td>$30 per sq. km.</td>

ARTICLE 18

VALUATION OF PETROLEUM

18.1. For the purposes of this Contract, the Crude Oil price shall be the F.O.B. "Market Price" at the Delivery Point, expressed in Dollars per Barrel and payable within thirty (30) days after the date of the bill of lading, as determined hereinafter for each quarter.

A Market Price shall be determined for each type of Crude Oil or Crude Oil mix.

18.2. The Market Price applicable to deliveries of Crude Oil made during a calendar quarter shall be calculated at the end of said quarter and shall be equal to the weighted average of the prices obtained for Crude Oil from the Delimited Area during said quarter by the Contractor and by NOCAL from independent purchasers, as adjusted to take into account the differences in quality and gravity as well as in F.O.B. delivery terms and payment conditions.

18.3. In the event such sales are not made, the Market Price shall be determined on the basis of the prices obtained on the international market during said quarter between independent buyers and sellers for sales of crude oils of quality similar to the Crude Oil from the Delimited Area in the same markets as those in which the Liberian Crude Oil would normally be sold, as adjusted to take into account the differences in quality, gravity, transportation as well as in sales and payment conditions.

18.4. The following transactions shall, inter alia, be excluded from the calculation of the Market Price of Crude Oil:

(a) sales in which the buyer is an Affiliated Company of the seller as well as sales between entities constituting the Contractor;

(b) sales in the Liberian domestic market;

(c) sales in exchange for other than payment in freely convertible currencies and sales fully or partially made for reasons other then the usual economic incentives involved in Crude Oil sales on the international market (such as exchange contracts, sales from government to government or to government agencies).

18.5. Within ten (10) days following the end of each quarter, the Parties shall advise each other of the prices obtained for their share of production of Crude Oil from the Delimited Area sold to independent purchasers during the quarter in question, indicating for each sale the identity of the purchaser, the quantities sold, the delivery and payment terms.
Within twenty (20) days following the end of each quarter, the Contractor shall determine in accordance with the provisions of Article 18.2 or Article 18.3, as the case may be, the Market Price applicable for the quarter concerned, and shall notify NOCAL of that Market Price, indicating the method of calculation and all data used in the calculation of that market Price.

Within thirty (30) days following receipt of the notice referred to in the preceding paragraph, NOCAL shall verify that the calculation of Market Price complies with the provisions hereof and shall notify the Contractor of its acceptance or objections. Failing notification from NOCAL within that thirty (30) day period the Market Price provided for in the Contractor's notice referred to in the preceding paragraph shall be deemed to have been accepted by NOCAL.

In the event that NOCAL has notified objections to the Market Price, the Parties shall meet within fifteen (15) days following NOCAL's notification to mutually agree on the Market Price. If the Parties fail to agree on the Market Price applicable to a given quarter within seventy-five (75) days after the end of that quarter, NOCAL or the Contractor may immediately submit to an expert, appointed in accordance with the following paragraph, the determination of the Market Price (including the determination of reference crude oils if the Parties have not determined them). The expert shall determine the price within thirty (30) days after his appointment and his conclusions shall be final and binding on the Parties. The expert shall decide in accordance with the provisions of this Article.

The expert shall be selected by agreement between the Parties or, if no agreement is reached, by the International Center of Expertise of the International Chamber of Commerce in accordance with its rules on Technical Expertise, at the request of the most diligent Party. The expertise costs shall be charged to the Contractor and included in the Petroleum Costs.

18.6. In the event it would be necessary to calculate on a provisional basis during a quarter the Crude Oil price applicable to the liftings made during said quarter, that price shall be established as follows:

(a) For any sale to Independent buyers, the price applicable to that sale shall be the price obtained for the Crude Oil for said sale, as adjusted to take into account the F.O.B. delivery terms and thirty (30) days payment terms.

(b) For any lifting other than those which are the subject of a sale to independent buyers, the price applicable to that lifting shall be the Market Price determined for the preceding quarter or, if that Market Price has not been determined, a price set up by agreement between the Parties or, failing agreement, the last known Market Price.

Once the Market Price for a quarter has been determined on a final basis, adjustments, if required, shall be made within thirty (30) days.
ARTICLE 19

BONUSES

19.1. The Contractor shall pay to NOCAL the following bonuses:

(a) Two million Dollars ($2,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of thirty thousand (30,000) Barrels per day during a period of thirty (30) consecutive days.

(b) Three million Dollars ($3,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of fifty thousand (50,000) Barrels per day during a period of thirty (30) consecutive days.

(c) Five million Dollars ($5,000,000) when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of one hundred thousand (100,000) Barrels per day during a period of thirty (30) consecutive days.

Each of the amounts referred to in (a), (b) and (c) above shall be paid within thirty (30) days following the expiration of the reference period of thirty (30) consecutive days.
ARTICLE 20

OWNERSHIP AND ABANDONMENT OF ASSETS

20.1. Upon expiration, surrender or termination of this Contract, whatever the reason thereof, in respect of all or part of the Delimited Area, or at the end of exploitation of a Field, the Contractor shall transfer at no cost to NOCAL the ownership of assets, movables and immovables, used for the requirements of the Petroleum Operations carried out in the area so surrendered, located whether inside or outside the Delimited Area, such as wells and their equipment, buildings, warehouses, docks, lands, offices, plants, machinery and equipment, bases, harbors, wharfs, jetties, buoys, platforms, pipelines, roads, bridges, railroads and other facilities.

In the event of such expiration, surrender of termination of this Contract, Contractor shall as soon as practicable procure the release of any security, mortgage or surety over such assets to be transferred to NOCAL.

However, the Contractor may continue to use those assets beyond the date referred to in the first paragraph, for the requirements of its petroleum operations in Liberia governed by other contracts.

20.2. If NOCAL decides not to accept, for all or part of the assets, the transfer of ownership provided for in Article 20.1, it may, not later than ninety (90) days following the date specified in said Article, require the Contractor, in accordance with good international petroleum industry practice, to perform abandonment operations and to remove, at the cost of the Contractor, the facilities relating to the surrendered area.
ARTICLE 21
NATURAL GAS

21.1. Non-Associated Natural Gas

21.1.1 In the event of a Non-Associated Natural Gas discovery, the Contractor shall engage in discussions with NOCAL with a view to determining whether the appraisal and exploitation of said discovery have a potentially commercial nature.

21.1.2 If the Contractor, after the above-mentioned discussions, considers that the appraisal of such Non-Associated Natural Gas discovery is justified, it shall undertake the appraisal work program for said discovery.

The Contractor shall have the right, for the purposes of evaluating the commerciality of the Non-Associated Natural Gas discovery, if it so requests at least thirty (30) days prior to the expiration of the third exploration period set forth in Article 3.3 to be granted an exclusive appraisal authorization concerning the Appraisal Perimeter of the above-mentioned discovery, for a term of two (2) years.

In addition, the Parties shall jointly evaluate the possible outlets for the Natural Gas, both on the local market and for export, together with the necessary means for its marketing, and they shall consider the possibility of a joint marketing of their shares of production in the event the Natural Gas discovery would not otherwise be commercially exploitable. For that purpose, a Consultative Committee for Natural Gas shall be established by the Parties to ensure the coordination of the upstream and downstream components of the Natural Gas project and facilitate its evaluation and implementation.

21.1.3 Following completion of appraisal work, in the event the Parties should jointly decide that the exploitation of that discovery is justified to supply the local market, or in the event the Contractor should undertake to develop and produce that Natural Gas for export, the Contractor shall submit prior to the expiration of the appraisal period an application for an exclusive exploitation authorization which NOCAL will grant under the terms provided by Article 12.1.

The Contractor shall then have the right and obligation to proceed with the development and production of that Natural Gas discovery in accordance with the approved development plan referred to in Article 11.3 and the provisions of this Contract applicable to Crude Oil shall apply, mutatis mutandis, to Natural Gas, unless otherwise specifically provided under Article 21.3.
21.1.4 If the Contractor considers that the appraisal of the Non-Associated Natural Gas discovery concerned is not justified, NOCAL may, by giving twelve (12) months prior notice which may be reduced either with Contractor's consent or automatically in the event the exclusive exploration authorization expires earlier, require the Contractor to surrender its rights in respect of the area encompassing said discovery provided that, for the avoidance of doubt, such surrender does not affect the Contractor's rights to any other discoveries in respect of the same area.

In the same manner, if the Contractor, after completion of appraisal works, considers that the Non-Associated Natural Gas discovery is not commercial, NOCAL may, by giving three (3) months prior notice, unless the exclusive exploration authorization expires earlier, require the Contractor to surrender its rights on the area encompassing said discovery.

In both cases, the Contractor shall forfeit its rights to all Non-Associated Natural Gas which could be produced from said discovery, and NOCAL may then carry out, or cause to be carried out, all the appraisal, development, production, processing, transportation and marketing work relating to that discovery, without any compensation for the Contractor.

21.1.5 Notwithstanding the terms of Article 21.1.4, if the Contractor is of the view that the Non-Associated Gas discovery in question is not economic as a stand-alone development but can demonstrate that there is sufficient prospectivity in the region to support a combined development of current discovered reserves and future exploration prospects as a combined economic development, then NOCAL will provide the Contractor a period of thirty six (36) months before exercising its rights pursuant to Article 21.1.4.
21.2. Associated Natural Gas

21.2.1 In the event of a commercial discovery of Crude Oil, the Contractor shall state if it considers that the production of Associated Natural Gas is likely to exceed the quantities necessary for the requirements of the Petroleum Operations related to the production of Crude Oil (including reinjection operations), and if it considers that such excess is capable of being produced in commercial quantities. In the event the Contractor shall have informed NOCAL of such an excess, the Parties shall jointly evaluate the possible outlets for that excess of Natural Gas, both on the local market and for export (including the possibility of joint marketing of their shares of production of that excess of Natural Gas in the event such excess would not otherwise be commercially exploitable), together with the means necessary for its marketing.

In the event the Parties should decide that the development of the excess of Associated Natural Gas is justified, or in the event the Contractor would wish to develop and produce that excess for export, the Contractor shall indicate in the development and production program referred to in Article 11.3.3 the additional facilities necessary for the development and exploitation of that excess and its estimate of the costs related thereto.

The Contractor shall then have the right to proceed with the development and exploitation of that excess in accordance with the development and production program approved by NOCAL under the terms provided by Article 11.3.6., and the provisions of the Contract applicable to Crude Oil shall apply, mutatis mutandis, to the excess of Associated Natural Gas, unless otherwise specifically provided by Article 21.3.

A similar procedure shall be applicable if the sale or marketing of Associated Natural Gas is decided during the exploitation of a Field.

21.2.2 In the event the Contractor should not consider the exploitation of the excess of Associated Natural Gas as justified and if NOCAL, at any time, would wish to utilize it, NOCAL shall notify the Contractor thereof, in which event:

(a) the Contractor shall make available to NOCAL free of charge at the Crude Oil and Natural Gas separation facilities all or part of the excess that NOCAL wishes to lift;

(b) NOCAL shall be responsible for the gathering, processing, compressing and transporting of that excess from the above mentioned separation facilities, and shall bear any additional costs related thereto;

(c) the construction of the facilities necessary for the operations referred to in paragraph (b) above, together with the lifting of that excess by
NOCAL, shall be carried out in accordance with good international petroleum industry practice and in such a manner as not to hinder the production, lifting and transportation of Crude Oil by the Contractor.

21.2.3 Any excess of Associated Natural Gas which would not be utilized under Articles 21.2.1. and 21.2.2., shall be reinjected by the Contractor. However, the Contractor shall have the right to flare said gas in accordance with good international petroleum industry practice, provided that the Contractor furnishes NOCAL with a report demonstrating that said gas cannot be economically utilized to improve the rate of recovery of Crude Oil by means of reinjection pursuant to the provisions of Article 15.6., and provided, further, that NOCAL approves said flaring, which approval shall not be unreasonably withheld.
21.3. **Provisions common to Associated and Non-Associated Gas**

21.3.1 In order to encourage the exploitation of Natural Gas, NOCAL may grant to the Contractor specific benefits when they are duly justified concerning, inter alia, the recovery of the Petroleum Costs relating to Natural Gas.

21.3.2 The Contractor shall have the right to dispose of its share of production of Natural Gas, in accordance with the provisions of this Contract. It shall also have the right to proceed with the separation of liquids from all Natural Gas produced, and to transport, store as well as sell on the local market or for export its share of liquid Petroleum so separated which will be considered as Crude Oil for the purposes of their sharing between the Parties under Article 16.

21.3.3 For the purposes of this Contract, the Natural Gas price, expressed in Dollars per million BTU, shall be equal to:

(a) with respect to Natural Gas export sales to Third Parties, the price obtained from purchasers;

(b) with respect to sales on the local market of Natural Gas as a fuel, the equivalent of one hundred percent (100%) of the price of high sulfur heavy fuel oil (expressed in Dollars per million BTU) exported from or imported into Liberia, or such other price as NOCAL (or the national entity that the STATE would set up for the distribution of Natural Gas on the local market) and the Contractor would mutually agree upon.

The above-mentioned equivalent price for the utilization of Natural Gas as a fuel shall be determined on the basis of the same calorific value with respect to commercial gas delivered at the entry point of the main gas transportation network, if any, or otherwise where delivered to large consumers. In the event of transfer of the gas at a delivery point located upstream, the selling price shall be adjusted accordingly.
ARTICLE 22

FOREIGN EXCHANGE CONTROL

22.1. The Contractor shall comply with the foreign exchange control regulations, subject to the provisions of this Article.

22.2. The Contractor, its contractors, subcontractors and Affiliated Companies shall have the right to:

   22.2.1 retain abroad all foreign currencies received and/or arising from (a) export sales of all Petroleum to which it is entitled under this Contract, (b) the assignment of any interest in this Contract, (c) the equity and share capital in any applicable entities, (d) the repayment of capital and interest on any loans made and more generally, all assets acquired abroad by it;

   22.2.2 freely dispose of such foreign currencies or assets to the extent that they may exceed its requirements for its operations in Liberia;

   22.2.3 open, maintain and operate foreign exchange bank accounts both inside and outside Liberia and local currency bank accounts inside Liberia;

   22.2.4 be exempt from all legally required or mandatory conversions of foreign exchange into local or other currency;

   22.2.5 without prejudice to the provisions of Article 17, pay in foreign exchange partly or wholly abroad the salaries, allowances and other benefits received by their expatriate employees working in Liberia on Petroleum Operations;

   22.2.6 without prejudice to the provisions of Article 17, pay in foreign exchange the salaries, allowances and other benefits received by their Liberian employees working on Petroleum Operations;

   22.2.7 without prejudice to the provisions of Article 17, pay directly abroad in foreign exchange their foreign subcontractors working on Petroleum Operations; and

   22.2.8 purchase currencies of Liberia with foreign currencies, and freely exchange into foreign currencies of its election any funds held by it in Liberia in excess of its local requirements at exchange rates which shall not be less favorable than those generally applicable to any other buyer or seller of foreign currencies.

22.3. No restriction shall be exercised on importation by the Contractor of funds intended for the performance of the Petroleum Operations.
ARTICLE 23

APPLICABLE LAW

The laws and regulations in force in the Republic of Liberia and the provisions of International law as may be applicable to international oil and gas activities shall apply to the Contractor, to this Contract and to the Petroleum Operations which are the purpose thereof, unless otherwise provided by the Contract.
ARTICLE 24

MONETARY UNIT

24.1. The registers and accounting books relating to this Contract shall be maintained and recorded in Dollars. Said registers and accounting books shall be used to determine the Petroleum Costs, gross income, exploitation costs and net profits for the purpose of the preparation of the Contractor's tax return; they shall contain, inter alia, Contractor's accounts showing the sales of Petroleum under this Contract.

24.2. Whenever it is necessary to convert into Dollars expenses and income expressed in another currency, the exchange rates to be used shall be equal to the arithmetic average of the daily closing rates for the purchase and sale of said currency during the month when the expenses were paid and the income received.

24.3. The originals of the registers and accounting books referred to in Article 24.1 shall be kept in Liberia.

The registers and accounting books shall be supported by detailed documents with respect to receipts and Petroleum Costs.
ARTICLE 25
ACCOUNTING METHOD AND AUDITS

25.1 The Contractor shall maintain its accounts in accordance with the regulations in force and with the provisions of the Accounting Procedure set out in Appendix 2 attached hereto forming an integral part of this Contract.

25.2 After giving the Contractor notice thereof in writing, the STATE shall have the right to cause the registers and accounting books relating to the Petroleum Operations to be inspected and audited by its own agents or by experts of its election, and shall have a period of four (4) years following the end of each Calendar Year to carry out those inspections or audits relating to said Year and may submit its objections to the Contractor for any contradictions or errors found during such inspection or audits.

Should the STATE fail to make any claim within the above-mentioned period of four (4) years, no further objection or claim shall be made by the Liberian administration for the Calendar Year concerned.
ARTICLE 26
IMPORT AND EXPORT

26.1. (a) The Contractor shall have the right to import into Liberia, in its own name or on behalf of its agents, contractors and subcontractors, all the technical equipment, materials, machinery and tools, goods and supplies necessary in the Contractor's opinion for the proper conduct and achievements of the Petroleum Operations; such imports include but are not limited to, drilling, exploration, development, production, transportation, sales and marketing, equipment, pipelines, tanks, geological and geophysical tools, boats, ships, launches, drilling barges, ships and platforms, production platforms, civil engineering and telecommunication equipment, power plants and all related equipment, aircraft, automotive equipment and other vehicles, instruments, tools, spare parts, alloys and additives, camping equipment, protective clothing and equipment, medical, surgical and sanitary equipment, supplies and instruments necessary for the installation and operation of hospitals and dispensaries, documentation equipment, construction materials of all types, lumber, office furniture and equipment, automobiles, explosives, chemicals, fuels, ship supplies, pharmaceutical products, medicines.

(b) The Contractor shall have the right to import into Liberia, in its own name or on behalf of its agents, contractors or subcontractors, the furniture, clothing, household appliances, vehicles, spare parts, all foodstuff (subject to compliance with applicable regulations pertaining to the import of foodstuff) and all personal effects for all the foreign employees and their families assigned to work in Liberia for the Contractor, its agents contractors, or subcontractors.

(c) However, the Contractor, its agents, contractors and subcontractors undertake not to proceed with the imports mentioned in Article 26.1.(a) insofar as such items are available in Liberia under equivalent conditions of quantity, quality, price, delivery and terms of payment, unless specific requirements or technical emergencies are presented by the Contractor.

(d) The Contractor, its agents, contractors and subcontractors shall have the right to re-export from Liberia, free of all duties and taxes and at any time, all the items imported under Article 26.1.(a) and (b) which are no longer necessary for the Petroleum Operations except the items which have become the property of the State under the provisions of Article 20.
26.2. All the technical materials, machinery and tools, goods and supplies specified in Article 26.1 which the Contractor, its agents, contractors and subcontractors, their foreign employees and their families will have the right to import in one or more shipments to Liberia, shall be fully exempt of all duties and taxes payable as a result of the importation ("entry duties and taxes").

As the case may be, the applicable administrative formalities will be those of the following regimes:

(a) Exceptional temporary admission regime in full suspension of entry duties and taxes for equipment, materials, machinery and tools, goods and supplies necessary for the proper progress of the Petroleum Operations, for the entire duration of their use in Liberia including the continental shelf, it being understood that for the equipment, materials, machinery and tools, and goods and supplies consumed during the operations or left in place, the exceptional temporary admission discharge will be automatic by simple quarterly declaration and without payment of duties and taxes.

In the event of a duly justified emergency, the equipment, materials, tools and machinery, goods and supplies will be placed at the disposal of the users as soon as they arrive in Liberia and the administrative regularization relating to their admission will be made later and as soon as possible.

(b) Supply regime for consumable goods and foodstuffs, fuels and lubricants used at sea, in particular on all ships, aircraft and machinery used for petroleum exploration and exploitation.

(c) Exempt admission regime according to the regulations in force, for furniture, clothing, household appliances and personal effects.

26.3. The Contractor, its agents, contractors and subcontractors shall, provided that they inform the STATE in advance of their intent to sell and subject to the provisions of Article 20, have the right to sell in Liberia, all equipment, materials, machinery and tools, goods and supplies which they have imported when they are considered as surplus and no longer necessary for the Petroleum Operations. In that event, the seller shall be responsible for paying all duties and taxes applicable on the date of the transaction and for filing all the formalities prescribed by the regulations in force.

26.4. During the term of this Contract, the Contractor, its customers and their carriers shall have the right to export freely at the export point selected for that purpose, free of all duties and taxes and at any time, the portion of Petroleum to which the Contractor is entitled in accordance with the provisions of this Contract, after deduction of all deliveries made to the STATE and/or NOCAL.

26.5. Contractor and its agents, contractors and subcontractors shall also be exempt from the provisions of Liberian foreign trade regulations concerning the prohibition, limitation and restriction of import and export and country of origin of those items indicated in Article 26.1 and with respect to the Petroleum allocated to Contractor pursuant to this Contract.
26.6. NOCAL will, within the full limits of its authority, use its best endeavours, when requested to do so by Contractor, to ensure that the above mentioned exemptions are applied and expedite the movement through customs of any equipment or supplies of Contractor, its agents, contractors and subcontractors and all of their employees and family members.
ARTICLE 27

DISPOSAL OF PRODUCTION

27.1. Each Calendar Year, up to a total of ten percent (10%) of the share of Crude Oil production to which the Contractor is entitled, shall be sold to NOCAL by the Contractor for the purpose of satisfying the needs of the domestic market of Liberia. Such contribution of the Contractor shall be in proportion to its share of production, in the total Crude Oil production in Liberia.

The quantity of Crude Oil the Contractor shall be obligated to sell to NOCAL shall be notified to it by NOCAL at least three (3) months prior to the beginning of each calendar quarter.

27.2. The price of the Crude Oil sold to NOCAL under Article 27.1 for the needs of the domestic market shall be the Market Price defined in Article 18.

That Crude Oil price shall be payable to the Contractor in Dollars thirty (30) days after receipt of the invoice unless otherwise agreed between the Parties.

27.3. The transfer of title to, and risk of, the share of Petroleum production to which each Party is entitled shall be made at the Delivery Point, or at any other transfer point agreed between the Parties.

27.4. Each of the Parties shall have the right and obligation, to dispose of and lift the share of Petroleum to which it is entitled under this Contract.

Such share shall be lifted on as regular a basis as possible, it being understood that each of the Parties, within reasonable limits, will be authorized to lift more (overlift) or less (underlift) than its share of Petroleum produced and unlifted by the lifting day to the extent that such overlift or underlift does not infringe on the rights of the other Party and is compatible with the production rate and the storage capacity. In the establishment of the sequence of lift, priority will be given to the Party with the largest share of produced and unlifted quantity of Petroleum at a given time. The Parties shall periodically meet to establish a provisional lifting program on the basis of the principles above-described and taking into account the wishes of the Parties as regards the dates and quantities of their lift, provided that those wishes are compatible with said principles.
ARTICLE 28

PROTECTION OF RIGHTS

28.1. The Contractor shall take all necessary steps to achieve the objectives of this Contract in its conduct of Petroleum Operations.

28.2. NOCAL shall take all necessary steps to facilitate the implementation by the Contractor of the objectives of this Contract, and the STATE shall protect the property and operations of the Contractor, its employees, agents, contractors and subcontractors in the territory of Liberia.

28.3. At the request of the Contractor, the STATE shall prohibit the construction of dwelling or business buildings in the vicinity of installations which the Contractor may declare dangerous as a result of its operations. The STATE shall take all necessary precautions to prohibit anchoring in the vicinity of submerged pipelines at river passages, and to prohibit any hindrance to the use of any other installation necessary for the Petroleum Operations whether on land or offshore.

28.4. The Contractor shall have the freedom to self-insure and/or take out and cause to be taken out by its contractors and subcontractors, in respect of the Petroleum Operations, all insurances of the type and for such amounts customarily used in the international petroleum industry, including without limitation, third party liability insurance and insurances to cover damage to property, facilities, equipment and materials, without prejudice to such insurances which would be required under Liberian legislation. With respect to any self insurance, Contractor shall notify NOCAL of the extent and coverage applicable to such self insurance, as well as the premium to be associated therewith as provided under the Accounting Procedure.
ARTICLE 29
PERSONNEL AND TRAINING

29.1. The Contractor shall, for the purposes of the Petroleum Operations, employ Liberian personnel where, in the Contractor's sole opinion, such personnel are suitably qualified for the requirements of employment.

Managers, technicians, engineers, accountants, geologists, geophysicists, scientists, chemists, drillers, foremen, mechanics, skilled workers, secretaries and executive employees may be hired outside Liberia if similarly qualified specialists cannot be hired in Liberia.

29.2. Upon commencement of the Petroleum Operations, the Contractor shall provide funding for training programmes and for that purpose the Contractor shall devote an annual training Budget of:

(a) One hundred thousand Dollars ($100,000) during each year of the exploration periods;

(b) One hundred and fifty thousand Dollars ($150,000) during each year of the exploitation periods.

The training expenses borne by the Contractor shall be included in the recoverable Petroleum Costs.

NOCAL and the Contractor shall nominate, respectively, seventy percent (70%) and thirty percent (30%) of the candidates for the training program and all such candidates shall be Liberian nationals.

29.3. Upon commencement of the Petroleum Operations, the Contractor shall provide funding for social and welfare programs in Liberia and for that purpose the Contractor shall devote an annual social and welfare budget of:

(a) One hundred thousand Dollars ($100,000) during each year of the exploration period;

(b) Two hundred thousand Dollars ($200,000) during each year of the exploitation period.

An escrow account shall be established by the Parties for the purpose of receiving the funds and payment of the programs referred to herein. NOCAL and the Contractor shall both be signatories to the escrow account.
The social and welfare programs shall be developed and agreed by NOCAL and the Contractor and all costs referred to herein shall be recoverable as Petroleum Costs. The respective annual funding for such social and welfare programs shall be paid into the escrow account within thirty (30) days of the Effective Date and on each anniversary thereof.

29.4 The entry into Liberia of all foreign personnel shall be authorized and the STATE shall issue the documents necessary for that entry to all members of the foreign personnel, such as entry visas, working permits and exit visas, in compliance with the immigration regulations in force in Liberia.

At the request of the Contractor, the STATE shall facilitate any immigration formalities with the Immigration Bureau, at the points of entry into and exit from Liberia, in respect of the Contractor's employees, contractors, subcontractors and agents, and their families, all without undue delays.

29.5 All the employees required for the conduct of the Petroleum Operations shall be under the Contractor's authority or that of its contractors, subcontractors and agents, in their capacity as employers. Their work, number of working hours, salaries and any other matters relating to their employment conditions shall be determined by the Contractor or its contractors, subcontractors and agents.
ARTICLE 30

ACTIVITY REPORTS IN RESPECT OF EXCLUSIVE EXPLOITATION AUTHORIZATIONS

30.1. The provisions of Article 8 shall apply, mutatis mutandis, to any exclusive exploitation authorizations. In addition, the following periodic activity reports shall, inter alia, be furnished in respect of each Field:

(a) daily production reports;

(b) monthly reports stating the quantities of Petroleum produced and those sold during the previous month together with information on such sales.

Unless the Contractor gives its written consent, the information relating to a Field under exploitation, except statistical data about activity, shall be considered as confidential by the Parties during the term of this Contract.

30.2. The Contractor shall forthwith notify the STATE of any material damage whatsoever caused to the petroleum fields or facilities, and shall take all necessary steps to terminate it and carry out the necessary repairs.

30.3. From the year of granting an exclusive exploitation authorization, the annual report referred to in Article 8.2 shall also include the following:

(a) information on all development and production operations carried out during the previous Calendar Year, including the quantities of Petroleum produced and those sold, if any;

(b) information on all transportation and sales operations together with the location of the main facilities built by the Contractor, if any;

(c) a statement specifying the number of employees and workers, their qualification and their nationality, together with a report on the medical care and training provided to them.
ARTICLE 31

ARBITRATION

31.1. Save with respect to a dispute under Article 18.5, in the event of any dispute between the STATE or NOCAL and the Contractor relating to, or arising out of, the interpretation or execution of the provisions of this Contract, the Parties shall make their best efforts to settle such dispute amicably.

If within two (2) months from the date of notice of such dispute by a Party to the other(s), the Parties have not reached settlement, any Party may refer the dispute for arbitration to the International Chamber of Commerce in accordance with its Rules of Arbitration.

31.2. The arbitration shall be held in London, England. The language used during the procedure shall be the English language. The arbitration shall be determined by three (3) arbitrators. The arbitrators shall not have the same nationality as the Parties.

The arbitration tribunal’s award shall be final; it shall be binding on the Parties and shall be enforceable in any court of appropriate jurisdiction.

31.3. The expenses of any arbitration shall be borne equally by the Parties to the dispute, that is to say, each Party shall pay the expenses of its own arbitrator and the expenses of the third arbitrator in equal shares, and any expenses imposed by the International Chamber of Commerce shall be shared equally by the Parties.

The performance by the Parties of their obligations under this Contract shall not be suspended during the course of the arbitration.

31.4 For purposes of allowing such arbitration, and enforcement and execution of any arbitration decision, award, issuance of any attachment, provisional remedy or other pre-award remedy, each Party waives any and all claims to immunity, including, but not limited to, any claims to sovereign immunity.
ARTICLE 32

FORCE MAJEURE

32.1. No delay or default of a Party in performing any of the obligations resulting from this Contract shall be considered as a breach of this Contract if such delay or default is caused by a case of Force Majeure.

If in the event of Force Majeure the performance of any of the obligations under this Contract is delayed, that delay extended by the period of time required to repair the damage caused during such delay and to resume the Petroleum Operations, shall be added to the period provided by this Contract for the performance of said obligation, and the exclusive exploration or exploitation authorizations shall be extended by that period as regards the area concerned by Force Majeure.

32.2. Force Majeure means any event unforeseeable and beyond the control of a Party, such as: earthquake, flood, accident, strike, lockout, riot, delay in obtaining the rights-of-way (declared or undeclared), insurrection, civil disturbances or commotion, sabotage, acts of war or conditions attributable to war, or any other cause beyond its control, similar to or different from those already mentioned.

32.3. Where a Party considers it is prevented from performing any of its obligations by the occurrence of Force Majeure, it shall forthwith notify the other Parties thereof by specifying the grounds for establishing Force Majeure, and take all necessary steps to ensure the normal resumption of the performance of the concerned obligations upon termination of the event constituting the Force Majeure.

Obligations other than those affected by Force Majeure shall continue to be performed in accordance with the provisions of this Contract.
ARTICLE 33

JOINT AND SEVERAL OBLIGATIONS
AND GUARANTEES

33.1. All the clauses, conditions and provisions of this Contract shall be binding on the Parties and their respective successors and assignees. This Contract constitutes the only agreement between the Parties and no previous communication, promise or agreement, whether oral or written, between the Parties, related to the purpose of this Contract may be asserted to amend the clauses hereof.

The STATE certifies and guarantees that there is no other applicable agreement with respect to the petroleum rights within the Delimited Area, that it will perform its obligation in fairness and good faith and that this Contract will not be cancelled, amended or modified except by agreement between the Parties.

The STATE hereby guarantees:

(a) those rights granted or to be granted by NOCAL or any Governmental Authority to the Contractor under this Contract;

(b) those obligations undertaken or to be undertaken by NOCAL or any Governmental Authority under this Contract;

(c) that none of the Contractor's rights, interests or property shall be expropriated, nationalised or otherwise taken by reason of any act of any authority of the Republic of Liberia. In the event, however, that any such expropriation, nationalisation or other taking of any of the Contractor's rights, interests or property (including undeveloped reserves) occurs, the STATE shall provide full and prompt compensation.

The STATE agrees and undertakes that such legislative measures will be taken forthwith to enact this Contract into law so as to ensure that all rights, privileges and exemptions granted under this Contract to the Contractor, its Affiliated Companies, agents and subcontractors have full legal force and effect, and in particular to ensure that, upon approval by the Parliament of the Republic of Liberia of this Contract, this Contract shall constitute a law of the Republic of Liberia and shall take precedence over any law (or part thereof) of the Republic of Liberia which is inconsistent with or conflicts with any of the provisions of this Contract.

The privatisation, insolvency, liquidation, reorganisation or any other change in the structure or legal existence of NOCAL shall not affect the obligations of the STATE hereunder. The STATE shall, throughout the entire duration of this Contract, ensure that the rights and obligations of NOCAL under this Contract are always vested in and undertaken by an entity authorised to and capable of performing such obligations, failing
which the STATE itself shall perform directly all such obligations of NOCAL under this Contract.

33.2. Where the Contractor is constituted by several entities, the obligations and liabilities of those entities under this Contract shall be joint and several.
ARTICLE 34

RIGHTS OF ASSIGNMENT

34.1. All or part of the rights and obligations arising from this Contract may be assigned by any of the entities constituting the Contractor to Third Parties whose technical and financial reputation is well established; the assignees with the other entities constituting the Contractor shall thereafter be jointly and severally liable for the obligations arising from this Contract.

Any assignment shall be subject to the prior approval of NOCAL, which approval shall not be unreasonably withheld.

If within thirty (30) days following notification to NOCAL of a proposed assignment accompanied by all the related information and the draft assignment deed, NOCAL has not given its decision, that assignment shall be deemed to be approved by NOCAL.

From the date of approval of an assignment, the assignee shall comply with the terms and conditions of this Contract.

34.2. All or part of the joint and several rights and obligations arising from this Contract may be freely assigned at any time by any of the entities constituting the Contractor to one or more Affiliated Companies or other entities constituting the Contractor.

34.3. Without prejudice to its obligations hereunder, the Contractor shall have the right to freely mortgage, pledge or otherwise encumber its interests in the Contract or any property in or outside the Republic of Liberia which is used for Petroleum Operations, provided that any such mortgage, pledge or other encumbrance shall be made expressly subject to the terms of this Contract and shall be subject to the prior approval of NOCAL, which approval shall not be unreasonably withheld.

34.4. NOCAL may freely assign its rights and obligations under this Contract upon thirty (30) days written notice to Contractor provided that such assignee shall be a competent body authorised by the STATE to undertake fully the rights and obligations of NOCAL assigned to it under this Agreement.
ARTICLE 35

STABILITY OF CONDITIONS

35.1. This Contract is executed between the Parties in accordance with the laws and regulations in force at the date of its signing and on the basis of the provisions of said laws and regulations, as regards, inter alia, the economic, fiscal and financial provisions of this Contract.

35.2. This Contract may not be amended or modified by virtue of the adoption or amendment of law, regulation, treaty, inter-governmental agreement, decree or administrative order by the Republic of Liberia after the Effective Date. This Contract may only be amended or modified by written agreement of all Parties.

In the event any new laws, regulations, treaties, inter-governmental agreements, decrees or administrative orders modify the provisions of the laws and regulations in force at the date of signing of this Contract and should those modifications bring about a material change in the respective economic situation of the Parties resulting from the original provisions of this Contract, the Parties shall in good faith enter into an agreement with a view to modifying those provisions in order to restore the economic balance of this Contract as intended at the signing hereof and if the rights or interests of Contractor have been adversely affected, then NOCAL shall indemnify the Contractor (and its assignees) for any disbenefit, deterioration in economic circumstance, loss or damages that ensue therefrom.

35.3. In the event of other changes in circumstances from those existing at the date of signing hereof that have a material effect on the terms of this Contract, either NOCAL or the Contractor shall request of the other to consult together. If it is established that such profound changes in circumstances have occurred, then the Parties shall effect such changes in or clarifications to this Contract that they agree are necessary. The Parties shall meet in good faith to make the necessary revisions and adjustments to this Contract in order to maintain such expected economic benefits to each of the Parties, provided that the economic benefits to the Parties shall not be reduced as a result of exercising the terms of this Article. For the purposes of this Article, the term "profound changes in circumstances" shall mean such changes in the economic conditions of the petroleum industry world-wide or in Liberia or such changes that result in such a material and fundamental alteration of the conditions and assumptions relied upon by the Parties at the date of signing hereof (or the time after any subsequent review under this Article) to the effect that the overall balance of equities and benefits reasonably anticipated by the Parties will no longer be achievable. It is understood that this Article 35.3 subjects the Parties to a simple obligation to consider in good faith the proposed modification of this Contract. This Contract shall remain unaltered and in force during any such period of consideration.
ARTICLE 36
CONFIDENTIALITY

36.1 (a) Subject to the provisions of this Contract, each Party agrees that all information and data of a technically, geologically or commercially sensitive nature acquired or obtained relating to Petroleum Operations and which on the Effective Date is not in the public domain or otherwise legally in the possession of such Party without restriction on disclosure shall be considered confidential and shall be kept confidential (subject to Contractor’s right to trade in such data and information in accordance with Article 36.2) and not be disclosed to any person or entity not a Party to this Contract, except:

(1) To an Affiliated Company, provided such Affiliated Company maintains confidentiality as provided in this Contract;

(2) To a governmental agency or other entity when required by this Contract;

(3) To the extent such data and information is required to be furnished in compliance with any applicable laws or regulations, or pursuant to any legal proceedings or because of any order of any court binding upon a Party;

(4) To potential subcontractors, consultants and attorneys employed by any Contractor Party where disclosure of such data or information is essential to such sub contractor’s, consultant’s or attorney’s work;

(5) To a bona fide prospective transferee of a Party’s participating interest (including an entity with whom a Party is conducting bona fide negotiations directed toward a merger, consolidation or the sale of a majority of its or an Affiliated Company’s shares);

(6) To a bank or other financial institution to the extent appropriate to a Party arranging for funding of its obligations under this Contract;

(7) To the extent such data and information must be disclosed pursuant to any rules or requirements of any government or stock exchange having jurisdiction over any Party, or its Affiliated Companies;

(8) Where any data or information which, through no fault of a Party, becomes a part of the public domain; and

(9) To the arbitrators in accordance with Article 31 or to any expert in accordance with Article 18.

(b) Each Party shall take customary precautions to ensure such data and information on Petroleum Operations is kept confidential by its respective employees;

(c) Any Contractor ceasing to own a participating interest in this Contract during the term of this Contract shall nonetheless remain bound by the obligations of confidentiality set forth above and any disputes shall be resolved in accordance with the arbitration.
provisions hereof, and the confidentiality obligations of the Contractor as set forth therein shall survive a period of three (3) years from the termination of this Contract.

36.2 Notwithstanding the foregoing, Contractor shall have the free right to trade with Third Parties all data relating to the Delimited Area for other data relating to Liberia with the approval of NOCAL, such approval not to be unreasonably withheld.

36.3 Each Contractor, notwithstanding any other provisions in this Article 36, may make disclosures in annual reports, employee and shareholder newsletters, magazines and the like of summaries of a general nature relating to Petroleum Operations, which are customarily or routinely described or reported in such publications.
ARTICLE 37

IMPLEMENTATION OF THE CONTRACT

37.1. The Parties agree to cooperate in every possible manner to achieve the objectives of this Contract.

NOCAL shall facilitate the Contractor's performance of its activities by granting it any permits, licenses and access rights necessary for the performance of the Petroleum Operations and by making available to it any appropriate services and facilities, so that the Parties can obtain the best benefit from a sincere cooperation. However, the Contractor shall observe the applicable procedures and formalities, and shall apply to the competent Ministries and/or Agencies of the Administration.

37.2. Except as otherwise provided in this Contract any notice or other document to be given under this Contract shall be in writing and shall be deemed to be duly given if it (or the envelope containing it) identifies the Party to whom it is intended to be given as the addressee and it is:

37.2.1 delivered personally; or

37.2.2 sent by facsimile transmission

To the respective addresses shown below or to such other addresses and/or numbers as a Party may by notice to the other Parties expressly substitute therefor. The respective addresses for service are:

**STATE:**
Executive Mansion, Capitol Hill, Monrovia, Liberia
Fax:
Attention:

**NOCAL:**
Episcopal Church Plaza, 3rd Floor, Corner of Ashmun Street & Randall Street 1000, Monrovia 10, Liberia
Fax:
Attention: President and CEO

**PIL:**
11 Berkeley Street, London W1J 8DS
Fax: +44 20 7408 9501
Attention: Company Secretary

**EHL:**
11 Berkeley Street, London W1J 8DS
Fax: +44 20 7408 9535
Attention: Company Secretary

Any notice duly given shall be deemed to have been both given and received:

37.3.1 if it is delivered in accordance with Article 37.2.1, on such delivery;
37.3.2 If it is duly sent in accordance with Article 37.2.2 upon receipt by the sender of the correct transmission report.

37.3 If NOCAL considers that the Contractor has committed a breach in the performance of any of its obligations, it shall so notify the Contractor in writing and the Contractor shall have sixty (60) days to remedy the breach or refer the matter to arbitration in accordance with this Contract.

37.4 The terms and conditions of this Contract may be modified only in writing and by mutual agreement between the Parties.

37.5 Unless otherwise specified in writing, NOCAL shall represent the STATE under this Contract and is empowered to grant, in the name and on behalf of the STATE, any consent necessary or useful for the implementation of this Contract.

37.6 Headings in this Contract are inserted for purposes of convenience and reference and in no event shall define, restrict or describe the scope of object of the Contract or of any of its clauses.

37.7 Appendices 1 and 2 attached hereto shall form an integral part of this Contract.

37.8 Any waiver by the STATE or NOCAL concerning the performance of any obligation of the Contractor shall be in writing and signed by the representative of the STATE or NOCAL, and no waiver shall be implied if the STATE or NOCAL does not exercise any of its rights to which it is entitled under this Contract.
ARTICLE 38

EFFECTIVE DATE

Upon execution by the Parties and when promulgated as a law of the Republic of Liberia, this Contract shall become effective, such date of promulgation being referred to as the Effective Date, and said Contract shall become binding on the Parties.

IN WITNESS WHEREOF, the Parties have signed this Contract on the date as set forth below.

Those co-ordinates are only given for purposes of this Contract and shall not be considered as the boundaries of the national jurisdiction of Liberia.

The surface of the Delimited Area above-defined is equal to approximately 3,514.43 sq. km.
APPENDIX 2

Attached to and made part of this Contract between the STATE, NOCAL and the Contractor.

ACCOUNTING PROCEDURE

Article I — General Provisions

1.1. Object

This Accounting Procedure shall be followed and observed in the performance of the obligations under the Contract to which this Appendix is attached.

1.2. Accounts and statements

The registers and accounting books of the Contractor shall be in conformity with accounting rules and regulations for business applicable in Liberia. However, the Contractor may apply the accounting rules and procedures customarily used in the petroleum industry, insofar as none of these are contrary to the rules and regulations referred to above.

In accordance with the provisions of Article 25 of the Contract, accounts, books and registers shall be maintained and recorded in Dollars. These accounts shall be used, inter alia, to determine the amount of Petroleum Costs, the recovery of said Costs, the production sharing, as well as for the purposes of Contractor’s tax return.

The Contractor shall record all operations connected with the Petroleum Operations in accounts separate from those relating to any other activities which it may carry out in the Republic of Liberia.

All accounts, books, records and statements, together with documents supporting expenses incurred, such as invoices and service contracts, shall be kept in the Republic of Liberia in order to be provided at the request of the competent authorities of Liberia.

1.3. Interpretation

The definitions of the terms used in this Appendix 2 shall be the same as those of the same terms set forth in the Contract.

In the event of any conflict between the provisions of this Accounting Procedure and the Contract, the provisions of the Contract shall prevail.
1.4. Modifications

The provisions of this Accounting Procedure may be modified by mutual agreement between the Parties.

The Parties agree that if any provision of the Accounting Procedure proves inequitable to either Party, such provision shall be negotiated in good faith by the Parties and upon agreement modified.
Article II — Petroleum Costs

II.1. Petroleum Costs Account

The Contractor shall maintain a "Petroleum Costs Account" which will record in detail the expenses incurred by the Contractor directly relating to the Petroleum Operations carried out under this Contract, and which will be recoverable in accordance with the provisions of Article 16 of the Contract.

This Petroleum Costs Account shall, inter alia, record separately, by Appraisal Perimeter or Exploitation Perimeter if any, the following expenses:

(a) exploration expenditures;
(b) appraisal expenditures;
(c) development expenditures;
(d) exploitation expenses;
(e) financial costs;
(f) overhead costs in Liberia;
(g) overhead costs abroad.

The Petroleum Costs Account shall enable, inter alia, to identify at any time:

(a) the total amount of Petroleum Costs since the Effective Date;
(b) the total amount of Petroleum Costs recovered;
(c) the total amount credited to the Petroleum Costs Account pursuant to Article II.4. below;
(d) the total amount of Petroleum Costs which remain to be recovered.

For the purposes of Article 16 of the Contract, Petroleum Costs shall be recovered in the following sequence:

(a) exploitation expenses in respect of a Field incurred and paid from the date of commencement of regular production;
(b) financial costs;
(c) other Petroleum Costs.

In addition, within each of the foregoing categories, the costs shall be recovered in the sequence in which they are incurred.

Unless otherwise provided for in this Accounting Procedure the intent of the Parties is not to duplicate any item of the credit or debit of the accounts maintained under the Contract.

II.2. Items debited to the Petroleum Costs Account

The following expenses and costs shall be debited to the Petroleum Costs Account:

II.2.1. Personnel expenses

All payments in respect of the salaries and wages of the Contractor’s employees directly assigned to the Petroleum Operations carried out under this Contract, in the Republic of Liberia, whether temporarily or permanently, including amounts imposed by the applicable laws and costs of employees’ benefits and all additional charges or expenses in accordance with the individual or collective employment contracts or pursuant to the Contractor’s personnel policies.

II.2.2 Overhead costs in Liberia

Wages and salaries of the Contractor’s personnel directly engaged in the Petroleum Operations in the Republic of Liberia, whose work time is not directly allocated to the programs, as well as costs of maintaining and operating in Liberia a main and administrative office and sub-offices necessary for the Petroleum Operations.

II.2.3. Overhead costs abroad

The Contractor shall add a reasonable amount as overhead paid abroad, connected to the carrying out of the Petroleum Operations by the Contractor or its Affiliated Companies, such amounts representing the estimated cost of services directly rendered for the benefit of the said Petroleum Operations.

The amounts charged shall be provisional amounts established on the basis of the experience of the Contractor, and shall be annually adjusted according to the actual costs borne by the Contractor.
However, overhead costs paid abroad shall be charged only within the following limits:

(a) prior to the grant of an exclusive exploitation authorization ten percent (10%) of the expenses charged to the Petroleum Costs Account excluding overhead costs for the year in question;

(b) from the grant of the first exclusive exploitation authorization ten percent (10%) of expenses charged to the Petroleum Costs Account excluding overhead costs for the year in question.

II.2.4 Buildings

Construction, maintenance expenses, as well as rents paid for all offices, houses, warehouses and buildings of other types, including housing for employees, and cost of equipment, furniture, and fittings necessary for the operation of those buildings directly required for the performance of the Petroleum Operations.

II.2.5 Materials, equipment and rentals

Costs of equipment, materials, machinery, and facilities purchased or provided for use in the Petroleum Operations, as well as rentals or compensations paid or incurred for the use of any equipment or facilities required directly for the performance of the Petroleum Operations.

II.2.6 Services

Costs of services directly related to Petroleum Operations rendered by subcontractors and consultants, as well as any costs directly related to services rendered by the STATE or NOCAL or any other authorities of the Republic of Liberia.

Costs of services directly related to Petroleum Operations rendered by Affiliated Companies, provided that such costs shall not exceed those normally charged by independent companies for an identical or similar service.

II.2.7 Insurance Premiums and equivalent

Premiums paid for insurances customarily taken out for the Petroleum Operations to be carried out by the Contractor as well as the equivalent amount of premiums quoted by an independent underwriter for the risks that are self-insured by the Contractor. Such premiums in the latter case must be competitive and generally applicable in the petroleum industry.
II.2.8. **Legal Expenses**

All expenses of handling, investigation and settlement of litigation or claims directly arising from the Petroleum Operations.

II.2.9. **Financial Costs**

All interests paid by the Contractor in respect of the loans from Third Parties and advances obtained from Affiliated Companies, provided that those loans and advances shall be for the purpose of the financing of Petroleum Costs related only to the development of Petroleum Operations in respect of a Field. In the event such financing is provided by Affiliated Companies, the allowable interest rates shall not exceed the rates customarily used in the international financial markets for loans of a similar nature.

II.2.10. **Other Expenses**

Any other expenses incurred and paid by the Contractor for the purposes of the necessary and proper conduct of the Petroleum Operations under the approved Annual Work Programs and Budgets including all wages, salaries, expenses and costs incurred in complying with the obligations set out in Articles 8.2, 8.3, 8.4 and 30, other than the expenses covered and dealt with by the foregoing provisions of this Article and other than the expenses excluded from the Petroleum Costs.

II.3. **Expenses not chargeable to the Petroleum Costs Account**

The expenses which are not directly necessary for the performance of the Petroleum Operations, and the expenses excluded by the provisions of this Contract or this Accounting Procedure as well as by the regulations in force in Liberia, are not chargeable to the Petroleum Costs Account and shall therefore not be recoverable.

Such expenses shall include, without limitation:

(a) expenses relating to the period before the Effective Date;

(b) any expenses relating to the operations carried out beyond the Delivery Point, such as transportation and marketing costs;

(c) exchange losses;

(d) bonuses as defined in Article 19 of the Contract.

79
II.A. Items credited to the Petroleum Costs Account

The following income and proceeds shall, inter alia, be credited to the Petroleum Costs Account:

(a) the net proceeds of any successful insurance claim in connection with Petroleum Operations where the claim is with respect to operations or assets which were insured and where the insurance premium (or equivalent if self-insured) with respect thereto has been charged to the Petroleum Costs Account;

(b) any adjustments received by the Contractor from the suppliers/manufacturers (or their agents) in connection with defective material and equipment, the cost of which was previously charged by the Contractor to the Petroleum Costs Account;

(c) the net proceeds of sale on disposal of assets used in Petroleum Operations;

(d) any other income or proceeds related to the Petroleum Operations, specifically those arising from:
   - sales of related substances;
   - any services rendered to Third Parties using the facilities dedicated to the Petroleum Operations, including, but not limited to, processing, transportation and storage of products for Third Parties in those facilities.
Article III — Cost Evaluation Basis For Services, Materials and Equipment Used in the Petroleum Operations

III.1. Technical services

A reasonable rate shall be charged for the technical services rendered by the Contractor or its Affiliated Companies for the direct benefit of the Petroleum Operations carried out under the Contract, such as gas, water, core analyses and any other analyses and tests, provided that such charges shall not exceed those normally charged by independent technical service companies and laboratories for similar services.

III.2. Purchase of materials and equipment

Materials and equipment purchased from Third Parties and directly necessary for the performance of the Petroleum Operations carried out under the Contract shall be charged to the Petroleum Costs Account at "Net Cost" incurred by the Contractor.

"Net Cost" shall include such items as taxes, shipping agent fees, transportation, loading and unloading costs, license fees, related to the supply of materials and equipment, as well as transit losses not recovered through insurance.

III.3. Use of equipment and facilities owned exclusively by the Contractor

Equipment and facilities owned by the Contractor and used directly for the Petroleum Operations shall be charged to the Petroleum Costs Account at a rental rate which shall be sufficient to cover maintenance, repairs, depreciation and services required for the performance of the Petroleum Operations.

III.4. Valuation of materials

All materials transferred to Liberia from the Contractor's warehouses, or from those of any entity constituting the Contractor or their Affiliated Companies, shall be valued as follows:

(a) New material

New material (condition "A") means new material which has never been used; one hundred percent (100%) of the current market price, which corresponds to the price normally charged for similar supplies in arm's length transactions between buyer and seller.

Material in good condition (condition "B") means material in good condition which is still usable for its original purpose without repair; at a maximum of seventy-five percent (75%) of the price of new material.
(b) **Other used material**

Other used material (condition “C”) means material still usable for its original purpose, but only after repairs and reconditioning: at a maximum of fifty percent (50%) of the price of new material.

(c) **Material in poor condition**

Material in poor condition (condition “D”) means material no longer usable for its original purpose but still usable for other purposes: at a maximum of twenty-five percent (25%) of the price of new material.

(d) **Scrap material**

Scrap material (condition “E”) means material beyond usage and repair: prevailing price of scrap material.

III.5. **Materials and equipment disposed of by the Contractor**

Materials and equipment purchased by all the entities constituting the Contractor and then sold shall be valued in accordance with the principles defined in Article III.4 above.

Materials and equipment purchased by any entity constituting the Contractor or by Third Parties and then sold shall be valued at the received sale price, which shall in no event be less than the price determined in accordance with the principles defined in Article III.4 above.

The corresponding amounts shall be credited to the Petroleum Costs Account.
Article IV — Inventories

IV.1. Period

The Contractor shall keep a permanent inventory both in quantity and value of all normally controllable materials used for the Petroleum Operations and shall proceed at reasonable intervals with the physical inventories as required by the Parties.

IV.2. Notice

A written notice of intention to take an inventory shall be sent by the Contractor at least ninety (90) days prior to the commencement of said inventory so that NOCAL and the entities constituting the Contractor may be represented at their own expense during the inventory operations.

IV.3. Information

In the event NOCAL or any entity constituting the Contractor shall not be represented at an inventory, such Party or Parties shall be bound to accept the inventory taken by the Contractor which shall furnish to such Party or Parties a copy of said inventory.
Article V — Financial and Accounting Statements

The Contractor shall furnish the STATE and NOCAL with all the reports, records and statements provided by the provisions of the Contract and the applicable regulations and, inter alia, the following financial and accounting statements:

V.1. Statement of exploration work obligations

Such annual statement shall be submitted not later than three (3) months after the end of each Contractual Year in respect of the exploration periods.

It shall present with details the exploration work and expenditures carried out by the Contractor to fulfill its obligations set forth in Article 4 of the Contract, excluding specifically appraisal wells and related appraisal expenditures as well as development expenditures, exploitation expenses, overhead costs and bonuses.

V.2. Statement of recovery of Petroleum Costs

A quarterly statement shall be submitted not later than two (2) months after the end of each Calendar Quarter. It shall present the following items of the Petroleum Costs Account:

(a) the amount of Petroleum Costs which remain to be recovered at the beginning of the quarter;

(b) the amount of Petroleum Costs in respect of that quarter and recoverable under the provisions of the Contract;

(c) the quantity and the value of the production of Petroleum taken by the Contractor during the quarter for the purpose of recovery of the Petroleum Costs;

(d) the amount of income or proceeds credited for the purpose of Article II.4, above during the quarter;

(e) the amount of Petroleum Costs which remain to be recovered at the end of the quarter.

In addition, an annual statement of the recovery of Petroleum Costs shall be submitted prior to the end of February of each Calendar Year.

V.3. Statement of production

After commencement of production, such monthly statement shall be submitted not later than fifteen (15) days after the end of each month.
It shall present for each month the detailed production of each Exploitation Perimeter and, inter alia, the quantities of Petroleum:

(a) stored at the beginning of the month;
(b) lifted during the month;
(c) lost and used for the requirements of the Petroleum Operations;
(d) stored at the end of the month.
ADDENDUM TO PRODUCTION sharing contract
between the national oil company of libera
and regal libera limited and european hydrocarbons
limited, block lb-9

between

the republic of Liberia, represented for the purposes of this addendum by the national oil
company of Liberia NOCAL, a company duly organized, existing and doing business under the
laws of Liberia; represented by its chairman of the board and president/CEO, hereinafter referred
to as "NOCAL";

and

Regal Liberia Limited and European Hydrocarbons Limited, a company Incorporated under the
laws of England and Wales, hereinafter referred to collectively as "the Contractor".

witnesseth:

whereas, a production sharing contract hereinafter, the "contract" was entered into by
and between NOCAL and the Contractor on June 16, 2005;

whereas, the conditions of article 38 of the contract have not been satisfied up to and
including the date hereof;

whereas, pursuant to article 33 of the contract, the parties have mutually agreed to
amend the contract on the terms and conditions set forth herein;

now therefore, for and in consideration of the exchange of promises, the parties hereto
covenant and mutually agree to amend the articles and sub-articles to the contract as follows:

article 3

duration of exploration periods and surrenders

3.1 The exclusive exploration authorization is hereby granted to the contractor for a period of
eight (8) consecutive years defined by three (3) consecutive periods.

A first Exploration Period of four (4) Contract Years, a second Exploration Period of two (2)
Contract Years and a third Exploration Period of two (2) Contract Years in respect of the
entire delimited area.
3.2 If during the first exploration period set forth above the Contractor has fulfilled the exploration work commitments defined in Article 4, as ascertained by the Government, the exclusive exploration authorization shall, at the Contractor's request, be renewed for a second exploration period of two (2) Contract Years.

ARTICLE 4

EXPLORATION WORK COMMITMENTS

4.2 The Contractor, during the first exploration period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than eight (8) million Dollars which includes a 3D Seismic Survey of 1500 square Km and the drilling of one (1) exploratory well.

Contingent on a successful 3D seismic acquisition program and subsequent interpretation of the data, the Contractor undertakes to make reasonable efforts to drill one (1) exploratory well in the first period, but in any event not later than the middle of the second exploratory period.

4.3 The Contractor, during the second exploratory period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than ten (10) million Dollars which includes the drilling of one (1) exploratory well.

4.4 The Contractor, during the third exploration period defined in Article 3.1, shall carry out a minimum work programme at a cost of no less than ten (10) million Dollars which includes the drilling of one (1) exploratory well.

4.5 Each of the exploratory wells shall be drilled to a minimum depth of two thousand (2000) meters, after deduction of the water depth, or to a lesser depth if the continuation of drilling performed in accordance with good international petroleum industry practice is prevented for any of the following reasons:

(a) The basement is encountered at a lesser depth than the minimum contractual depth;

(b) Continuation of drilling presents an obvious danger due to the existence of abnormal formation pressure;

(c) Rock formations are encountered the hardness of which prevents, in practice, the continuation of drilling by the use of appropriate equipment;

(d) Petroleum formations are encountered the crossing of which requires, for their protection, the laying of casings preventing the minimum contractual depth from being reached.
In the event that any of the above reasons occurs, the exploratory well shall be deemed to have been drilled to the minimum contractual depth.

In order to carry out the exploration drilling defined in Articles 4.2, 4.3 and 4.4 in the best technical conditions in accordance with good international petroleum industry practice, the Contractor undertakes to make the expenditure required to meet the objectives of the well work programme which will include drilling and, as appropriate, testing.

4.7 If at the expiration of any of the three (3) exploration periods defined in Articles 3.1, 3.2 and 3.3 or upon the date of surrender of the whole Delimited Area, or upon the date of termination of this Contract, the Contractor has not fulfilled its work commitments set forth in this Article, it shall pay a compensation to NOCAL, within thirty (30) days after the date of expiration, surrender or termination, the unspent balance of investment obligations above-defined for that current exploration period.

4.8 In a given exploration period, in the event where the Contractor drills, one or more additional exploration wells to those required under 4.2, 4.3 and 4.4 or exceeds its investment obligations relating to that period, then the excess well(s) or investment expenditure may be carried forward, into the next succeeding exploration period(s) and off-set against any other exploration well work commitments or investment obligations.

ARTICLE 6

CONTRACTOR'S OBLIGATIONS IN RESPECT OF THE EXPLORATION PERIODS AND ENVIRONMENTAL MANAGEMENT

6.5 The Contractor further undertakes to carry out all Petroleum Operations in accordance with the Environmental Protection and Management Laws of Liberia and all international environmental protocols. In this respect, the Contractor shall:

(a) Submit to the Government, through NOCAL, an Environmental Impact Statement (EIS) prior to the commencement of exploration and production.

(b) Take reasonable preventative, corrective and restorative measures to protect from pollution, contamination or damage resulting from Petroleum Operations to water bodies, land surfaces and the atmosphere, and that any pollution, contamination and damage of such water bodies, land surface and atmosphere hereunder be rectified.

Subject to the foregoing, and at the conclusion of Petroleum Operations in the Delimited Area, the Contractor will undertake reasonable efforts to restore the Delimited Area to the state in which it was before the Petroleum Operations. However, the Contractor shall have...
no liability for any environmental damages caused after the transfer of such assets as per Article 20.1.

6.8 The Contractor and its subcontractors shall be obligated to give preference to enterprises and goods from Liberia, if conditions of proven experience, price, quality, delivery time and terms of payment are similar to those from other countries or from non-Liberian sources. If the above conditions are met, the Contractor commits itself to award to only Liberians, supply, construction or service contracts, the estimated value of which is under Two Hundred Thousand United States Dollars (US$200,000.00). Subject to the above conditions, in the event that the contract for supply, construction or service is above Two Hundred Thousand United States Dollars (US$200,000.00), and is awarded to a Non-Liberian contractor, then and in that event, such Non-Liberian contractor shall enter into a partnership arrangement with a Liberian company(ies).

ARTICLE 16

RECOVERY OF PETROLEUM COSTS AND PRODUCTION SHARING

16.2 For the purposes of recovery of the Petroleum Costs, the Contractor may freely take each Calendar Year a portion of the production in no event greater than seventy percent (70%) of the Total Production of Crude Oil or Gas from the Delimited Area, or only any lesser percentage which would be necessary and sufficient to recover remaining cost.

The value of such portion of Total Production allocated to the recovery of the Petroleum Costs by the Contractor, as defined in the preceding paragraph, shall be calculated in accordance with the provisions of Article 18.

If during a Calendar Year the Petroleum Costs not yet recovered by the Contractor under the provisions of this Article 16.2 exceed the equivalent in value of seventy percent (70%) of the Total Production of Crude Oil or Total Production of Gas from the Delimited Area, as calculated above, the balance of the Petroleum Costs which cannot be recovered in that Calendar Year shall be carried forward in the following Calendar Year or Years until full recovery of the Petroleum Costs or until the expiration of this Contract.

16.3 The quantity of Crude Oil from the Delimited Area remaining during each calendar year after the Contractor has taken from the Total Production the portion necessary for the recovery of the Petroleum Costs, hereinafter referred to as "Remaining Oil Production" shall be shared between NOCAL and the Contractor as follows:
Increments of daily oil

<table>
<thead>
<tr>
<th>Total Production</th>
<th>NOCAL’s Share</th>
<th>Contractor’s Share</th>
</tr>
</thead>
<tbody>
<tr>
<td>(In Barrels per day)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>from 0 to 100,000</td>
<td>40%</td>
<td>60%</td>
</tr>
<tr>
<td>from 100,001 to 150,000</td>
<td>50%</td>
<td>50%</td>
</tr>
<tr>
<td>over 150,000</td>
<td>60%</td>
<td>40%</td>
</tr>
</tbody>
</table>

In case of natural gas, NOCAL’s share shall be 30% and the Contractor 70% of barrels of crude oil equivalent per day.

**ARTICLE 17**

**TAXATION**

17.1 Unless otherwise provided for in this Contract, the Contractor shall, in respect of its Petroleum Operations, be subject to the laws generally applicable and the regulations in force in Liberia concerning taxes which are or may be levied on incomes, or determined thereto.

It is specifically acknowledged that the provisions of this Article shall apply solely to the Contractor under the Contract.

The Contractor shall keep separate accounts for each Fiscal Year in respect of the Petroleum Operations, in accordance with the regulations in force in Liberia, enabling in particular the establishment of a profit and loss account as well as a balance sheet showing both the results of said Petroleum Operations and the asset and liability items allocated or related thereto.

17.2 For the purposes of Article 17.1 the Contractor shall in respect of its net profit arising from Petroleum Operations, be liable to corporate income tax under the laws and regulations in force in Liberia. Income tax rate applicable to Petroleum Operations carried out under this Contract shall be thirty (30%) percent, which shall be paid directly by the Contractor to the Government of Liberia.

Notwithstanding the above, as a further incentive to the Contractor, the Government of Liberia specifically grants to the Contractor a tax holiday (waiver) on its corporate income tax for ten (10) consecutive years from the day of the first commercial production from the Delimited Area. Thereafter, the provisions of Article 17.2.1 shall apply and shall take effect.

The last paragraph of Article 17.2 of the Contract is void and of no further force and effect.
Paragraph 17.6 is void and of no further force and effect.

Paragraph 17.7 insert the words “During the Exploration Period”, before In Particular.

ARTICLE 19

BONUSES AND HYDROCARBON DEVELOPMENT FUND

19.1 The Contractor shall pay to NOCAL the following bonuses:

(a) Two (2) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of thirty thousand (30,000) Barrels per day during a period of thirty (30) consecutive days.

(b) Three (3) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of fifty thousand (50,000) Barrels per day during a period of thirty (30) consecutive days.

(c) Five (5) million Dollars when the Total Production of Crude Oil from the Delimited Area first reaches the average rate of one hundred thousand (100,000) Barrels per day during a period of thirty (30) consecutive days.

Each of the amounts referred to in (a), (b) and (c) above shall be paid within thirty (30) days following the expiration of the reference period of thirty (30) consecutive days.

19.2 These bonuses shall not be recoverable and therefore shall not be treated as Petroleum Costs.

19.3 HYDROCARBON DEVELOPMENT FUND

19.3.1 To stimulate research in the field of hydrocarbon, most especially in continental areas, and to assist the Government in its overall goal of achieving energy sustainability, a Hydrocarbon Development Fund, to be managed by NOCAL, has been established.

Consequently, the Contractor shall make a contribution of Five Hundred Thousand US Dollars (US$500,000.00) to this fund. The aforementioned amount shall be contributed by the Contractor in four (4) equal installments of One Hundred and Twenty-five Thousand US Dollars (US$ 125,000.00) each, over the first exploration period, the first of which will be paid within thirty (30) days of the Effective Date of this Contract. Thereafter, installment payments shall be made within thirty (30) days of each subsequent anniversary of the first exploration period.
19.3.2 The contribution of the Hydrocarbon Development Fund referred to in Article 19.3.1 will be recoverable and therefore, shall be considered as Petroleum Costs.

19.3.3 The Parties agree that all payments made under this Contract shall be made in accordance with protocols laid down by the Extractive Industries Transparency Initiative (EITI).

ARTICLE 29

PERSONNEL AND TRAINING

29.2. Upon commencement of the Petroleum Operations, the Contractor shall provide funding for Training Programmes and for that purpose the Contractor shall devote an annual Training Budget of:

(a) One Hundred Thousand United States Dollars (US$100,000.00) during each year of the exploration period;

(b) Two Hundred Thousand United States Dollars (US$200,000.00) during each year of the exploitation period.

Additionally, the Contractor shall make an annual contribution of Seventy-five Thousand United States Dollars (US$75,000.00) to the University of Liberia for the enhancement of programmes in Geology, Mining Engineering and Environmental Studies.

29.3 Upon commencement of the Petroleum Operations, the Contractor shall provide funding for Social and Welfare programmes in Liberia and for that purpose the Contractor shall devote an annual Social and Welfare Budget of:

(a) One Hundred Fifty Thousand United States Dollars (US$150,000.00) during each year of the exploration period;

(b) Two Hundred Fifty Thousand United States Dollars (US$250,000.00) during each year of the exploitation period.

As provided in Article 19.3.3, all payments made under this Contract shall be made in accordance with protocols laid down by the Extractive Industries Transparency Initiative (EITI).

An escrow account shall be established by both Parties for the purposes of receiving money and paying for the programmes detailed in Articles 29.2 and 29.3 and they shall both be signatories to such account, except for the contribution to the University of Liberia which shall be paid by the Contractor through NOCAL to the institution.
The Training requirements shall be developed by both Parties with the understanding that NOCAL shall provide 70% of the training candidates and the Contractor shall provide 30% of the candidates.

The Training and Social and Welfare Programmes shall be mutually agreed by the Parties.

The Training and Social and Welfare expenses borne by the Contractor shall be included in recoverable Petroleum Costs. Funding for the Training and Social and Welfare Programmes shall be paid within thirty (30) days of the Effective Date of the Contract. Thereafter, payments shall be made within thirty (30) days of each subsequent anniversary of the Contract.

29.4 The entry into Liberia of all foreign personnel shall be authorized and the STATE shall issue the documents necessary for that entry to all members of the foreign personnel, such as entry visas, working permits and exit visas, in compliance with the immigration regulation in force in Liberia.

At the request of the Contractor, the STATE shall facilitate any immigration formalities with the Immigration Bureau, at the points of entry into and exit from Liberia, in respect of the Contractor's employees, contractors, subcontractors and agents, and their families, all without undue delays.

29.5 All the employees required for the conduct of the Petroleum Operations shall be under the Contractor's authority or that of its contractors, subcontractors and agents, in their capacity as employers. Their work, number of working hours, salaries and any other matter relating to their employment conditions shall be determined by the Contractor or its contractors, subcontractors and agents.

ARTICLE 32a

TERMINATION

32a.1 Termination by the Contractor. During the Exploration and Exploitation Periods, the Contractor may surrender, by not less than sixty (60) days notice to NOCAL, all of its rights and obligations hereunder in respect of all or any part of the Delimited Area, and the operator shall be relieved of all obligations to NOCAL in respect of the area so surrendered except those obligations arising out of or related to the surrender.

32a.2 Termination by NOCAL. Subject to the provisions of Article 31, NOCAL shall have the right to terminate this Agreement if any of the following events (hereinafter called “Events of Default”) shall occur and be continuing:
(a) Where the Contractor shall fail to make any of the payments described in this Contract on the due payment date, and such default is not cured within ninety (90) days after notice by NOCAL or within such longer periods as may be specified in said notice;

(b) Where the Contractor shall materially fail to comply with its work commitments and other conditions in this Contract and such failure is not cured within ninety (90) days after notice by NOCAL or within such longer period as may be specified in the notice.

(c) Where the Contractor shall (i) voluntarily dissolve, liquidate or wind up its affairs, or make an assignment of all or substantially all of its assets for the benefit of creditors other than an assignment made to secure indebtedness incurred in the ordinary course of business; (ii) file a petition or application to any tribunal for the appointment of a trustee or receiver for all or any substantial part of the Contractor's assets; (iii) commence any proceedings for its bankruptcy, reorganization, arrangement, insolvency or readjustment of debt under the laws of any jurisdiction, whether now or hereafter in effect, or if any such petition or application is filed, or any such proceedings are commenced against it, shall indicate its approval thereof, consent thereto or acquiescence therein, or (iv) if any order is entered appointing any such trustee or receiver, or adjudicating the Contractor bankrupt or insolvent, or approving the petition in any such proceedings, and provided that the Contractor shall fail to take corrective measure(s) to have such order removed or lifted within sixty (60) days;

(d) Where the Contractor shall fail to carry out Exploration as required by Article 4, or ceases Exploration for a period of twelve (12) consecutive months or cease Production with respect to all Production Areas for a period of twenty four (24) consecutive months, unless such failure or cessation is consented to by NOCAL or is caused by a state of force majeure.

32a.3 Opportunity to Cure. In the case of an alleged Event of Default described above, NOCAL, before taking any further action, shall provide Notice to the Contractor of the alleged occurrence of such Event of Default and of NOCAL's views in that regard and shall offer the Contractor a fair opportunity to consult with NOCAL to resolve the matter. If, after a reasonable period of time of consultation, NOCAL is of the reasonable opinion that the matter cannot be resolved by further consultation, NOCAL may then send to the Contractor Notice of NOCAL's intention to terminate this Contract. If the Event of Default is not cured within ninety (90) days after said Notice, or within such longer period as may be necessary to allow a reasonable period of time to effect such cure, then this Contract shall be terminated.
32a.4 Disputes Regarding Events of Default. Notwithstanding the provision of Articles 32.2, if the Contractor disputes whether there has been an Event of Default described above and, within ninety (90) days after receipt by the Contractor of NOCAL's Notice of its intention to terminate this contract, refers such dispute to arbitration in accordance with Article 31, then the termination of this Contract shall not take effect until the finality of, and in accordance with, an arbitration award.

ARTICLE 35
STABILITY OF CONDITIONS

35.3 Periodic Review. In the event of changes in circumstances from those existing at the Effective Date, that have an adverse material effect on the terms of this Contract (Profound Changes in Circumstances), either NOCAL or the Contractor shall at the request of the other consult together. If it is established that such Profound Changes in Circumstances have occurred, then the Parties shall effect such changes in or clarifications to this Contract that they agree are necessary. The Parties shall meet in good faith to make the necessary revisions and adjustments to the Contract in order to maintain such expected economic benefits to each of the Parties, provided that the economic benefits to the Parties shall not be reduced as a result of exercising the terms of this Article. For purposes of this Contract, the term "Profound Changes and Circumstances" shall mean such changes in the economic conditions of the petroleum industry world wide or in Liberia or such changes that result in such a material and fundamental alteration of the conditions and assumptions relied upon by the Parties at the Effective Date of this Contract (or the time after any subsequent review under this Article) to the effect that the overall balance of the equities and benefits reasonably anticipated by the Parties will no longer be achievable.

ARTICLE 38
EFFECTIVE DATE

The Effective Date of the Contract shall be the date on which all of the Parties have signed the Addendum and the Addendum is approved by the President of the Republic of Liberia, and notification to and receipt thereof by the Contractor.

GENERAL PROVISIONS

1. Except as specifically amended herein, all the remaining terms and conditions of the Contract shall remain in full force and effect. In the event of inconsistency between the Contract and the Addendum, the Addendum shall apply.

2. Capitalized terms used in this Addendum that are defined in the Contract and not otherwise defined herein shall have the respective meanings ascribed to them in the Contract.
3. This Addendum modifies the Contract and shall have effect from the date of signing by all of the Parties.

IN WITNESS WHEREOF, the Parties have signed this Addendum to the Contract on the date as set forth below.

On Behalf of NOCAL:

Dr. Fodee Kromah
President/CEO of NOCAL
