The **GOVERNMENT**, by execution of this Contract, validates and approves the foregoing co-ordinates of the Contract Area.

The total area of the Contract Area may be reduced only in accordance with the provisions of this Contract.
ARTICLE 4 – GOVERNMENT PARTICIPATION; THIRD PARTY INTEREST

Government Interest

4.1 The GOVERNMENT has a participating interest of twenty per cent (20%) in Petroleum Operations and all other rights, duties, and obligations of the CONTRACTOR (except as provided in this clause 4), carried by the CONTRACTOR (the “Government Interest”).

4.2 The GOVERNMENT or any other holder of all or any part of the Government Interest is not, in such capacity, a CONTRACTOR Entity. The GOVERNMENT or any other holder of the Government Interest, whether in whole or in part, has no obligation or liability to the CONTRACTOR to contribute any share of Petroleum Costs or any other liability or obligation of a CONTRACTOR Entity or to the CONTRACTOR or any CONTRACTOR Entity, all of which are carried by the CONTRACTOR.

4.3 Subject to Article 4.4, a holder of all or any part of the Government Interest is not, if that is its only capacity under this Contract, entitled to any notices under this Contract or entitled to provide any consents, except as specifically provided otherwise, but has rights and obligations under Article 42.

4.4 Any term of this Contract may be waived or amended without the consent of a holder of a Government Interest (in such capacity), unless such waiver or amendment would change any right or obligation of a holder of a Government Interest.

4.5 Persons, other than the GOVERNMENT or a Public Company, that are holders of all or part of the Government Interest, are jointly and severally obligated to pay the Production Bonuses in accordance with Articles 32.3(b) and 32.4(b). If the GOVERNMENT or a Public Company, as a holder of the Government Interest, fails to pay all or any part of such Production Bonuses: (i) the failure will not constitute a default by the CONTRACTOR, (ii) the GOVERNMENT will have no remedies against the CONTRACTOR as a consequence thereof, and (iii) the GOVERNMENT will not be entitled to terminate this Contract or any CONTRACTOR Entity’s interests hereunder.
The capacity of a holder of the Government Interest, as it may arise pursuant to the provisions of this Contract, shall in no event impair the rights of the CONTRACTOR to seek to settle a dispute or to refer such dispute to arbitration or expert determination in accordance with the provisions of Article 42.

4.6 The provisions of Article 39 do not apply with respect to any assignment by any holder of a Government Interest of all or any part of its Government Interest. The assignment of the Government Interest is governed by this Article 4. A permitted assignee of a holder of the Government Interest will have, in respect of the assigned Government Interest, the same rights and obligations as the holder of the Government Interest prior to the assignment.

4.7 The GOVERNMENT may at any time designate a Public Company as the holder of all or any part of the Government Interest without the consent of, or prior notice to, any other Party. The Public Company will be deemed a Party to this Contract only in respect of its Government Interest, but will not be required to sign any formal assignment or accession agreement except as required by the GOVERNMENT. The GOVERNMENT and the Public Company will provide the CONTRACTOR with a notice notifying the CONTRACTOR of such designation by the GOVERNMENT to a Public Company, and the Contractor shall be entitled to rely on such notice for all purposes under this Contract. A Public Company as holder of the Government Interest will be individually liable (and not jointly and severally liable with the CONTRACTOR) for any obligations to the GOVERNMENT under this Contract.

4.8 Only for the purposes of Article 37 of the Kurdistan Region Oil and Gas Law, whenever and to the extent the Government Interest is held by a Public Company, the Government Interest shall be deemed held by the GOVERNMENT. The GOVERNMENT incurs no liabilities or obligations (directly, indirectly, or implicitly) to any other Party as a consequence of such deemed ownership, and the GOVERNMENT will not be deemed to guarantee any obligation of the Public Company or any holder of all any part of the Government Interest.

4.9 Subject to Article 4.12, the GOVERNMENT may at any time assign all or part of its Government Interest to a Person that is not a Public Company without the consent of
any other Party. Such assignee will be deemed a Party to this Contract only in respect of its Government Interest, but will not be required to sign any formal assignment or accession agreement unless otherwise required by the GOVERNMENT. The GOVERNMENT and the Public Company will provide the CONTRACTOR with such a notice, jointly signed by each, notifying the CONTRACTOR of such assignment by the GOVERNMENT, and the Contractor shall be entitled to rely on such notice for all purposes under this Contract.

4.10 Subject to Article 4.12, a Public Company may assign part or all of its Government Interest to another Public Company, to the GOVERNMENT, or to any other Person without the consent of, or notice to, the CONTRACTOR or any CONTRACTOR Entity, but may not make any assignments without the prior consent of the GOVERNMENT and in accordance with any assignment and novation or other agreements and conditions required by the GOVERNMENT. Any assignment by a Public Company of all or part of all or any part of its Government Interest to another Public Company or any other Person without the prior consent of the GOVERNMENT or in accordance with the requirements of the GOVERNMENT will be void. The Public Company or the GOVERNMENT shall promptly notify the CONTRACTOR of any assignments of the Government Interest held by such Public Company, and the Contractor will be entitled to rely on such notice for all purposes under this Contract.

4.11 Subject to Article 4.12, a holder of all or part of the Government Interest which is not the GOVERNMENT or a Public Company may assign part or all of its Government Interest to any other Person without the consent of, or prior notice to, the CONTRACTOR or any CONTRACTOR Entity. Such holder shall not make any assignments without the prior notice to and consent of the GOVERNMENT and in accordance with any assignment and novation or other agreements and conditions required by the GOVERNMENT. Any assignment by such holder without the prior consent of the GOVERNMENT or in accordance with the requirements of the GOVERNMENT will be void. The assignor and the assignee shall jointly and promptly notify the CONTRACTOR of any assignments of the Government Interest pursuant to this Article 4.11, and the CONTRACTOR will be entitled to rely on such notice for all purposes under this Contract.
4.12 Nothing under this Contract prohibits a CONTRACTOR Entity at any time from offering to acquire or acquiring all or any part of the Government Interest from any Person that is a holder of such Government Interest. If at any time any holder of all or any part of the Government Interest (including the GOVERNMENT and a Public Company) intends to offer to sell all or part of its Government Interest to any Person that is not a Public Company or the GOVERNMENT, the applicable holder of the Government Interest shall timely notify the CONTRACTOR of the availability of the Government Interest. No CONTRACTOR Entity has any preemption or similar priority rights in respect of the Government Interest, and the holder is not required to sell and assign to a CONTRACTOR Entity.

Third Party Interest

4.13 The “Third Party Interest” is an undivided interest of forty per cent (40%) under this Contract with all of the rights, obligations, and liabilities of a CONTRACTOR Entity, except as provided in Articles 4.13 through 4.26.

4.14 A holder of all or any part of the Third Party Interest is a “Third Party Interest Holder”.

4.15 The initial Third Party Interest Holder is the GOVERNMENT.

4.16 To the extent the GOVERNMENT is a Third Party Interest Holder, the GOVERNMENT will have no liabilities or obligations as a Third Party Interest Holder arising under or related to this Contract (including any implied liabilities or obligations), except as specifically provided in Article 4.18. The CONTRACTOR shall undertake all work required by this Contract and will be entitled to recover Petroleum Costs with respect thereto in accordance with this Contract. In addition to the rights and limitations of liabilities set forth in Articles 4.13 through 4.26, the GOVERNMENT, as a Third Party Interest Holder, will have all of the rights of a CONTRACTOR Entity to the extent of its Third Party Interest, including a right to recover amounts paid as Petroleum Costs and its entitlement to the CONTRACTOR’s share of Profit Petroleum in proportion to its Third Party Interest, but the GOVERNMENT is not a CONTRACTOR Entity.
4.17 The **GOVERNMENT**, as a Third Party Interest Holder, has no obligation to pay or contribute to Petroleum Costs incurred before the Spud Date, including Stipulated Sunk Block Costs.

4.18 The **GOVERNMENT**, as a Third Party Interest Holder: (i) must pay and contribute, to the extent of its Third Party Interest, for Petroleum Costs incurred after the Spud Date, and (ii) will be entitled to recover such Petroleum Costs, to the extent paid, in proportion to its Third Party Interest in accordance with Article 25, after the **CONTRACTOR** has recovered, pursuant to Article 25, the Stipulated Sunk Block Costs. The **GOVERNMENT** is only obligated to pay Petroleum Costs in accordance with this Article 4.18 within thirty (30) days following the **GOVERNMENT**’s receipt of an invoice for such Petroleum Costs and the **GOVERNMENT** has not disputed such Petroleum Costs. The **CONTRACTOR** is not entitled to send an invoice under this Article 4.18 until not less than one hundred and fifty (150) days following the Effective Date.

4.19 A failure of the **GOVERNMENT** to contribute all or any part of its share of such Petroleum Costs in accordance with Article 4.18, or a failure of an assignee to pay any amount pursuant to Article 4.22, will not: (i) constitute a material breach of this Contract by the **GOVERNMENT**, (ii) be considered a default of the **CONTRACTOR**, (iii) entitle the **CONTRACTOR** to claim any extension for the performance of any of its obligations hereunder, (iv) constitute a defence to the performance of any obligations of the **CONTRACTOR** or any CONTRACTOR Entity hereunder, or (v) constitute Force Majeure. Any amounts not paid by the **GOVERNMENT** in accordance with this Article 4.19 will be subject to interest as provided in Article 29.3, and the **CONTRACTOR**’s offset rights under Article 29.1.

4.20 Until the Government TPI Conversion Date (as defined in Article 4.27), the **GOVERNMENT** may assign and novate all or any part of the Third Party Interest to one or more Persons without the prior consent of any other Party, provided that no assignee may have, after giving effect to the assignment together with any other interests its holds as a **CONTRACTOR** Entity, less than a five percent (5%) interest (such rights being the "Option of Third Party Participation"). Each Party assigns to the **GOVERNMENT** all of its rights to provide any consents to such assignment and
novation, and each Party is deemed to have consented to each nomination and assignment by the GOVERNMENT in accordance with Article 4.19 and Articles 4.21 through 4.26 to the extent required under Applicable Law to effect the GOVERNMENT’s assignment and novation. The provisions of Articles 39.1, 39.2 and 39.3 do not apply to an assignment by the GOVERNMENT of all or any part of its Third Party Interest.

4.21 The GOVERNMENT may assign and novate all or part of its Third Party Interest only by providing the CONTRACTOR with:

(a) a notice (each such notice a “Notice of Intended TPI Assignment”) to the CONTRACTOR which specifies: (i) each Person to whom the GOVERNMENT intends to assign and novate all or part of the GOVERNMENT’s Third Party Interest, and (ii) the amount of the GOVERNMENT’s Third Party Interest to be assigned to each such Person; and

(b) not less than thirty (30) days after the date of the Notice of Intended TPI Assignment, a notice (each such notice a “TPI Assignment Confirmation Notice”), signed by each proposed assignee and the GOVERNMENT, confirming: (i) the assignment and novation as set forth in the Notice of Intended TPI Assignment, (ii) each assignee’s acceptance of its assignment and novation, including the amount of the Government’s Third Party Interest assigned to it, (iii) each assignee’s undertaking to perform its obligations as a CONTRACTOR Entity in accordance with this Contract, (iv) each assignee’s payment obligations under Article 4.24(c), and (v) each assignee’s acceptance of a direct right of action against it by the other CONTRACTOR Entities for breach of its payment obligations under the arbitration agreement set forth in this Contract.

4.22 Upon receipt of a Notice of Intended TPI Assignment, the CONTRACTOR shall, as soon as practical, provide the GOVERNMENT and each of the nominated assignees with the CONTRACTOR’s statement of estimated Petroleum Costs [reference to information redacted in 4.22(c) below has
been redacted here] (each a “Contractor’s Statement of Estimated Petroleum Costs”) incurred as of a cost determination date established by the CONTRACTOR, which date must be as near as practicable (with regard to securing accurate and complete accounting information) to the date of the Notice of Intended TPI Assignment. The Contractor’s Statement of Estimated Petroleum Costs will be subject to the audit rights of the Parties, including the proposed assignees, and to equitable adjustment. Each Contractor’s Statement of Estimated Petroleum Costs must set forth: (i) the total Petroleum Costs as of the cost estimation date, (ii) the Petroleum Costs that would be allocable to each proposed assignee based on the Third Party Interest to be assigned to it, (iii) Petroleum Costs incurred after the Spud Date, (iv) the amount of such Petroleum Costs incurred after the Spud Date which is attributable to the Third Party Interest, (v) the amount of such Petroleum Costs incurred after the Spud Date which has been paid by the GOVERNMENT or other Parties, and (vi) the amount such Petroleum Costs incurred after the Spud Date that have not been paid by the GOVERNMENT or other Parties (whether or not then due and owing) and the proportion of such amount that would be allocable and payable by each proposed assignee based on the Third Party Interest to be assigned to it. Each CONTRACTOR Entity shall also provide its wire instructions for the purpose of receiving payments pursuant to Article 4.24(c).

4.23 If the CONTRACTOR is unable to provide such a Contractor’s Statement of Estimated Petroleum Costs within twenty (20) days after receipt of a Notice of TPI Assignment, or such later date as the GOVERNMENT may agree, then the CONTRACTOR Entities will not be entitled to payment as provided in Article 4.24(c), without prejudice to the assignee’s general obligations to pay its share of Petroleum Costs under any Joint Operating Agreement.

4.24 As of the date of TPI Assignment Confirmation Notice:

(a) the GOVERNMENT’s Third Party Interest will be deemed automatically assigned and novated to each assignee in accordance with TPI Assignment Confirmation Notice;
(b) each assignee of the GOVERNMENT’s Third Party Interest identified in the TPI Assignment Confirmation Notice will: (i) be a Party to this Contract and (ii) have all the rights and obligations of a CONTRACTOR Entity as of the Effective Date (which for certainty includes the rights and obligations of a CONTRACTOR Entity in connection with the Sarqala-1 well drilling in the Contract Area by WesternZagros Limited prior to the Effective Date) to the extent of its assigned Third Party Interest;

(c) each assignee will be obligated to pay:

(i) the GOVERNMENT, within thirty (30) days following the date of the TPI Assignment Confirmation Notice, an amount equal to the proportion of Petroleum Costs incurred after the Spud Date attributable to the assignee’s Third Party Interest which have been paid by the GOVERNMENT as set forth in the Contractor’s Statement of Estimated Petroleum Costs; and
(d) where a Joint Operating Agreement exists which has been approved by the **GOVERNMENT**, the Third Party Interest Holder is obligated to accede to such Joint Operating Agreement within thirty (30) days following the date of the TPI Assignment Confirmation Notice without any material changes to the terms thereof not agreed by the other **CONTRACTOR** Entities party thereto.

4.25 Each **CONTRACTOR** Entity shall promptly take all actions requested by the **GOVERNMENT** to give effect to the assignment and novations of the **GOVERNMENT**’s Third Party Interest as set forth in a TPI Assignment Confirmation Notice. If the **GOVERNMENT** determines, or an assignee requires, that an agreement or other documentation signed by the **GOVERNMENT** and each **CONTRACTOR** Entity or other Party is desirable to evidence the **GOVERNMENT**’s assignment and novation, each such Party shall promptly execute such documentation within ten (10) days of receipt thereof. If a Party fails to deliver such signed agreement or other documentation in the form required by the **GOVERNMENT** within ten (10) days of receipt thereof, then such Party irrevocably constitutes and appoints the **GOVERNMENT** (or any other Person which at any time during the term of the Contract may be nominated by the **GOVERNMENT**) to act alone, and with full power of substitution, as to such Party’s true and lawful attorney and agent, with full power and authority in its name, place and stead to execute, file and record when as and where required, any and all of such documentation and hereby ratifies such execution, recording and filing. The power of attorney granted by this Article 4.25 is irrevocable and will survive the insolvency, dissolution, winding-up or bankruptcy of such Party and extends to bind such Party’s trustees, administrators, successors and assigns. Each such Party waives any and all defences which may be available to contest, negate or disaffirm the action of the **GOVERNMENT** taken under such power of attorney, provided that the terms of any such documentation do not increase or change any right or obligation of such Party under this Contract, except as required to reflect the additional interests of the Third Party Interest Holder. Each **CONTRACTOR** Entity shall ensure that the authorising resolutions of its board or shareholders, as applicable, specifically authorises the
provision of the power of attorney set forth in this Article 4.25, and shall provide a certified copy of such resolutions on or before the date such CONTRACTOR Entity becomes a Party.

4.26 The payment obligations of the GOVERNMENT and each assignee of the Third Party Interest, and the Contractor’s Statement of Estimated Petroleum Costs, will be subject to applicable audit rights and equitable adjustment based on the results of such audits. If an assignee fails to make any payments to the GOVERNMENT or a CONTRACTOR Entity as contemplated by this Article 4 in connection with an assignment of a Third Party Interest, or if such assignee fails to accede to a Joint Operating Agreement as provided herein, the GOVERNMENT will be entitled, on not less than thirty (30) days’ prior notice, to cancel the assignment of the Third Party Interest to such assignee, with effect from the date of the TPI Confirmation Notice, and such assignee waives and releases and indemnifies the GOVERNMENT and each other Party from any claims, losses, demands, or expenses with respect thereto. [reference to information redacted in 4.22(c) above has been redacted here]

**Government TPI Conversion**

4.27 The provisions of Articles 4.27 through 4.31 only apply if the GOVERNMENT is a Third Party Interest Holder at 12.01 am (Erbil time) on the date which is after the Effective Date (the “TPI Conversion Date”), and only apply in respect of the Third Party Interest which is not identified in a TPI Assignment Confirmation Notice and is held by the GOVERNMENT as of the TPI Conversion Date.

4.28 The right of the GOVERNMENT to assign its Third Party Interest will expire on the TPI Conversion Date.

4.29 The GOVERNMENT’s Third Party Interest as of the TPI Conversion Date is deemed automatically assigned in its entirety, pro rata, as of the TPI Conversion Date, to each of the CONTRACTOR Entities on the TPI Conversion Date (but not including any assignees of the GOVERNMENT’s Third Party Interest in accordance
with Articles 4.1 through 4.25). As of the TPI Conversion Date, each such CONTRACTOR Entity will hold such Third Party Interest with all the rights, duties, obligations and liabilities under this Contract in respect of such Third Party Interest from the Effective Date.

4.30 The provisions of Articles 39.1, 39.2 and 39.3 do not apply to the deemed assignments as set forth in Article 4.29. The GOVERNMENT and each CONTRACTOR Entity is deemed to have: (i) consented to the assignment and novation of the GOVERNMENT’s Third Party Interest to the extent required under Applicable Law to effect the automatic assignment and novation contemplated by Article 4.29, and (ii) agreed to the assumption of all rights, liabilities, and obligations associated therewith.

4.31 As of the TPI Conversion Date, the GOVERNMENT is discharged from any obligation to pay or contribute its share of Petroleum Costs as provided in Article 4.18, and the obligation of the GOVERNMENT is assumed by the CONTRACTOR without any right of contribution by a CONTRACTOR Entity that is an assignee of a Third Party Interest prior to the TPI Conversion Date.

**Charged Interest Conversion**

4.32 Each CONTRACTOR Entity that has been assigned an interest pursuant to Article 4.29 is a Charged Interest Holder. As of the TPI Conversion Date, the whole of the interest held by a Charged Interest Holder is a Charged Interest.

4.33 The provisions of Article 32.6, and other provisions of this Contract related to the Charged Interest, apply to the whole of the Charged Interest.

4.34 Notwithstanding any other provision of this Contract, the Charged Interest Holder will be responsible for seventy-five percent (75%) of any Production Bonus that would, but for this Article 4.34, be attributable to the Charged Interest Holder in accordance with Articles 32.3(a) and 32.4(a).
Joint Operating Agreement

4.35 The CONTRACTOR Entities, or any of them, shall not enter into any Joint Operating Agreement in respect of this Contract except if the terms of such Joint Operating Agreement have been approved by the GOVERNMENT, are in compliance with Applicable Laws of the Kurdistan Region as of the date of the approval by the GOVERNMENT, and does not require the affirmative vote of more than fifty-one per cent (51%) of participating interests of the CONTRACTOR Entities for any decision of any operating committee established under such Joint Operating Agreement.

ARTICLE 5 – OPERATOR

5.1 5.1.1 The CONTRACTOR hereby designates, and the GOVERNMENT approves, WesternZagros Limited to act as the Operator on behalf of the CONTRACTOR for the execution of the Petroleum Operations until the earlier of:

(a) the First Exploration Well Drilling Completion Date;

(b) 31 December 2011; and

(c) the date which is thirty (30) days after the day on which the GOVERNMENT notifies the CONTRACTOR in writing that there has been an Act of Insolvency in respect of WesternZagros Limited;

(such date the “Operatorship Exclusivity End Date”).

5.1.2 On and from the Operatorship Exclusivity End Date, the GOVERNMENT may, at any time, nominate a CONTRACTOR Entity other than WesternZagros Limited to be the Operator. If the GOVERNMENT nominates a CONTRACTOR Entity to be the Operator in accordance with this Article 5.1.2, the CONTRACTOR shall designate that CONTRACTOR Entity as the Operator. The GOVERNMENT may exercise its right to nominate an Operator in accordance with this Article 5.1.2 any number of times.
5.1.3 On and from the Operatorship Exclusivity End Date, if the Government has not nominated a CONTRACTOR Entity to be the Operator in accordance with Article 5.1.2, the CONTRACTOR shall at any time have the right to designate a CONTRACTOR Entity other than WesternZagros Limited as the Operator, upon giving the GOVERNMENT not less than thirty (30) days prior written notice of such appointment.

5.2 The CONTRACTOR shall submit to the GOVERNMENT for approval any agreement to amend any Joint Operating Agreement regarding or regulating the Operator's appointment and its conduct of Petroleum Operations on behalf of the CONTRACTOR pursuant to this Contract prior to execution of such agreement.

5.3 In the event of the occurrence of either of the following at any time, and notwithstanding the provisions of Article 5.1, the GOVERNMENT may require the CONTRACTOR to appoint another entity as Operator as soon as is reasonably practicable:

(a) if an order has been passed in court declaring the bankruptcy, liquidation, or dissolution of the Operator; or

(b) if the CONTRACTOR fails to fulfil its obligations under this Contract.

ARTICLE 6 – TERM OF THE CONTRACT

6.1 This Contract comprises an Exploration Period and a Development Period, as defined below:

Exploration Period

6.2 The Exploration Period shall be for an initial term from the Effective Date until 31 December 2013, extendable (as provided in Articles 6.5 and 6.6) up to a maximum period to 31 December 2014. The initial term shall be subdivided in two (2) sub-periods as follows:

(a) an initial sub-period until 31 December 2011 (“First Sub-Period”); and
(b) a second sub-period of two (2) Contract Years (“Second Sub-Period”) until 31 December 2013,

each a “Sub-Period” and collectively “Sub-Periods”.

It is understood that the right of the CONTRACTOR to accede to the next Sub-Period or any extension thereof pursuant to Article 6.6 shall be subject to fulfilment of the Minimum Exploration Obligations or minimum work obligations applicable to the previous Sub-Period or extension thereof pursuant to Article 6.6 (as the case may be).

6.3 During the Exploration Period, the CONTRACTOR shall pay to the GOVERNMENT, in arrears, an annual surface rental for the Contract Area, as may be reduced by relinquishment from time to time pursuant to Article 7, of [redacted] per square kilometre per calendar year (“Exploration Rental”). Such Exploration Rental shall be considered as a Petroleum Cost and shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.

6.4 If the CONTRACTOR decides not to enter into the Second Sub-Period, it shall notify the GOVERNMENT at least thirty (30) days prior to the expiry of the First Sub-Period and, provided that the data from the First Exploration Well demonstrates that there is no reasonable technical case for drilling the Second Exploration Well in the Contract Area, the Exploration Period shall expire at the end of the First Sub-Period, unless the First Sub-Period has been extended pursuant to Article 6.5 and/or Article 6.6.

6.5 If the CONTRACTOR has fulfilled its Minimum Exploration Obligations for the Second Sub-Period of the Exploration Period but considers that additional work is required prior:

(a) to deciding to submit an Appraisal Work Program and Budget as provided under Article 12.2 in respect of a Discovery, or

(b) to deciding to declare a Discovery as a Commercial Discovery in accordance with Article 12.6(a) or 14.5(a), which additional work may include the preparation and/or execution of an Appraisal Work Program and Budget as provided under Article 12.2 and/or Gas Marketing Operations,
the CONTRACTOR will be entitled to one extension of one (1) Contract Year of the Second Sub-Period, up to the end of the maximum Exploration Period on 31 December 2014 (as provided in Article 6.2), provided the CONTRACTOR drills an additional exploration well during such extension period. The CONTRACTOR’s notification of its intention to exercise such extension and its duration shall be submitted in writing to the GOVERNMENT at least thirty (30) days prior to the end of the Second Sub-Period.

6.6 Without prejudice to Article 6.5, upon expiry of the Exploration Period, if the CONTRACTOR considers it has not completed its exploration evaluation of the Contract Area, the CONTRACTOR will be entitled to an extension of the Second Sub-Period, provided, at least thirty (30) days prior to the end of such Sub–Period, the CONTRACTOR has notified the GOVERNMENT thereof and provided the CONTRACTOR’s proposal for a minimum work obligation for such extension. Any such extension shall not exceed one (1) Contract Year. The right of the CONTRACTOR to receive the extension will be subject to fulfilment of the preceding minimum work obligations.

6.7 Subject to Article 6.4, at any time during the Exploration Period, upon thirty (30) days prior notice to the GOVERNMENT, the CONTRACTOR shall have the right to withdraw from this Contract, provided that the outstanding Minimum Exploration Obligations relating to the then current Sub-Period have been completed in accordance with the Contract, or it has paid to the GOVERNMENT the amounts specified in Article 10.2 or Article 10.3, whichever is applicable, to the then current Sub-Period.

6.8 If no Commercial Discovery has been made at the end of the Exploration Period (including any extensions thereof) this Contract will automatically terminate.

**Use for the Petroleum Operations**

14.1 To take account of specific conditions relating to Natural Gas and to promote its development in the Kurdistan Region, the **GOVERNMENT** will grant specific benefits to the **CONTRACTOR** on principles materially similar to those contained in this Contract, including, consistent with the Kurdistan Region Oil and Gas Law, more
generous provisions in respect of the recovery of Petroleum Costs and the sharing of Profit Petroleum than in respect of Crude Oil.

14.2 The CONTRACTOR may freely use any Natural Gas required for the Petroleum Operations. If technically and economically justified, the CONTRACTOR shall in priority use any Natural Gas for the purpose of enhancing recovery of Crude Oil in accordance with prudent international petroleum industry practice as follows.

**Associated Natural Gas**

14.3 Any excess Associated Natural Gas produced that is neither used in the Petroleum Operations nor developed and sold by the CONTRACTOR shall, upon the GOVERNMENT’s written request, be transferred at the first practicable delivery point as agreed between the Parties, free of charge to the GOVERNMENT. In such case, the GOVERNMENT shall be solely responsible for collecting, treating, compressing and transporting such Natural Gas from such agreed delivery point and shall be solely liable for any additional direct and indirect costs associated therewith. The construction and operation of required facilities as well as the offtake of such excess Associated Natural Gas by the GOVERNMENT shall occur in accordance with prudent international petroleum industry practice and shall not interfere with the production, lifting and transportation of the Crude Oil by the CONTRACTOR. For the avoidance of doubt, all expenditure incurred by the CONTRACTOR up to such agreed delivery point shall be considered Petroleum Costs and shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.

In the event the GOVERNMENT finds a market for Associated Natural Gas, it shall promptly give written notice to the CONTRACTOR, and the CONTRACTOR may elect to participate in supplying such Associated Natural Gas within ninety (90) days following notification thereof by the GOVERNMENT. If the CONTRACTOR elects to participate in supplying Associated Natural Gas to such market, all expenditures associated with any necessary facilities shall be paid for by the CONTRACTOR. For the avoidance of doubt, such expenditure incurred shall be considered Petroleum Costs and shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.
**Non Associated Natural Gas**

14.4 Until an approved Natural Gas sales contract is executed in respect of all volumes of Natural Gas expected to be produced, the **CONTRACTOR** shall be entitled during the Exploration Period and the Development Period to carry out Gas Marketing Operations.

14.5 If, pursuant to Article 12.6(d), the **CONTRACTOR** has determined that the Discovery is a significant Discovery of Non-Associated Natural Gas, which may become a Commercial Discovery subject to Gas Marketing Operations, it shall carry out Gas Marketing Operations, at the end of which it shall submit a written statement to the Management Committee specifying that:

(a) the **CONTRACTOR** has determined that the Discovery is a Commercial Discovery; or

(b) the **CONTRACTOR** has determined that the Discovery is not a Commercial Discovery.

14.6 For the purpose of this Contract, “**Gas Marketing Operations**” means any activity under this Contract relating to the marketing of Non-Associated Natural Gas, including any evaluation to find a commercial market for such Non-Associated Natural Gas and/or to find a commercially viable technical means of extraction of such Non-Associated Natural Gas and may include activities related to evaluating the quantities of Non-Associated Natural Gas to be sold, its quality, the geographic location of potential markets to be supplied as well as evaluating the costs of production, transportation and distribution of the Non-Associated Natural Gas from the Delivery Point to the relevant market.

14.7 All costs and expenditure incurred by the **CONTRACTOR** in the performance of the activities in relation to the Gas Marketing Operations shall be considered Petroleum Costs.

14.8 No later than 1 October of the Calendar Year preceding the Calendar Year in which any Gas Marketing Operations are due to occur, the **CONTRACTOR** shall prepare and submit to the Management Committee its Gas Marketing Work Program and
Budget for the following Calendar Year. To enable the Management Committee to forecast expenditures, the Gas Marketing Work Program and Budget shall include the following:

(a) works to be carried out;

(b) type of services to be provided, distinguishing between third parties and Affiliated companies of any CONTRACTOR Entity; and

(c) categories of general and administrative expenditure.

If any modification to the Gas Marketing Work Program and Budget is requested by the GOVERNMENT, the Management Committee shall meet to discuss the Gas Marketing Work Program and Budget and proposed modifications thereto within sixty (60) days from its receipt of the proposed Gas Marketing Work Program and Budget. The CONTRACTOR shall communicate its comments on any such requested modifications to the GOVERNMENT at the meeting of the Management Committee or in writing prior to such meeting.

14.9 The CONTRACTOR shall be authorised to incur expenditures not budgeted in an approved Gas Marketing Work Program and Budget provided that the aggregate amount of such expenditure shall not exceed ten per cent (10%) of the approved Gas Marketing Work Program and Budget in any Calendar Year and provided further that such excess expenditures shall be reported as soon as reasonably practicable to the Management Committee. For the avoidance of doubt, all excess expenditures shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25, provided that any excess expenditure above the ten per cent (10%) limit shall only be recoverable with the unanimous approval of the Management Committee.

14.10 If any Non-Associated Natural Gas is discovered within the Contract Area, and the CONTRACTOR reasonably considers that the Non-Associated Natural Gas Discovery will only be a Commercial Discovery if certain terms of this Contract are amended, it shall be entitled to request amendments to this Contract, with its reasons. The GOVERNMENT shall in good faith give reasonable consideration to the CONTRACTOR’s proposed amendment and reasons and the Parties shall in good
faith attempt to agree on the necessary amendments to the Contract. If the Parties are unable to agree on such amendments, and the Exploration Period expires without the CONTRACTOR having declared such Discovery to be a Commercial Discovery in accordance with Article 12.6(a) or Article 14.5(a), and subsequently within a period of eight (8) years from the end of such Exploration Period, the GOVERNMENT reaches agreement with any third party to develop such Discovery (the “Gas Development”), then the following provisions shall apply:

(a) either before or upon agreement in relation to the Gas Development having been reached (and whether or not such agreement is recorded in a fully termed production sharing and/or operating or other like agreement), but before such agreement is signed (the “Proposed Contract”) (subject only to the rights of each CONTRACTOR Entity to pre-empt such Proposed Contract pursuant to Article 14.10(b) and such conditions as may be applicable), the GOVERNMENT shall, as soon as reasonably practicable after the occurrence of such circumstances, serve on each of the CONTRACTOR Entities, a notice to that effect and shall with such notice provide such information and main terms of such agreement as the CONTRACTOR Entities may reasonably request to determine if they will exercise their rights (the “Agreed Terms”), including:

(i) the identity of such third party;

(ii) the effective date of the Proposed Contract;

(iii) the applicable commercial terms, including bonuses, royalties, cost recovery, profit sharing, taxation and any other similar terms; and

(iv) all and any material conditions to which the Proposed Contract is subject.

(b) Upon a request from any CONTRACTOR Entity, the GOVERNMENT will provide all the CONTRACTOR Entities with such further information and terms as may be reasonably requested by any CONTRACTOR Entity. Within one hundred and eighty days (180) days after receipt of a notice and
any further information under Article 14.10(a) in relation to a Proposed Contract each of the CONTRACTOR Entities shall elect either:

(i) to enter into the Proposed Contract on the same or substantially similar terms to the Agreed Terms, with the right to cost recover all Petroleum Costs incurred under this Contract against all Petroleum revenues received under the Proposed Contract, up to any cost recovery limits set out therein; or

(ii) to waive the aforesaid right of pre-emption in relation to the Proposed Contract;

and shall serve notice accordingly upon the GOVERNMENT and all the CONTRACTOR Entities and in default of receipt by the GOVERNMENT of any such notice within such period of one hundred and eighty (180) days such CONTRACTOR Entity shall be deemed conclusively to have served a notice electing to waive its aforesaid right of pre-emption in relation to the Proposed Contract.

(c) In the event that more than one of the CONTRACTOR Entities exercises its rights under Article 14.10(b)(i) in relation to the Proposed Contract, then the GOVERNMENT shall transfer or grant each such CONTRACTOR Entity an interest in the Proposed Contract upon the Agreed Terms (in accordance with Article 14.10(b)(i)) in the proportions in which their respective percentage interests bear to the aggregate of their respective percentage interests under the relevant Joint Operating Agreement (as it applied at the end of the Exploration Period) or in such other proportions as such CONTRACTOR Entities shall agree between them.

(d) In the event that one of the CONTRACTOR Entities exercises its rights under Article 14.10(b)(i) in relation to the Proposed Contract then the GOVERNMENT shall transfer or grant the whole of the interest in the Proposed Contract upon the Agreed Terms (in accordance with 14.10(b)(i)) to such CONTRACTOR Entity.
(e) In the event that none of the CONTRACTOR Entities exercises its rights under Article 14.10(b)(i) then the GOVERNMENT may enter into the Proposed Contract on terms no more favourable to its counterparty than the Agreed Terms and, in such case, the aforesaid rights of pre-emption shall thereupon cease to apply in relation to the Proposed Contract.

14.11 If the pre-emption rights in Article 14.10 are not exercised and the GOVERNMENT enters into the Proposed Contract with the third party concerned, the GOVERNMENT will use its best endeavours to avoid any effect which may hamper the Petroleum Operations of the CONTRACTOR while producing Petroleum.

**Flaring**

14.12 Flaring of Natural Gas in the course of activities provided for under this Contract, is prohibited except (i) short-term flaring up to twelve (12) Months necessary for testing or other operational reasons in accordance with prudent international petroleum industry practice (which shall include the flaring of Associated Natural Gas to the extent the CONTRACTOR considers that re-injecting Associated Natural Gas is not justified technically and economically and provided the GOVERNMENT decides not to take such Associated Natural Gas), or (ii) with the prior authorisation of the GOVERNMENT, such authorisation not to be unreasonably withheld or delayed. The CONTRACTOR shall submit such request to the GOVERNMENT, which shall include an evaluation of reasonable alternatives to flaring that have been considered along with information on the amount and quality of Natural Gas involved and the duration of the requested flaring.

**ARTICLE 15 – ACCOUNTING AND AUDITS**

15.1 The CONTRACTOR shall keep in its offices in the Kurdistan Region copies of all books and accounts of all revenues relating to the Petroleum Operations and all Petroleum Costs (the “Accounts”), except during the Exploration Period, when the CONTRACTOR shall be entitled to keep the Accounts at its headquarters Abroad. The Accounts shall reflect in detail expenditure incurred as a function of the
quantities and value of Petroleum produced, and shall be kept for a period of five (5) years. All Accounts which are made available to the GOVERNMENT in accordance with the provisions of this Contract shall be prepared in the English language. The Accounts shall be kept in accordance with prudent international petroleum industry practice and in accordance with the provisions of the Accounting Procedure. The Accounts shall be kept in Dollars, which shall be the reference currency for the purposes of this Contract.

15.2 Within ninety (90) days following the end of each Calendar Year, the CONTRACTOR shall submit to the GOVERNMENT a summary statement of all Petroleum Costs incurred during the said Calendar Year. The summary statement shall also include a profit calculation pursuant to the provisions of Article 26.

15.3 The GOVERNMENT shall have the right:

(a) to request an audit of the Accounts with respect to each Calendar Year within a period of five (5) Calendar Years following the end of such Calendar Year (the “Audit Request Period”); and

(b) to retain an auditor of international standing familiar with international petroleum industry accounting practice to undertake or assist the GOVERNMENT to undertake the audit.

Notwithstanding paragraphs (a) and (b) of this Article 15.3, the GOVERNMENT shall have the right to audit the Accounts with respect to each Calendar Year at any time in the case of manifest error or fraud. Stipulated Sunk Block Costs are not subject to audit.

15.4 The reasonable cost of retaining an auditor pursuant to Article 15.3 shall be borne by the CONTRACTOR and treated as a Petroleum Cost for the purpose of cost recovery under Articles 1 and 25.

15.5 During the Audit Request Period for any Calendar Year but not thereafter, the GOVERNMENT, acting reasonably and in accordance with prudent international petroleum industry practice, may request in writing all reasonably available information and justifications for its audit of Petroleum Costs.
15.6 Should the GOVERNMENT consider, on the basis of data and information available, that the CONTRACTOR made a material mistake or there is any irregularity in respect of the Accounts and considers that any corrections, adjustments or amendments should be made, the GOVERNMENT shall make any audit exceptions in writing and notified to the CONTRACTOR within six (6) Months of the date of request referred to in Article 15.3, and failure to give such written exception within such time shall be deemed to be an acknowledgement of the correctness of the CONTRACTOR’s Accounts.

15.7 In respect of any audit exception made by the GOVERNMENT in accordance with Article 15.6, the CONTRACTOR shall then have sixty (60) days to make necessary corrections, adjustments or amendments or to present its comments in writing or request a meeting with the GOVERNMENT. The GOVERNMENT shall within thirty (30) days of the CONTRACTOR’s response, notify the CONTRACTOR in writing of its position on the corrections, adjustments, amendments or comments. If thereafter there still exists a disagreement between the GOVERNMENT and the CONTRACTOR, the dispute will be settled in accordance with Article 15.9.

15.8 In addition to the annual statements of Petroleum Costs as provided in Article 15.2, the CONTRACTOR shall provide the GOVERNMENT with such production statements and reports, as required pursuant to Article 16.3.

15.9 Any dispute between the Parties under this Article 15 that cannot be settled amicably within sixty (60) days of the GOVERNMENT’s final notice under Article 15.7, may be submitted to an expert on the request of either the GOVERNMENT or the CONTRACTOR in accordance with the provisions of Article 42.2. Notwithstanding the provisions of Article 42, in this specific instance the decision of the expert shall not necessarily be final and either Party may decide to submit the matter to arbitration in accordance with the provisions of Article 42.1.

In such event, the GOVERNMENT shall grant an extension of the Development Period of any Production Area so affected for a reasonable period of time in order to produce
the Petroleum which would otherwise have already been produced, had the MER for the individual wells and Reservoir of the Petroleum Field been maintained.

Any property rights shall be acquired by and recorded in the name of the **GOVERNMENT**, but the **CONTRACTOR** shall be entitled free use of the land or property for the Petroleum Operations for the entire duration of this Contract.

The amount of the compensation in Article 17.2(a) shall be fair and reasonable, in accordance with Article 29 of the Kurdistan Region Oil and Gas Law, and shall take into account the rights of the owner and any effective use of the land or property by its owner at the time of occupation by the **CONTRACTOR**. If the construction, operation and maintenance of such facilities by the **GOVERNMENT** results in increased cost or expense for the **CONTRACTOR** then, for the avoidance of doubt, such cost and expense shall be considered Petroleum Costs and shall be
recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.

17.8 Upon request of the CONTRACTOR, the GOVERNMENT shall prohibit the construction of residential or commercial buildings in the vicinity of facilities used for the Petroleum Operations that may be declared dangerous due to the Petroleum Operations and to prohibit any interference with the use of any facilities required for the Petroleum Operations.

The GOVERNMENT agrees
not to transfer or otherwise dispose of any of such Assets without the

23.2 The CONTRACTOR shall give due consideration to the secondment of GOVERNMENT personnel to the CONTRACTOR and of the CONTRACTOR’s personnel to the GOVERNMENT during the various phases of the Petroleum Operations. Terms and conditions for such secondment shall be mutually agreed by the Parties, and any costs associated therewith shall be considered Petroleum Costs and shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.

23.3 Each CONTRACTOR Entity and its Affiliates and Subcontractors shall have the right to hire foreign personnel whenever the personnel from the Kurdistan Region and other parts of Iraq do not have the requisite technical capability, qualifications or experience for positions to be filled as required pursuant to Article 23.1. In the event any such foreign personnel and/or a member of their family engage in activities or commit acts which breach Kurdistan Region Law, the CONTRACTOR shall, at the request of the Management Committee, take the necessary steps to repatriate such individual(s).

23.4 For the first five (5) Contract Years following 31 December 2011, the CONTRACTOR shall provide $250,000 in advance each Contract Year to the GOVERNMENT for the recruitment or secondment of personnel, whether from the Kurdistan Region other parts of Iraq or Abroad, to the Ministry of Natural Resources. The selection of such personnel shall be at the discretion of the Minister of Natural Resources. Such costs shall be considered as Petroleum Costs and shall be recoverable in accordance with the provisions of Articles 1 and 25.

Training

23.5 In a planned way, in accordance with the provisions of this Article 23.5 and Articles 23.6 and 23.7, the CONTRACTOR shall train all its personnel from the Kurdistan Region and other parts of Iraq directly or indirectly involved in the Petroleum Operations for the purpose of improving their knowledge and professional
qualifications in order that such personnel gradually reach the level of knowledge and professional qualification held by the CONTRACTOR Entities’ foreign workers with an equivalent résumé. Such training shall also include the transfer of knowledge of petroleum technology and the necessary management experience so as to enable the personnel from the Kurdistan Region and other parts of Iraq to apply advanced and appropriate technology in the Petroleum Operations, to the extent permitted by Applicable Law and agreements with third parties, and subject to appropriate confidentiality agreements.

23.6 In addition to the requirements of Article 23.1, the recruitment, integration and training of the CONTRACTOR Entities’ personnel from the Kurdistan Region and other parts of Iraq shall be planned, which plans shall be submitted to the Management Committee for its approval. The training plan shall take into consideration the requirements of Article 23.5 and may include training for the GOVERNMENT’s personnel, depending on the extent to which the amount allocated to the training plan, as prescribed by Article 23.7, is available after taking into consideration the training of the CONTRACTOR Entities’ Kurdistan Region and other Iraqi personnel.

Within ninety (90) days of the Effective Date, the CONTRACTOR shall submit to the Management Committee a proposed training plan for the remainder of the Calendar Year. Thereafter, no later than 1 October in each Calendar Year, the CONTRACTOR shall submit a proposed training plan to the Management Committee for the following Calendar Year.

23.7 The training plan referred to in Article 23.6 shall provide for the allocation to the GOVERNMENT of the amount of $150,000 in advance for each Contract Year during the Exploration Period following 31 December 2011 and $300,000 in advance for each Contract Year during the Development Period.

23.8 Each CONTRACTOR Entity shall be responsible for the training costs which it may incur in respect of the personnel it employs from the Kurdistan Region and other parts of Iraq. All such reasonable costs shall be considered as Petroleum Costs and shall be
recoverable in accordance with the provisions of Articles 1 and 25. Costs incurred by the CONTRACTOR for training programs for the GOVERNMENT’s personnel shall be borne by the CONTRACTOR only to the extent that they are included in the CONTRACTOR’s training plan, pursuant to Article 23.6 and shall also be considered as Petroleum Costs and shall be recoverable in accordance with the provisions of Articles 1 and 25. The cost of all other training programs for the GOVERNMENT’s personnel shall be the GOVERNMENT’s responsibility.

The Environment Fund

23.9 The CONTRACTOR shall contribute the amount of $150,000 in advance each Contract Year during the Exploration Period following 31 December 2011 and $300,000 in advance for each Contract Year during the Development Period into the environment fund established by the GOVERNMENT for the benefit of the natural environment of the Kurdistan Region, pursuant to the Kurdistan Region Oil and Gas Law (the “Environment Fund”). Such amounts shall be deemed to be Petroleum Costs and shall be recoverable in accordance with Articles 1 and 25.

23.10 Any expenditure incurred by the CONTRACTOR under this Article 23 shall be considered Petroleum Costs and shall be recoverable in accordance with Articles 1 and 25.

Technological and Logistical Assistance

23.11 Before the end of the first Contract Year, the CONTRACTOR shall provide to the GOVERNMENT such technological and logistical assistance to the Kurdistan Region petroleum sector, including geological computing hardware and software and such other equipment as the Minister of Natural Resources may request, up to the value of $250,000. The form of such assistance shall be mutually agreed by the Parties, any costs associated therewith shall be considered Petroleum Costs, and such Petroleum Costs shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.
ARTICLE 24 – ROYALTY

24.1 The CONTRACTOR shall pay to the GOVERNMENT a portion of Petroleum produced and saved from the Contract Area, as provided in this Article 24 (the “Royalty”).

24.2 The Royalty shall be applied on all Petroleum produced and saved from the Contract Area which is Crude Oil or Non-Associated Natural Gas, except for Petroleum used in Petroleum Operations, re-injected in a Petroleum Field, lost, flared or for Petroleum that cannot be used or sold and such Crude Oil and Non-Associated Natural Gas (excluding the excepted Petroleum) shall be referred to collectively as “Export Petroleum” and separately and respectively as “Export Crude Oil” and “Export Non-Associated Natural Gas”.

24.3 If payable in cash, the amount of the Royalty calculated by applying the Royalty rates provided under Article 24.4 shall be paid by the CONTRACTOR as directed by the GOVERNMENT, in accordance with Article 24.7.

If payable in kind, the quantity of Export Petroleum corresponding to the Royalty and calculated by applying the Royalty rates provided under Article 24.4 shall be delivered in kind by the CONTRACTOR to the GOVERNMENT at the Delivery Point. Title and risk of loss of the Royalty paid in kind shall be transferred at the Delivery Point.

Unless the GOVERNMENT requires the Royalty to be paid in kind, by giving the CONTRACTOR not less than ninety (90) days prior written notice prior to the commencement of the relevant Quarter, the GOVERNMENT shall be deemed to have elected to receive the Royalty in full and in cash for the relevant Quarter.

24.4 The Royalty due on any Export Petroleum produced and saved in the Contract Area shall be determined daily by applying the following relevant Royalty rate, to the Export Crude Oil or to the Export Non-Associated Natural Gas (as the case may be) produced and saved on that day:

(a) For Export Crude Oil:
the Royalty rate for Export Crude Oil shall be ten per cent (10%), which, for
the avoidance of doubt, shall apply regardless of the gravity of the oil; and

(b) **For Export Non-Associated Natural Gas:**

the Royalty rate for Export Non-Associated Natural Gas shall be ten per cent (10%).

24.5 Associated Natural Gas and any other Petroleum shall be exempt from any Royalty.

24.6 If, pursuant to Article 24.3, the **GOVERNMENT** receives the Royalty in kind, and
pursuant to Article 28, the **GOVERNMENT** requests assistance for the sale of all or
part of the Royalty received in kind, each **CONTRACTOR** Entity shall assist the
**GOVERNMENT** in selling all or part of such Royalty received in kind (belonging to
the **GOVERNMENT**) in consideration of a commission per Barrel payable to such
**CONTRACTOR** Entity, in accordance with Article 28.

24.7 If, pursuant to Article 24.3, the **GOVERNMENT** receives the Royalty in cash:

(a) any Export Crude Oil shall be valued at the International Market Price
obtained at the Delivery Point, as defined in Article 27.2;

(b) any Export Non-Associated Natural Gas shall be valued at the actual price
obtained at the Delivery Point under an approved contract, as provided in
Article 27.3;

(c) the **CONTRACTOR** shall pay such Royalty each Quarter, in arrears, within
thirty (30) days of the end of each Quarter, and shall calculate the payment
due for the relevant Quarter by reference to the price for the Export Petroleum
at the Delivery Point, determined in accordance with paragraphs (a) and (b)
above, and the Royalty due on the Export Petroleum, determined in
accordance with Article 24.4, for the said Quarter; and

(d) the **CONTRACTOR** Entities shall be entitled to export freely the volume of
Export Petroleum corresponding to the Royalty determined in accordance with
Article 24.4 for the purpose of paying the Royalty in cash.
ARTICLE 25 – RECOVERY OF PETROLEUM COSTS

25.1 All Export Crude Oil produced and saved from the Contract Area shall, after deduction of any quantities of Export Crude Oil due for Royalty pursuant to Article 24, be considered as “Available Crude Oil”.

All Associated Natural Gas produced and saved from the Contract Area, except for Associated Natural Gas which is used in Petroleum Operations, re-injected in a Petroleum Field, lost, flared or cannot be used or sold, shall be considered as “Available Associated Natural Gas”.

All Export Non-Associated Natural Gas produced and saved from the Contract Area shall, after deduction of any quantities of Export Non-Associated Natural Gas due for Royalty pursuant to Article 24, be considered as “Available Non-Associated Natural Gas”.

25.2 For the purpose of this Article 25:

(a) any Available Crude Oil shall be valued at the International Market Price obtained at the Delivery Point, as defined in Article 27.2; and

(b) any Available Associated Natural Gas and any Available Non-Associated Natural Gas shall be valued at the actual price obtained at the Delivery Point under an approved contract, as provided in Article 27.3.

25.3 Subject to the provisions of this Contract, from the First Production in the Contract Area, the CONTRACTOR shall at all times be entitled to recover all Petroleum Costs incurred under this Contract, of up to forty-five per cent (45%) of Available Crude Oil (which, for the avoidance of doubt, shall apply regardless of the gravity of the oil) and Available Associated Natural Gas, produced and saved within any Calendar Year. Available Crude Oil above this percentage or otherwise not used for the recovery of Petroleum Costs shall be Profit Crude Oil.
25.4 Subject to the provisions of this Contract, from First Production in the Contract Area, the CONTRACTOR shall at all times be entitled to recover all Petroleum Costs incurred under this Contract of up to fifty-five per cent (55%) of Available Non-Associated Natural Gas produced and saved within any Calendar Year. Available Non-Associated Natural Gas above this percentage or otherwise not used for the recovery of Petroleum Costs shall be Profit Natural Gas.

25.5 For the application of Article 25.3 and 25.4, the CONTRACTOR shall keep a detailed account of Petroleum Costs in accordance with the provisions detailed in the Accounting Procedure. Recovery of Petroleum Costs shall occur in the following order:

(a) Production Costs;

(b) Exploration Costs (including appraisal costs and further exploration within the Contract Area);

(c) Gas Marketing Costs;

(d) Development Costs; and

(e) Decommissioning Costs.

25.6 Total recovery of Petroleum Costs during any Calendar Year, expressed in quantities of Petroleum, shall not exceed the relevant percentages indicated in Articles 25.3 and 25.4. If in any Calendar Year, the Available Crude Oil and/or Available Non-Associated Natural Gas do not allow the CONTRACTOR to recover all its Petroleum Costs pursuant to this Article 25, the amount of un-recovered Petroleum Costs in such Calendar Year shall be carried forward indefinitely to the subsequent Calendar Years until all Petroleum Costs are fully recovered, but, save as provided in Articles 14.10 and 38.4, in no other case after the termination of the Contract.

25.7 The provisions of Articles 27.5 and 27.6 shall be applied to determine the quantities of Available Crude Oil and/or Available Non-Associated Natural Gas due to the CONTRACTOR for the recovery of its Petroleum Costs.
25.8 The quantities of Petroleum corresponding to the share of Available Petroleum due to the CONTRACTOR for the recovery of its Petroleum Costs shall be delivered to the CONTRACTOR at the Delivery Point. Title and risk of loss of such Available Petroleum shall be transferred at the Delivery Point.

25.9 Each CONTRACTOR Entity shall be entitled to receive, take in kind and to export freely all Available Petroleum to which it is entitled for recovery of its Petroleum Costs in accordance with the provisions of this Contract and to retain Abroad any proceeds from the sale of all such Available Petroleum. Petroleum Costs in each Production Area shall be recoverable from Available Petroleum from that Production Area.

25.10 Subject to Article 38.4, for the avoidance of doubt, Petroleum Costs under this Contract are not recoverable against other contract areas held by the CONTRACTOR.

ARTICLE 26 – SHARING OF PROFIT PETROLEUM

26.1 Under this Contract,

(a) “Profit Petroleum” means Profit Crude Oil and Profit Natural Gas;

(b) “Profit Crude Oil” means the quantities of Available Crude Oil and Available Associated Natural Gas produced from the Production Area, after the recovery of Petroleum Costs, in accordance with Articles 1 and 25; and

(c) “Profit Natural Gas” means the quantities of Available Non-Associated Natural Gas produced from the Production Area, after the recovery of Petroleum Costs in accordance with Articles 1 and 25.

26.2 From First Production and as and when Petroleum is being produced, the CONTRACTOR shall be entitled to take a percentage share of Profit Crude Oil and/or Profit Natural Gas, in consideration for its investment in the Petroleum Operations, which percentage share shall be determined in accordance with Article 26.5. The GOVERNMENT or any other holder of all or any part of the Government
Interest is entitled to be attributed and allocated a percentage share of Profit Petroleum in accordance with the participating interest of the Government Interest.

26.3 To determine the percentage share of Profit Crude Oil and/or Profit Natural Gas to which the CONTRACTOR and the GOVERNMENT or any other holder of all or any part of the Government Interest is entitled, the “R” Factor shall be calculated in accordance with Article 26.4. The calculation of the R Factor will apply to all Production Areas in the Contract Area for until a new R Factor calculation has been made in accordance with clause 26.4.

26.4 The “R” Factor shall be calculated as follows:

\[ R = \frac{X}{Y} \]

where:

\( X \) is equal to Cumulative Revenues actually received by the CONTRACTOR;

\( Y \) is equal to Cumulative Costs actually incurred by the CONTRACTOR.

For the purpose of this Article 26.4:

“**Cumulative Revenues**” means total Revenues, as defined below, received by the CONTRACTOR until the end of the relevant Semester, determined in accordance with Article 26.7.

“**Revenues**” means the total amount actually received by the CONTRACTOR for recovery of its Petroleum Costs and its share of Profit Petroleum in the Contract Area.

“**Cumulative Costs**” means all Petroleum Costs in the Contract Area, actually incurred by the CONTRACTOR until the end of the relevant Semester, determined in accordance with Article 26.7.

Notwithstanding the foregoing provisions of this Article 26.4, for the period from First Production until the end of the Calendar Year in which First Production occurs, the “R” Factor shall be deemed to be less than one (1).
26.5 The share of Profit Petroleum to which the CONTRACTOR shall be entitled from First Production is:

(a) for Profit Crude Oil, equal to the quantities of Petroleum resulting from the application of the relevant percentage as indicated below to the daily volume of production of Profit Crude Oil within the Contract Area at the corresponding Delivery Point:

<tr>

and

(b) for Profit Natural Gas, equal to the quantities of Non-Associated Natural Gas resulting from the application of the relevant percentage as indicated below to the daily volume of production of Profit Natural Gas within the Contract Area at the corresponding Delivery Point:

</tbody>
</table>

26.5.1 Profit Petroleum which is attributed and allocated neither to the CONTRACTOR or GOVERNMENT as holder of the Government Interest, or any other holder of the Government Interest in accordance with clause 26.5 is to be attributed and allocated to the GOVERNMENT.

26.6 The CONTRACTOR’s accounting shall account separately for all components for the calculation of “X” and “Y” values in the formula provided in Article 26.4.
26.7 For each Semester, starting from the 1st of January of the Calendar Year following the Calendar Year in which First Production occurs, the CONTRACTOR shall calculate the “R” Factor applicable to the relevant Semester within thirty (30) days of the beginning of such Semester. The “R” Factor to be applied during a Semester shall be that determined by applying the Cumulative Revenues actually received and the Cumulative Costs actually incurred up to and including the last day of the preceding Semester.

If the CONTRACTOR is unable to calculate the “R” Factor for the relevant Semester before an allocation of Profit Petroleum for such Semester must be made, then the allocation of Profit Petroleum for the previous Semester shall be used for the relevant Semester. Upon the calculation of the “R” Factor for the relevant Semester:

(a) if the allocation of Profit Petroleum in the previous Semester and the relevant Semester is the same, then no adjustment shall be made; and

(b) if the allocation of the Profit Petroleum in the two Semesters is different, then the CONTRACTOR shall make any adjustments to the Parties’ respective shares of Profit Petroleum to restore them to the position that they would have been in had the “R” Factor for the relevant Semester been available from the start of such Semester.

26.8 If at any time an error occurs in the calculation of the “R” Factor, resulting in a change in the CONTRACTOR’s percentage share of Profit Crude Oil and/or Profit Natural Gas, the necessary correction shall be made and any adjustments shall apply from the Semester in which the error occurred. The Party having benefited from a surplus of Profit Petroleum shall surrender such surplus to the other Party, beginning from the first day of the Semester following the Semester in which the error was recognised. However, each lifting of Petroleum relating to such error by the Party receiving the surplus shall not exceed twenty-five per cent (25%) of the share of Profit Petroleum to which such surrendering Party is entitled. For the avoidance of doubt, if at any time an error occurs in the calculation of the “R” Factor, which does not result in a change in the CONTRACTOR’s percentage share of Profit Crude Oil and/or Profit Natural Gas, no correction shall be made.
26.9 The CONTRACTOR shall deliver the quantities of Profit Petroleum to which the GOVERNMENT and each CONTRACTOR Entity are entitled at the Delivery Point.

The quantity of Profit Petroleum to which the GOVERNMENT is entitled is:

(a) the share of Profit Petroleum to which the GOVERNMENT is entitled in any Calendar Year in accordance with Article 26.5; and

(b) (notwithstanding any other provision of this Contract, any lifting agreement, any sales or marketing agreement, or any other agreement), three per cent (3%) of the share of Profit Petroleum attributable to the WesternZagros Interest; so that the WesternZagros Interest Holders are only entitled to ninety-seven per cent (97%) of the share of Profit Petroleum attributable to the WesternZagros Interest.

The CONTRACTOR shall ensure that all agreements in respect of the lifting or sale of Petroleum reflect the GOVERNMENT’s rights as set forth in this Article 26.9.

Notwithstanding the other provisions of this Article 26.9, where a Charged Interest Holder is in breach of any of its obligations in respect of the payment of Capacity Building Payment Instalments under Article 32.6, the GOVERNMENT will have the rights set forth in Articles 32.6.6 through 32.6.8.

26.10 Title and risk of loss of Profit Petroleum pass to the GOVERNMENT and the CONTRACTOR Entities at the Delivery Point. The GOVERNMENT and each CONTRACTOR Entity will be entitled to receive, take in kind and to export freely its share of Profit Petroleum in accordance with the provisions of this Contract and to retain Abroad any proceeds from the sale of all such Profit Petroleum.

26.11 The share of the Profit Petroleum to which the GOVERNMENT is entitled in any Calendar Year in accordance with Article 26.5 will be deemed to include a portion representing the corporate income tax imposed upon and due by each CONTRACTOR Entity, and which will be paid directly by the GOVERNMENT on behalf of each such entity representing the CONTRACTOR to the appropriate tax authorities in accordance with Article 31.2. The GOVERNMENT shall provide the
CONTRACTOR Entities with all written documentation and evidence reasonably required by the CONTRACTOR Entities to confirm that such corporate income tax has been paid by the GOVERNMENT.

26.12 At least twenty-one (21) days prior to CONTRACTOR’s estimated date of First Production and, subsequently, thirty (30) days prior to the beginning of each Semester, the CONTRACTOR shall prepare and deliver to the GOVERNMENT a production program comprising the production forecast for the next Semester and the forecast of the quantities of Crude Oil and Natural Gas to which each Party shall be entitled during the said Semester.

26.13 Within ninety (90) days following the end of each Calendar Year, the CONTRACTOR shall prepare and deliver an annual production report to the GOVERNMENT, stating the quantities of Crude Oil and Natural Gas to which each Party is entitled, the quantities of Crude Oil and Natural Gas lifted by each Party and the resulting over-lift or under-lift position of each Party, pursuant to the lifting agreement entered into pursuant to Article 16.14.

26.14 Any costs or expenditure incurred by the CONTRACTOR, its Subcontractors or suppliers relating to the lifting of the GOVERNMENT’s share of Petroleum by the CONTRACTOR shall not be considered Petroleum Costs and shall be charged to the GOVERNMENT according to terms to be mutually agreed between the CONTRACTOR and the GOVERNMENT.

ARTICLE 27 – VALUATION AND METERING OF CRUDE OIL AND NATURAL GAS

Valuation

27.1 For the purpose of this Contract, any Crude Oil produced in the Contract Area shall be valued at the end of each Quarter (and, where there is a Charged Interest Holder, each Month) at the Delivery Point based on the International Market Price, as defined in Article 27.2.
27.2 The “International Market Price” referred to in Article 27.1 shall be the weighted average price per Barrel, expressed in Dollars, obtained by the CONTRACTOR at the Delivery Point, by netback if necessary, during the Quarter (and where there is a Charged Interest Holder, the Month) ending on the date of valuation for Arm's Length Sales of Crude Oil.

The CONTRACTOR shall provide evidence to the GOVERNMENT that the sales of Crude Oil referred to in Article 27.2 are Arm’s Length Sales. If the GOVERNMENT considers that any such sale of Crude Oil is not on the basis of an Arm’s Length Sale then the GOVERNMENT has the right to refer the matter to an expert pursuant to Article 42.2.

In the event that there is no lifting of Crude Oil in the relevant Quarter (and where there is a Charged Interest Holder the relevant Month), or no Arm’s Length Sales, the applicable “International Market Price” for such Quarter shall be the weighted average price per Barrel obtained during that Quarter and Month from Arm’s Length Sales of Crude Oil of the same or similar gravity and quality from other production areas sold in markets competing with Crude Oil produced from the Contract Area, taking into account gravity and quality differences and transportation and other post Delivery Point costs.

To determine such price, the Parties shall, prior to the commencement of Production, agree on a basket of Crude Oil comparable to those produced in the Contract Area and sold in the international market. Prices obtained shall be adjusted to account for any variations such as quality, specific gravity, sulphur content, transportation costs, product yield, seasonal variations in price and demand, general market trends and other terms of sale.

27.3 The price of Natural Gas shall be the actual price obtained at the Delivery Point, (which may take into account quantities to be sold, quality, geographic location of markets to be supplied as well as costs of production, transportation and distribution of Natural Gas from the Delivery Point to the relevant market, in accordance with standard international petroleum industry practice). The GOVERNMENT shall have the right to review and approve Natural Gas sales contracts.
27.4 By the tenth (10th) day of each Month, the CONTRACTOR shall provide a statement to the GOVERNMENT showing the CONTRACTOR’s calculations of the value of Petroleum produced and sold from the Contract Area for the previous Month. Such statement shall include the following information:

(a) quantities of Crude Oil sold by the CONTRACTOR Entities during the preceding Month constituting Arm’s Length Sales together with corresponding sale prices;

(b) quantities of Crude Oil sold by the CONTRACTOR Entities during the preceding Month that do not fall in the category referred to in paragraph (a) above, together with sale prices applied during such Month;

(c) inventory in storage belonging to the CONTRACTOR Entities at the beginning and at the end of the Month; and

(d) quantities of Natural Gas sold by the CONTRACTOR Entities and the GOVERNMENT together with sale prices realised.

Where there is a Charged Interest Holder, the CONTRACTOR shall deliver, concurrently with the delivery of the monthly statement, the Charged Interest Holders Monthly Statement to the GOVERNMENT as provided in Article 32.6.2(a).

27.5 All Export Petroleum shall be metered at the Delivery Point in accordance with prudent international petroleum industry practice and such meters shall be to fiscal meter standards. All metering equipment shall be installed and operated by the CONTRACTOR. The GOVERNMENT shall, on receipt by the CONTRACTOR of reasonable prior written notice, have the right to inspect any such metering equipment installed by the CONTRACTOR, as well as all relevant documents and supporting information reasonably necessary to validate the accuracy of such metering. All metering equipment shall be subject to periodic technical inspections in accordance with prudent international petroleum industry practice.
27.6 If any metering equipment is defective, the CONTRACTOR shall use all reasonable endeavours to repair it within fifteen (15) days or, if deemed necessary by the CONTRACTOR, replace it as soon as reasonably practicable from the date the defect became known. The “Adjustment Date” shall be the last date that the metering equipment was known or agreed to have been measuring correctly, or if not known or agreed, the date that is midway between the date the defect was discovered and the last date the equipment was known to have measured correctly. The results from the defective equipment shall be disregarded for the period from the Adjustment Date until the date the defective equipment is repaired or replaced and the measurement for such period shall be estimated:

(a) if check measuring equipment is installed and registering accurately, then by using the measurements recorded by such check measuring equipment;

(b) if check measuring equipment is not installed or not registering accurately, then by correcting the error if the percentage of error is ascertainable by verification, calibration or mathematical calculation; or

(c) if neither method is feasible, then by estimating the volume and/or quantity delivered based on deliveries during the preceding comparable period of time when the metering equipment was registered accurately.

27.7 Any disputes arising under this Article 27 shall be settled by expert determination in accordance with the provisions of Article 42.2.

ARTICLE 28 – SALE OF GOVERNMENT SHARE

Upon the GOVERNMENT’s prior written notice of at least ninety (90) days, each CONTRACTOR Entity shall provide all reasonably necessary assistance to the GOVERNMENT for the sale of all or part of the quantities of Crude Oil to which the GOVERNMENT is entitled, in consideration of a sales commission per Barrel to be established with reference to prudent international petroleum practice and to be mutually agreed upon between the Parties.

29.3 Any payment due by the **GOVERNMENT** to a **CONTRACTOR** Entity may be offset against future payments due by such **CONTRACTOR** Entity to the **GOVERNMENT**, or paid in Dollars to the bank account designated by the **CONTRACTOR** Entity in writing and shall be paid within thirty (30) days of the date of invoice, after which interest compounded monthly at the rate of LIBOR plus two (2) percentage points shall be applied.
29.4 Any currency conversion to be made under this Contract shall be at the exchange rate of the Central Bank of Iraq, provided such exchange rate applied to the CONTRACTOR Entities shall not be less favourable than the rate offered by other private, commercial or industrial banks in the international market. In the absence of the Central Bank of Iraq or in the event that the Central Bank of Iraq is unable to provide the relevant exchange rate, any currency conversion to be made under this Contract shall be at the exchange rate of a reputable commercial bank carrying on business in the international market and approved by the Parties.

29.5 The CONTRACTOR shall not realise any gain or loss due to exchange rate fluctuations and, consequently, any gain or loss resulting from the exchange of currency shall be either considered as revenue and credited to the Accounts or shall be considered as a Petroleum Cost and shall be recoverable by the CONTRACTOR in accordance with Articles 1 and 25, as the case may be.

29.6 Each CONTRACTOR Entity shall at all times be entitled to freely convert into Dollars or any other foreign currency any Iraqi dinars received in the framework of the Petroleum Operations and to freely transfer the same Abroad. The conversion rate shall be as provided under Article 29.4.

29.13 For the financing of Petroleum Operations, each CONTRACTOR Entity shall have the right to have recourse to external financing from third parties or from its Affiliated Companies on an arm’s length basis.

**Capacity Building Payments**

32.6 The provisions of this Article 32.6 are not triggered and do not apply unless, on the TPI Conversion Date, the GOVERNMENT is a Third Party Interest Holder, and the assignments contemplated by Article 4.29 occur. If the provisions of this Article 32.6 have been triggered and are applicable, each Charged Interest Holder is bound by the provisions of this Article 32.6.

32.6.1 The obligations of a CONTRACTOR Entity, to the extent it is a Charged Interest Holder, as set forth in this Article 32.6, attach to, and may not be severed from, the Charged Interest.

32.6.2 In respect of the Capacity Building Payment Instalments:

(a) on or before the tenth (10th) day of each Month in the Development Period, the CONTRACTOR shall provide to the GOVERNMENT, together with the monthly production statement prepared by the CONTRACTOR in accordance with Article 27.4 and Paragraph 6.1, and the monthly valuation statement in accordance with Article 25 and Paragraph 7.1, a statement (the “Charged Interest Holders Monthly Statement”) setting out the CONTRACTOR’s calculation of the Capacity Building Value attributable to each Charged Interest Holder for the preceding Month. In each Charged Interest Holders Monthly Statement, the CONTRACTOR shall detail each item taken into account in making its calculation of the amounts due from each Charged Interest Holder, the quantities of Profit Petroleum produced
during the Month covered by such Charged Interest Holders Monthly Statement, the volumes of such production sold, the Capacity Building Value attributed to such sales, and the Capacity Building Payment Instalments required to be paid with respect thereto by each Charged Interest Holder;

(b) on the same date on which the CONTRACTOR provides the Charged Interest Holders Monthly Statement to the GOVERNMENT in accordance with Article 32.6.2(a), each Charged Interest Holder shall pay (except as provided in the next sentence) the Capacity Building Payment Instalment as shown as owed by such Charged Interest Holder in the Charged Interest Holders Monthly Statement. If:

(1) a Charged Interest Holder has sold its Profit Petroleum to (i) the GOVERNMENT or a Public Company (or a company or an entity owned and controlled, directly or indirectly, by a Public Company or the GOVERNMENT), (ii) the State Oil Marketing Organisation (SOMO) or any entity owned and controlled by the Government of Iraq; and if

(2) any such counterparty as identified in (1) has not paid the Charged Interest Holder for the Petroleum lifted by such entity, then:

(3) the Charged Interest Holder is only obligated to pay the Capacity Building Payment when, if, and to the extent the Charged Interest Holder has received payment by such counterparty. The preceding sentence does not apply with respect to, and to the extent of, sales of a Charged Interest Holder’s Profit Petroleum to any other counterparties;

(c) within thirty (30) calendar days following the date on which the CONTRACTOR delivered the Final End-of-Year Statement to the GOVERNMENT for each Calendar Year in accordance with Article 26.13 and Paragraph 10, and based on the information in such Final
End-of-Year Statement, the **CONTRACTOR** shall provide to the **GOVERNMENT**, in respect of each Charged Interest Holder, a written reconciliation of the aggregate amount of the Capacity Building Value and the aggregate payments of the Capacity Building Payment Instalments during such Calendar Year period (the “**Annual Reconciliation Statement**”);

(d) if the results of an Annual Reconciliation Statement show that a Charged Interest Holder has, in the aggregate over the Calendar Year period covered by the Annual Reconciliation Statement, made Capacity Building Payment Instalments in an amount less than the aggregate Capacity Building Value attributed to such Charged Interest Holder during such Calendar Year period, such Charged Interest Holder shall pay (subject to the same exception as provided in the second and third sentences of Article 32.6.2(b)) the amount of the underpayment as shown in the Annual Reconciliation Statement within thirty (30) calendar days following the same date the **CONTRACTOR** delivered the Annual Reconciliation Statement to the **GOVERNMENT**;

(e) if the results of an Annual Reconciliation Statement show that a Charged Interest Holder has, in the aggregate over the Calendar Year period covered by the Annual Reconciliation Statement, made Capacity Building Payment Instalments in excess of the Capacity Building Value attributed to it during such Calendar Year period, and if and to the extent the **GOVERNMENT** has agreed with the **CONTRACTOR** and the affected Charged Interest Holder in respect of the amount of such overpayment, such Charged Interest Holder may deduct such overpayment to the extent that the **GOVERNMENT** has agreed with the amount of such overpayment from the next following payments of Capacity Building Payment Instalments. In no event will a Charged Interest Holder be entitled to deduct more than fifteen per cent (15%) of the amount otherwise payable from the next following payments of Capacity Building Payment Instalments. The right of set-
off against Capacity Building Payment Instalments will be a Charged Interest Holder’s only remedy in respect of any overpayment, and the GOVERNMENT will have no obligation to make any reimbursement or other compensating payments to the Charged Interest Holder;

(f) if a Charged Interest Holder fails to pay all or part of a Capacity Building Payment when due, the Charged Interest Holder shall pay interest on the unpaid amount at an annual rate of LIBOR plus two per cent (2%) compounded monthly from and including the date the payment was due to, but not including, the date paid; and

(g) if any Capacity Building Payment is due to be paid to the GOVERNMENT on a day that is either not a banking day in either the place where the Capacity Building Account is maintained, or the location of the financial institution through which a Charged Interest Holder will make such payment, then the Capacity Building Payment will be due on the next following banking day. A “banking day” is a day (other than a Saturday, Sunday, or public holiday) on which banks are open for general business in the specified locations.

**Capacity Building Account**

32.6.3 The GOVERNMENT shall:

(a) establish and maintain the Capacity Building Account; and

(b) deposit all Capacity Building Payments received by the GOVERNMENT into the Capacity Building Account.

**Rights Sale**

32.6.4 The GOVERNMENT may enter into a Rights Sale without the consent of the CONTRACTOR or any CONTRACTOR Entity.

**Separate Liability**
32.6.5 Each Charged Interest Holder is separately liable (and not jointly and severally liable with any other Charged Interest Holder) to the GOVERNMENT for its obligations, duties and liabilities under this Article 32.6. A CONTRACTOR Entity that is not a Charged Interest Holder will have no liability to the GOVERNMENT for any claim by the GOVERNMENT arising out of or related to the breach of any Charged Interest Holder’s obligations under this Article 32.6.

Breach; Indemnity

32.6.6 (a) If a Charged Interest Holder fails to pay a Capacity Building Payment in full when due, the GOVERNMENT will, notwithstanding any other provision of this Contract, any lifting agreement, any sales or marketing agreement, or any other agreement, automatically be entitled, on not less than sixty (60) days prior notice to the defaulting Charged Interest Holder and the CONTRACTOR in the case of the first default, and not less than thirty (30) days in the case of any subsequent default, to:

(1) lift, at the Delivery Point or at such other point as the GOVERNMENT may decide, up to twenty-five per cent (25%) of such defaulting Charged Interest Holder’s Profit Petroleum; and

(2) continue to lift up to twenty-five per cent (25%) of such defaulting Charged Interest Holder’s Profit Petroleum for the remainder of the Development Period.

(b) A defaulting Charged Interest Holder will have a single cure period of thirty (30) days only in respect of its first default. If the defaulting Charged Interest Holder pays the defaulted Capacity Building Payments in full plus interest in accordance with Article 32.6.2(f) in such thirty (30) day period, the GOVERNMENT shall not exercise its lifting rights under this Article 32.6.6 in respect of such defaulting Charged Interest Holder. In the case of any subsequent default, the
GOVERNMENT may exercise its right to lift whether or not the defaulting Charged Interest Holder cures its default in the thirty (30) day notice period.

32.6.7 The lifting rights of the GOVERNMENT pursuant to Article 32.6.6 are exercisable by way of set-off, without first resort to legal process, and without any liability or claims of the defaulting Charged Interest Holder, the CONTRACTOR, the Operator, or any other Person, and regardless of any provisions of any lifting agreement or provision of a joint operating agreement or any other agreement to which the CONTRACTOR or a defaulting Charged Interest Holder is a party. The CONTRACTOR shall ensure that all agreements in respect of the lifting or sale of Petroleum reflect the GOVERNMENT’s priority rights as set forth in Article 32.6.6 and this Article 32.6.7.

32.6.8 (a) A defaulting Charged Interest Holder shall indemnify the GOVERNMENT from any Loss or Expense (as defined in Article 32.6.8(c), below) that may in any way arise from the exercise by the GOVERNMENT of its rights in respect of such defaulting Charged Interest Holder under Articles 32.6.6 and 32.6.7.

(b) The GOVERNMENT will retain control over the defence of, and any resolution or settlement relating to, such Loss or Expense. A defaulting Charged Interest Holder shall cooperate with the GOVERNMENT and provide reasonable assistance in defending any claims against the GOVERNMENT.

(c) “Loss or Expense” means any liability, loss, claim, settlement payment, cost and expense, interest, award, judgment, damages (including punitive damages), diminution in value, fees or other charge and, to the extent permitted by Applicable Law, any court filing fee, court cost, arbitration fee or cost, witness fee, and each other fee and cost of investigating and defending or asserting a claim for indemnification, including attorneys’ fees, other professionals’ fees,
and disbursements; but does not include consequential damages. A claim set forth in a notice from the GOVERNMENT to a defaulting Charged Interest Holder will be conclusively deemed a Loss or Expense if the Charged Interest Holder fails to dispute the GOVERNMENT’s liability by the end of a thirty (30) day period following the effective date of the notice from the GOVERNMENT. The Charged Interest Holder shall promptly pay the deemed Loss or Expense on demand.

32.6.9 The GOVERNMENT’s rights under Articles 32.6.6 through 32.6.8 are not exclusive and are without prejudice to the GOVERNMENT’s termination rights under Article 45.

Payments; No Set-off or Deduction

32.6.10 Except as provided in Article 32.6.2(e) and notwithstanding any provision in this Contract to the contrary, each Charged Interest Holder shall pay all Capacity Building Payments without (and free and clear of any deduction for) set-off or counterclaim.

32.6.11 Each Charged Interest Holder acknowledges and accepts that a fundamental principle of this Article 32.6 is that such Charged Interest Holder must pay the Capacity Building Payments owed by it as and when required. Accordingly, in respect of its obligations under this Article 32.6 only and except as provided in Article 32.6.2(e), each Charged Interest Holder hereby waives any right to raise by way of set off or invoke as a defence to its obligations to pay Capacity Building Payments pursuant to this Article 32.6, whether in law or equity, any failure by the GOVERNMENT or any CONTRACTOR Entity to pay amounts due and owing under the Contract or any alleged claim that such Charged Interest Holder may have against the GOVERNMENT, Operator, other CONTRACTOR Entity, or any other Person, whether such claim arises under or relates to this Contract or otherwise.
32.6.12 Each Charged Interest Holder shall make Capacity Building Payments to the GOVERNMENT by wire transfer of immediately available funds in Dollars in accordance with wire instructions provided by the GOVERNMENT. The making of any payments by a Charged Interest Holder under this Article 32.6, or the acceptance or use of any payments by the GOVERNMENT, does not impair the rights of such Charged Interest Holder or the GOVERNMENT under Article 15. Any dispute between the GOVERNMENT and a Charged Interest Holder in respect of the calculation of each of the Capacity Building Value and the Capacity Building Payment due with respect thereto is subject to Article 15.9.

**Assignment, Reversion**

32.6.13 (a) If a Charged Interest Holder assigns and novates all or any part of its Charged Interest, the assignee will be a Charged Interest Holder to the extent of such assignment and novation.

(b) If (i) a Charged Interest Holder withdraws as a CONTRACTOR Entity, or (ii) the GOVERNMENT terminates a Charged Interest Holder as a CONTRACTOR Entity; and if in the cases of clauses (i) or (ii) all or part of the Charged Interest of the Charged Interest Holder is either assigned and novated or reverts to the remaining CONTRACTOR Entities as provided in Article 45, then, in either such case, such assignee or each remaining CONTRACTOR Entity, as the case may be, will be a Charged Interest Holder to the extent of such assignment and novation or reversion, as applicable, provided that the withdrawing or terminating Charged Interest Holder will be solely liable for any unpaid Capacity Building Payments attributable to its Charged Interest prior to the date of withdrawal or termination.

**Bonus Recovery and Payment**

32.7 No bonus or other payment pursuant to this Article 32 will be recoverable as a Petroleum Cost.
32.8 Payment by the **CONTRACTOR** of any bonus or payment due pursuant to this Article 32 shall be made in Dollars by wire transfer to a specified bank account of the **GOVERNMENT**.

**ARTICLE 33 – PIPELINES**

33.2 The **GOVERNMENT** undertakes to transfer to the **CONTRACTOR** its rights for transportation of Petroleum by pipeline. The **CONTRACTOR** shall have the right to design, construct, operate and maintain pipelines and any related facilities for the transportation of Petroleum produced under this Contract.

33.4 Subject to spare capacity being available and to their Petroleum being compatible, third parties shall be entitled to transport their Petroleum through any pipeline constructed by the CONTRACTOR in accordance with this Article 33 on terms to be agreed between the CONTRACTOR and such third party. Those terms shall be reasonable commercial terms and shall not discriminate among third party users. The CONTRACTOR shall always have priority of access to such pipelines.

33.5 To the extent that they are incurred upstream of the Delivery Point, any costs associated with the design, construction, operation and maintenance of the pipelines and related facilities by CONTRACTOR under this Article 33 (“Pipeline Costs”) shall be considered Petroleum Costs and shall be recoverable by the CONTRACTOR in accordance with the provisions of Articles 1 and 25.

33.6 The CONTRACTOR shall have the absolute right, without any exceptions and for the entire duration of this Contract, to use, free of charge, any pipeline and related facilities constructed by CONTRACTOR under this Article 33 and to transport Petroleum produced from any Production Area and to operate and maintain any pipeline and its related facilities, freely and without any additional costs.

33.7 To the extent related to transportation upstream of the Delivery Point, any tariffs received from third parties for use of any pipeline and related facilities by CONTRACTOR under this Article 33 shall be applied to the recovery of Petroleum Costs until all Pipeline Costs have been fully recovered by the CONTRACTOR pursuant to the provisions of Articles 1 and 25 and shall not be included in income for corporate income tax purposes. The GOVERNMENT shall be entitled to receive any such tariffs from third parties for their use of such pipeline and related facilities when the said Pipeline Costs have been fully recovered by the CONTRACTOR. The costs associated with providing such transportation services for third parties up to the Delivery Point shall be considered Pipeline Costs and therefore Petroleum Costs

In the event that the Minister of Natural Resources decides the unitisation pursuant to Article 47, Paragraph Third of the Kurdistan Region Oil and Gas Law, and if the CONTRACTOR does not agree with the decision of the Minister of Natural Resources, the CONTRACTOR shall be entitled to arbitration pursuant to the provisions of Article 42.1.

The GOVERNMENT will retain control over the defence of, and any resolution or settlement relating to, such loss or damage. The CONTRACTOR shall cooperate with the GOVERNMENT and provide reasonable assistance in defending any claims against the GOVERNMENT. A claim set forth in a notice from the GOVERNMENT to the CONTRACTOR will be conclusively deemed an indemnifiable loss, damage, or expense. 39.1 Each CONTRACTOR Entity shall be free to sell, assign, transfer or otherwise dispose of all or part of its rights, obligations and interests under this Contract to an Affiliated Company or to another CONTRACTOR Entity with the prior consent of the GOVERNMENT, which consent shall not be unreasonably delayed or withheld.

Assignment to Third Parties

39.2 Articles 39.2 through 39.6 do not apply to the extent provided in Articles 4.6 through 4.11, Article 32.6, and Article 45.6. Except as provided in those Articles, each CONTRACTOR Entity shall have the right to sell, assign, transfer or otherwise dispose of all or part of its rights and interests under this Contract to any Person (other than an Affiliated Company or another CONTRACTOR Entity) only with the prior consent of the GOVERNMENT, and each CONTRACTOR Entity (if any), which consent shall not be unreasonably delayed or withheld. Any CONTRACTOR Entity proposing to sell, assign, transfer or otherwise dispose of all or part of its rights and interests under this Contract which requires the consent of the GOVERNMENT shall request such consent in writing and provide reasonable evidence of the technical and financial capability of the proposed assignee.

39.3 In order for any deed of sale, assignment, transfer or other disposal as provided under Articles 39.1 or 39.2 to be effective, the Parties (other than a Public Company as a holder of a Government Interest) and the relevant assignee, shall enter into a binding
and enforceable instrument of assignment and novation governed by English Law, which shall include an undertaking by the assignee to fulfil the obligations under this Contract which correspond to the assigned interest.

39.4 By way of clarification, and not in limitation of the foregoing provisions of this Article 39, the GOVERNMENT shall not be considered to be acting unreasonably in withholding consent to any such assignment if the assignment to such proposed assignee is deemed contrary to the GOVERNMENT's interests, as evidenced in writing to that effect signed by the duly authorised representative of the GOVERNMENT below.

39.5 In the event a CONTRACTOR Entity assigns or in any other way transfers its rights and interests under this Contract, including through the exercise of the Option of Third Party Participation, whether in whole or in part, such assignment or transfer shall not give rise to any Tax, including on the consideration paid or received or on the income or gain therefrom.

39.6 The GOVERNMENT may not transfer any or all its rights and obligations under this Contract to any Person, including to a Public Company or any other company or entity, except in accordance with Article 4 and Article 32.6.

Change of Control

39.7 "Change of Control" for the purpose of this Article 39.7 means any direct or indirect change of the identity to the Person who Controls a CONTRACTOR Entity (whether through merger, sale of shares or of other equity interests, or otherwise) through a single transaction or series of transactions, from one or more transferors to one or more transferees, in which the market value of such entity’s participating interest (which shall be as specified in the Joint Operating Agreement relating to this Contract) or where there is only one CONTRACTOR Entity, one hundred percent (100%) in this Contract represents more than seventy five per cent (75%) of the aggregate market value of the assets of such entity and its Affiliates that are subject to the Change in Control. For the purpose of this definition: "Control" means the direct or indirect ownership or control of the majority of the voting rights of the applicable entity at its shareholders’ meetings or their equivalent; and "market value" shall be
determined based upon the amount in cash a willing buyer would pay a willing seller in an Arm’s Length transaction.

Each CONTRACTOR Entity which is or anticipates with a reasonable degree of certainty that it will be subject to a Change in Control, other than to an Affiliated Company or a CONTRACTOR Entity, shall notify the GOVERNMENT as soon as practicable after it becomes aware of the Change in Control or anticipated Change in Control and request the consent of GOVERNMENT, which consent shall not be unreasonably delayed or withheld. For the avoidance of doubt any change in control of a publicly listed Affiliate of a Contractor Entity shall not constitute a Change of Control under the terms of this Contract.

A Change in Control shall not give rise to any Tax including on the consideration paid or received or on the income or gain therefrom.

ARTICLE 40 – FORCE MAJEURE

40.1 No delay, default, breach or omission of the CONTRACTOR in the execution of any of its obligations under this Contract shall be considered a failure to perform this Contract or be the subject of a dispute if such delay, default, breach or omission is due to a case of Force Majeure. In such event the CONTRACTOR shall promptly notify the GOVERNMENT in writing and take all reasonably appropriate measures to perform its obligations under this Contract to the extent possible. The time resulting from any such delay or curtailment in the execution of such obligations, increased by the time necessary to repair any damage resulting from or occurred during such delay or curtailment, shall be added to any time period provided under this Contract (including the Exploration Period and any extension thereto, any Sub-Period and any extension thereto and any Development Period and any extension thereto). The Parties shall meet as soon as possible after the notification of Force Majeure with a view to using reasonable endeavours to mitigate the effects thereof.

40.2 “Force Majeure” means any event that is unforeseeable, insurmountable and irresistible, not due to any error or omission by the CONTRACTOR but due to
circumstances beyond its control, which prevents or impedes execution of all or part of its obligations under this Contract. Such events shall include the following:

40.3 The intention of the Parties is that Force Majeure shall receive the interpretation that complies most with prudent international petroleum industry practice. Force Majeure affecting a CONTRACTOR Entity or an Affiliated Company of a CONTRACTOR Entity shall be deemed Force Majeure affecting the CONTRACTOR if the
consequence of such Force Majeure prevents the performance of any of the CONTRACTOR’s obligations under this Contract.

ARTICLE 41 – WAIVER OF SOVEREIGN IMMUNITY

41.1 Each Party fully and irrevocably waives any claim to immunity for itself or any of its assets.

This waiver includes any claim to immunity from:

Subject to the provisions of Article 42.2, a Party who desires to submit a Dispute for resolution which has not been promptly resolved as aforesaid shall commence the dispute resolution process by providing the other parties to the Dispute written notice of the Dispute (“Notice of Dispute”). The Notice of Dispute shall identify the parties to the Dispute, shall contain a brief statement of the nature of the Dispute and the relief requested and shall request negotiations among Senior Representatives.

(iii) In any event, the two arbitrators so appointed shall, in good faith, use all reasonable endeavours to agree on the appointment of the third
arbitrator, who will chair the arbitral tribunal. In case of failure to appoint an arbitrator or to agree on the appointment of the third arbitrator, Rules of the LCIA shall apply.

(iv) The seat of the arbitration shall be in London, England. The language to be used in any prior negotiation, mediation and in the arbitration shall be English. During the arbitration procedure and until the arbitral decision, the Parties shall continue to perform their obligations and take no actions that would impair the Contract. The arbitral award may be enforced by any court of competent jurisdiction, including in the Kurdistan Region. Any award shall be expressed in Dollars.

(v) The Parties agree that the arbitral award shall be final and not subject to any appeal, including to the Courts of England on issues of Law.

(vi) With respect to any matter referred to arbitration under Article 43.4, the arbitral tribunal shall have the authority to amend this Contract to restore the economic position referred to in Article 43.3.

**Expert Determination**

42.2 Any disagreement between the Parties relating to Articles 15.9, 27.2 and 27.7, as well as any disagreement the Parties agree to refer to an expert, shall be submitted to an expert. The Management Committee shall prepare and agree appropriate terms of reference relating to a disagreement to be submitted to the expert, in accordance with Article 8.5 ("Terms of Reference"), as soon as possible after the Effective Date.

(a) The disagreement shall be submitted to an expert appointed by mutual agreement of the Parties within thirty (30) days following the date of preparation and agreement of the Terms of Reference by the Management Committee. If the Parties cannot agree on the choice of the expert within such thirty (30) day period, at the request of either Party, the expert shall be appointed by the President of the Energy Institute in London, England. Any expert appointed must have the necessary qualifications for reviewing and deciding on the subject matter of the disagreement.
(b) The duties of the expert shall be stated in the Terms of Reference prepared and agreed by the Management Committee. The Management Committee shall promptly provide the expert with the agreed Terms of Reference relating to the disagreement. Each Party shall have the right to give to the expert in writing any information which it considers useful, provided it does so within forty-five (45) days after the expert’s appointment. Such information shall be provided to the other Party at the same time and such other Party shall be entitled to provide comments on such information to the first Party and the expert within thirty (30) days after receiving such information. 42.3 No negotiation, mediation, arbitration or expert determination procedure under this Article 42 shall exempt the Parties from fulfilling their respective legal and/or contractual obligations.

ARTICLE 43 – GOVERNING LAW, FISCAL STABILITY, AMENDMENTS AND VALIDITY

Governance Law

43.1 This Contract, including any dispute arising therefrom, thereunder or in relation thereto and the agreement to arbitrate in Article 42, shall be governed by English law (except any rule of English law which would refer the matter to another jurisdiction), together with any relevant rules, customs and practices of international law, as well as
by principles and practice generally accepted in petroleum producing countries and in the international petroleum industry.

This Article 43.1 does not apply to any dispute arising out of, or relating to, the obligations of a Party or the exercise of rights by the GOVERNMENT as set forth in Articles 4.24 and 4.25, which shall be governed by Kurdistan Region Law.

**Fiscal Stability**

43.2 The obligations of the CONTRACTOR in respect of this Contract shall not be changed by the GOVERNMENT and the general and overall equilibrium between the Parties under this Contract shall not be affected in a substantial and lasting manner.

43.3 The GOVERNMENT guarantees to the CONTRACTOR, for the entire duration of this Contract, that it will maintain the stability of the legal, fiscal and economic conditions of this Contract, as they result from this Contract and as they result from the Laws of the Kurdistan Region in force on the date of this Contract. The CONTRACTOR has entered into this Contract on the basis of the legal, fiscal and economic framework prevailing at the Effective Date. If, at any time after the Effective Date, there is any change in the legal, fiscal and/or economic framework under the Laws of the Kurdistan Region or other Laws applicable in or to the Kurdistan Region which detrimentally affects the CONTRACTOR, the CONTRACTOR Entities or any other Person entitled to benefits under this Contract, the terms and conditions of the Contract shall be altered so as to restore the CONTRACTOR, the CONTRACTOR Entities and any other Person entitled to benefits under this Contract to the same overall economic position (taking into account home country taxes) as that which such Person would have been in, had no such change in the legal, fiscal and/or economic framework occurred.

43.4 If the CONTRACTOR believes that its economic position, or the economic position of a CONTRACTOR Entity or any other Person entitled to benefits under this Contract, has been detrimentally affected as provided in Article 43.3, upon the CONTRACTOR’s written request, the Parties shall meet to agree on any necessary measures or making any appropriate amendments to the terms of this Contract to re-
establishing the equilibrium between the Parties and restoring the CONTRACTOR, the CONTRACTOR Entities or any other Person entitled to benefits under this Contract to the position (taking into account home country taxes) it was in prior to the occurrence of the change having such detrimental effect. Should the Parties be unable to agree on the merit of amending this Contract and/or on any amendments to be made to this Contract within ninety (90) days of the CONTRACTOR’s request (or such other period as may be agreed by the Parties), the CONTRACTOR may refer the matter in dispute to arbitration as provided in Article 42.1, without the necessity of first referring the matter to negotiation and mediation.

43.5 Without prejudice to the generality of the foregoing, the CONTRACTOR shall be entitled to the benefit of any future changes to the petroleum legislation or any other legislation complementing, amending or replacing it.

43.6 The Parties agree to cooperate in all possible ways with a view to fully achieving the objectives of this Contract. The GOVERNMENT shall facilitate the performance of the Petroleum Operations by promptly granting to the CONTRACTOR any necessary authorisation, permit, licence or access right and making available any existing facilities and services with a view to the Parties obtaining maximum mutual benefit from the Contract.

Amendments

43.7 Any amendment to this Contract shall be the subject of a formal amendment, duly approved in writing by the Parties and subject to the same conditions of validity as this Contract. Notwithstanding the foregoing, the GOVERNMENT has the right and authority to waive the application of the provisions of this Contract on a case-by-case basis without having to fulfil the conditions of validity of this Contract, should the CONTRACTOR so request.

43.8 This Contract and the Letter of Representations constitute the entire agreement of the Parties and supersedes any and all prior understandings or agreements in respect of the subject matter of this Contract.
43.9 Unless otherwise expressly stated elsewhere in this Contract, no failure or delay of any Party to exercise any right, power or remedy under this Contract shall operate as a waiver thereof; nor shall any single or partial exercise of any such right, power or remedy preclude any other or future exercise thereof or the exercise of any other right, power or remedy.

then, on not less than thirty (30) days’ prior notice to the CONTRACTOR, the GOVERNMENT may terminate this Contract. Any final determination, judgment, sanction, or conviction (not subject to further appeal on the issue), including under a consent order in which there is a finding or admission of guilt, of a judicial or regulatory authority in Iraq, Canada, England, The Netherlands or Cyprus with jurisdiction over a CONTRACTOR Entity or an Affiliate of such CONTRACTOR Entity, will be conclusively determinative. Unless the GOVERNMENT has cancelled a notice of termination, this Contract will be terminated as of end of such thirty (30) day notice period.

**Force Majeure**

45.4 The CONTRACTOR is not entitled to claim Force Majeure as a consequence of the GOVERNMENT’s exercise of its rights under this Article 45, and no obligation of the CONTRACTOR will be tolled as a consequence of any Dispute with respect to the GOVERNMENT’s exercise of its rights under this Article 45.
Other Grounds for Termination

45.5 45.5.1 The **GOVERNMENT** may terminate this Contract, on not less than ninety (90) days’ prior notice, if the **CONTRACTOR**:

(a) fails to meet a material financial obligation expressly stated in this Contract; or

(b) during the First Sub-Period does not carry out drilling and seismic acquisition, as detailed in Article 10.2 or, during the Second Sub-Period (or earlier), does not carry out drilling and seismic acquisition, as detailed in Article 10.3; or

(c) interrupts Production for a period of more than ninety (90) consecutive days with no cause or justification acceptable in accordance with this Contract or under prudent international petroleum industry practice, it being recognised that Force Majeure is an acceptable justification for such interruptions; or

(d) intentionally extracts or produces any mineral which is not covered by the object of this Contract, unless such extraction or production is expressly authorised or unavoidable as a result of operations carried out in accordance with prudent international petroleum industry practice; or

(e) refuses to abide by negotiation, mediation, arbitration or expert decision under Article 42.

45.5.2 If, within the ninety (90) day notice period, the **CONTRACTOR** has either remedied the default identified in such notice to the satisfaction of the **GOVERNMENT**, or the **GOVERNMENT** has agreed another remedy with the **CONTRACTOR**, including compensation, the **GOVERNMENT** shall cancel such notice of termination.

45.5.3 If, within such ninety (90) day notice period, the conditions set forth in Article 45.5.2 have not been satisfied, the **GOVERNMENT** may, on not less than
thirty (30) days’ notice, terminate the Contract, and, unless such notice is cancelled by the GOVERNMENT before the end of such thirty (30) day period, this Contract will be terminated as of the termination date set forth in the notice from the GOVERNMENT.

**Act of Insolvency**

45.6.1 Where the CONTRACTOR comprises only WesternZagros Limited, the GOVERNMENT may terminate the Contract on not less than fourteen (14) days’ notice to WesternZagros Limited if there occurs, in relation to WesternZagros Limited, an Act of Insolvency, unless, within such fourteen (14)-day period, the GOVERNMENT cancels its notice. A termination of the Contract in accordance with this Article 45.6.1 is effective on and from the date on which WesternZagros Limited obtained knowledge of the Act of Insolvency. In a notice provided to WesternZagros Limited in accordance with this Article 45.6.1, the GOVERNMENT is not obliged to specify the date on which the termination of the Contract is effective.

45.6.2 Where the CONTRACTOR comprises more than one CONTRACTOR Entity and WesternZagros Limited is one such CONTRACTOR Entity, the rights and interests of WesternZagros Limited will be automatically assigned and novated to the GOVERNMENT on not less than fourteen (14) days notice from the GOVERNMENT to WesternZagros Limited, and for no consideration, if there occurs, in relation to WesternZagros Limited an Act of Insolvency, unless, within such fourteen (14) day period, the GOVERNMENT cancels its notice.

An assignment and novation of the Contract in accordance with this Article 45.6.2 is automatically effective on and from the date on which WesternZagros Limited obtained knowledge of the Act of Insolvency. In a notice provided to WesternZagros Limited in accordance with this Article 45.6.2, the GOVERNMENT is not obliged to specify the date on which the assignment and novation is effective.

*Power of Attorney*
45.6.3 Each **CONTRACTOR** Entity shall promptly take all actions requested by the **GOVERNMENT** to give effect to:

(a) an automatic termination of the Contract in accordance with Article 45.6.1; and

(b) an automatic assignment and novation in accordance with Article 45.6.2.

If the **GOVERNMENT** determines that an agreement or other documentation signed by the **GOVERNMENT** and each **CONTRACTOR** Entity or other Party is desirable to evidence an assignment and novation to the **GOVERNMENT** in accordance with this Article 45.6.3, each such Party shall promptly execute such documentation within ten (10) days of receipt thereof. If a Party fails to deliver such signed agreement or other documentation in the form required by the **GOVERNMENT** within ten (10) days of receipt thereof, then such Party irrevocably constitutes and appoints the **GOVERNMENT** (or any other Person which at any time during the term of the Contract may be nominated by the **GOVERNMENT**) to act alone, and with full power of substitution, as to such Party’s true and lawful attorney and agent, with full power and authority in its name, place and stead to execute, file and record when as and where required, any and all of such documentation and hereby ratifies such execution, recording and filing. The power of attorney granted by this Article 45.6.3 is irrevocable and will survive the insolvency, dissolution, winding-up or bankruptcy of such Party and extends to bind such Party’s trustees, administrators, successors and assigns. Each such Party waives any and all defences which may be available to contest, negate or disaffirm the action of the **GOVERNMENT** taken under such power of attorney, provided that the terms of any such documentation do not increase or change any right or obligation of such Party under this Contract, except as required to effect the assignment referred to in Article 45.6.2. Each **CONTRACTOR** Entity shall ensure that the authorising resolutions of its board or shareholders, as applicable, specifically authorises the provision of the power of attorney set forth in this Article 45.6.3, and shall provide a certified copy of such
resolutions on or before the date such CONTRACTOR Entity becomes a Party.

Change of Control and Assignment, Expiration

45.7 The rights and interests of an individual CONTRACTOR Entity will be automatically terminated, without prior notice from the GOVERNMENT, if such CONTRACTOR Entity: (i) is subject to a Change of Control for which the GOVERNMENT has not given its authorisation in accordance with Article 39.7; or (ii) has made an assignment of all or part of its interests hereunder without the prior consent of the GOVERNMENT in accordance with Article 39 (including under any provision of a joint operating agreement).

45.8 This Contract will terminate as provided in Article 6 and Article 7.

Consequences of Termination

45.9 Upon termination or expiration of this Contract:

(a) the CONTRACTOR (and each CONTRACTOR Entity) will no longer have, as of the effective date of such termination, any further rights and interests under this Contract;

(b) all accrued rights and liabilities of the CONTRACTOR and of each CONTRACTOR Entity will survive.

(c) the provisions of Articles 14.10, 16.7, 30, 31, 35.1, 35.3, 35.4, 35.7, 36, 38.2(c), 41, 42, 43.1 to 43.6 and 45.6.3 will survive the termination or expiry of this Contract.

45.10 If the GOVERNMENT terminates the undivided interests of a CONTRACTOR Entity, but not the Contract, and there are remaining CONTRACTOR Entities:
(a) such terminated CONTRACTOR Entity will no longer have, as of the effective date of such termination, any further rights and interests under this Contract;

(b) all accrued rights and liabilities of such terminated CONTRACTOR Entity will survive; and

(c) as to and in respect of such terminated CONTRACTOR Entity, the provisions of Articles 14.10, 16.7, 30, 31, 35.1, 35.3, 35.4, 35.7, 36, 38.2(c), 41, 42, 43.1 to 43.6 and 45.6.3 will survive the termination or expiry of this Contract.

45.11 If the undivided interests of a CONTRACTOR Entity (or of CONTRACTOR Entities) are terminated, but the Contract is not terminated and there are remaining CONTRACTOR Entities, the GOVERNMENT may offer, on not less than fifteen (15) days’ prior notice from the GOVERNMENT to the other CONTRACTOR Entities, to assign and novate such terminated CONTRACTOR Entity’s participating interest, or any part thereof, to the remaining CONTRACTOR Entities on such terms and in such amounts as the GOVERNMENT may determine. The GOVERNMENT has no obligation to make such allocation and may retain the terminated interest, provided that the GOVERNMENT will use reasonable endeavours to find a new buyer for such interests.

45.12 No assignment, novation, transfer, or other disposition of a terminated CONTRACTOR Entity’s undivided interests to another CONTRACTOR Entity pursuant to this Article 45 will be a taxable event under Applicable Law as to the CONTRACTOR Entity receiving the undivided interests of a terminated CONTRACTOR Entity.

45.13 Neither the GOVERNMENT nor any CONTRACTOR Entity will assume any liabilities, obligations, or duties of a terminated CONTRACTOR Entity in respect of the terminated CONTRACTOR Entity’s undivided interest arising or accrued prior to the latter of (i) the effective date of the termination of such CONTRACTOR Entity and (ii) in the case of assignment and novation to the remaining CONTRACTOR Entities, the effective date of the reassignment and redistribution of
the terminated CONTRACTOR Entity’s interests to another CONTRACTOR Entity. The GOVERNMENT will in no circumstances assume accrued liabilities, obligations, or duties of a terminated CONTRACTOR Entity in respect of the terminated CONTRACTOR Entity’s undivided interest, whenever arising or accrued. All accrued liabilities will remain the sole obligation of the terminated CONTRACTOR Entity.

45.14 Nothing in this Article 45 limits or impairs a Party’s rights under the Laws governing this Contract in respect of termination.
